of the Oklahoma State Regents for Higher Education to approve or disapprove an issue of revenue bonds by institutions of higher learning or a component thereof; providing for codification of said new section; making provisions of act severable; and declaring an emergency.

Be it enacted by the people of the State of Oklahoma:

SECTION 1. Section 1002 of Chapter 396, O. S. L. 1965, as amended by Section 1 of Chapter 14, O. S. L. 1968 (70 O. S. Supp. 1969, § 4002), is amended to read as follows:

§ 4002. (a) For the purpose of paying all or part of the cost of acquisition of any such lands, rights-of-way, easements, licenses and permits and the construction, acquisition, equipment and furnishing of any such building or buildings or structure or structures, plants or systems, or of any additions, improvements, or extensions thereto, or any additions to existing buildings, the Board of Regents of the institution for which such buildings, structures, plants or systems (all of which lands, rights-of-way, easements, licenses and permits, buildings, structures, plans and systems constructed, acquired, added to, improved or extended hereunder as a single project are hereafter referred to as "the building") are to be constructed, acquired, added to, improved, extended, furnished or equipped (which Board of Regents or each of them is hereinafter referred to as "the board") is authorized to borrow money on the credit of the income and revenues to be derived from the operation of the building, together with the income and revenue derived from any existing revenue-producing building or facility or facilities and, in anticipation of the collection of such income and revenues, to issue negotiable bonds in such amount as may in the opinion of the board be necessary for such purposes, and is authorized to provide for the payment of such bonds and the rights of the holders thereof as hereinafter provided. Such bonds may be issued in one or more series, may bear such date or

dates, may mature at such time or times not exceeding forty (40) years from their date, may be in such denomination or denominations, may be in such form, either coupon or registered, may carry such registration and conversion privileges, may be executed in such manner, may be payable in such medium of payment at such place or places, may be subject to such terms of redemption with or without premium, and may bear such rate or rates of interest, not exceeding **[six percent (6%)]** EIGHT PERCENT (8%) per annum, as may be provided by resolution or resolutions adopted by the board. AFTER APPROVAL OF AN ISSUE BY A MAJORITY OF THE MEMBERSHIP OF THE OKLAHOMA STATE REGENTS FOR HIGHER EDUCATION, MADE HEREBY A REQUISITE OF VALIDITY THEREOF, **[Such]** SUCH bonds may be sold in such manner and at such price or prices at not less than par plus accrued interest to date of delivery, as may be considered by the board to be advisable, but interest cost to maturity for any bonds issued hereunder shall not exceed **[six percent (6%)]** EIGHT PERCENT (8%) per annum, computed on the basis of average maturities according to standard tables of bond values. Bonds payable to bearer shall have all the qualities and incidents of negotiable papers.

(b) The board may in any resolution authorizing bonds hereunder provide for the initial issuance of one or more bonds (in this section called "bond") aggregating the amount of the entire issue and make such provision for installment payments of the principal amount of any such bond as it may consider desirable, and may provide for the making of any such bond payable to bearer or otherwise, registrable as to principal or as to both principal and interest, and where interest accruing thereon is not represented by interest coupons, for the endorsing of payments of interest on such bond. The board may further make provision in any such resolution for the manner and circumstances in and under

which any such bond may in the future, at the request of the holder thereof, be converted into bonds of smaller denominations, which bonds of smaller denominations may in turn be either coupon bonds or bonds registrable as to principal or principal and interest.

(c) Bonds issued hereunder and interest thereon shall not be subject to taxation by the State of Oklahoma, or by any county, municipality or political subdivision therein. The board may in its discretion authorize one issue of bonds hereunder for the construction, acquisition, adding to, improving, extending, furnishing or equipping of more than one building, as "building" is above defined, and may make said bonds payable from the combined revenues of all buildings so constructed, acquired, added to, improved, extended, furnished or equipped, in whole or in part, with the proceeds thereof, together with revenues from the operation of any existing revenue-producing building or facility. The term "building" as herein used shall be construed to refer to all such "buildings." If more than one series of bonds shall be issued hereunder payable from the revenues of the buildings or facilities, priority of lien thereof on such revenues shall depend on the provisions of the proceedings authorizing the issuance of such bonds, it being within the discretion of the board, at the time it authorizes the first such series, to provide that subsequent series of bonds payable from such revenues shall not be issued, that subsequent series of bonds shall be subordinate as to lien, or that subsequent series of bonds shall enjoy parity of lien if such conditions and restrictions as may be specified in such proceedings can be met.

(d) The board may issue bonds hereunder for the purpose of refunding any obligations of the board payable from the revenues of any building, as "building" is hereinabove defined, together with revenues derived from any existing revenue-producing building or facility or facilities, or may authorize and deliver a single issue

of bonds hereunder for the purpose in part of refunding obligations of the board payable from the revenues derived from any building or buildings and in part for the making of additions, improvements and extensions to such building or buildings, or the construction or acquisition of additional buildings, and the furnishing and equipping of such buildings or additions, together with revenues derived from any existing revenue-producing building or facility or facilities. Where bonds are issued under this paragraph solely for refunding purposes, such bonds may either be sold as above provided or delivered in exchange for the outstanding obligations. If sold, the proceeds may be either applied to the payment of the obligations, refunded or deposited in escrow for the retirement thereof. Nothing herein contained shall be construed to authorize the refunding of any outstanding obligations which are not either maturing, callable for redemption under their terms, or voluntarily surrendered by their holders for cancellation, unless the board covenants that sufficient funds to pay all remaining interest and principal payments of the outstanding bonds when due will be placed in escrow as hereinafter set out for such purpose at the time of delivery of and payment for the new bonds issued hereunder.

In any case where refunding bonds are issued and sold six (6) months or more before the earliest date on which all bonds to be refunded thereby mature or are called for redemption in accordance with their terms, the proceeds of the refunding bonds (other than the amount included therein incidental to the issuance of the bonds) shall be deposited, together with any other funds available and appropriated by the board for the purpose, in escrow with a suitable banking institution having trust powers within the state, whose deposits are insured by the Federal Deposit Insurance Corporation, and shall be invested in securities maturing or callable at the option of the holder on such dates and bearing interest at such rates as shall be

required to provide funds sufficient, with any cash retained in the escrow account, to pay when due the interest to accrue on each obligation refunded to its maturity, or if prepayable, to an earlier designated date on which it may be called for redemption, and to pay the principal amount of each such bond at maturity, or, if prepayable at its designated earlier redemption date, and to pay any premium required for redemption on such date; and before the refunding bonds are delivered, the board shall by resolution irrevocably appropriate for these purposes the escrow account and all payments of principal and interest on the securities held therein, and shall provide for the call of all bonds directed to be prepaid, in accordance with their terms, on the redemption date or dates designated. Securities purchased from the escrow account shall be limited to direct obligations of the United States or obligations whose principal and interest payments are guaranteed by the United States. Such securities shall be purchased simultaneously with the delivery of the refunding bonds. No refunding bonds shall be issued more than ten (10) years before the last date on which the bonds to be refunded thereby mature or are directed to be prepaid in accordance with their terms. All bonds issued under this paragraph and the preceding paragraph shall in all respects be authorized, issued and secured in the manner provided for other bonds issued under this Article, and shall have all of the attributes of such bonds. The board may provide that such refunding bonds shall have the same priority of lien on the revenues pledged for their payment as was enjoyed by the bonds refunded thereby.

(e) All proceedings heretofore adopted by said Board of Regents for the issuance of revenue bonds on a parity as to payment with other existing revenue bonds and/or which provide for the pledging of revenues from the building to be constructed, improved and furnished from the proceeds of revenue bonds and income and

revenue derived from any existing revenue-producing building or facility, or facilities, and the bonds issued pursuant thereto are hereby validated, ratified and confirmed, and such revenue bonds constitute valid and binding obligations in accordance with the terms of such proceedings.

SECTION 2. Section 1013, Chapter 396, O. S. L. 1965 (70 O. S. Supp. 1969, § 4013), is amended to read as follows:

§ 4013. NO REVENUE BOND SHALL BE ISSUED UNDER PROVISIONS OF §§ 4001 THROUGH 4013, TITLE 70 OF THE OKLAHOMA STATUTES EXCEPT WHEN THE ISSUE THEREOF BE SHOWN TO HAVE BEEN APPROVED BY THE OKLAHOMA STATE REGENTS FOR HIGHER EDUCATION BY MAJORITY VOTE OF THE MEMBERSHIP THEREOF.

SECTION 3. The Oklahoma State Regents for Higher Education shall have authority, and it shall be its duty, to approve or disapprove each proposed issue of revenue bonds of any institution of higher learning of the Oklahoma State System of Higher Education or component thereof before the same may be issued.

SECTION 4. Section 3 hereof shall be included in the Oklahoma Statutes following § 4001 of Title 70.

INTRODUCTION OF GUESTS

By unanimous consent, Senator McSpadden introduced Miss Donna Cooper of Pryor, Oklahoma's Junior Miss of 1970, and her accompanist, Jim Tilley. Senator McSpadden asked unanimous consent, which was granted, that Jim be made Honorary Guitar Picker for this legislative Day and that he and Donna be granted privileges of the floor for the purpose of entertaining the Senate with a selection of musical numbers, one of which, entitled "Those Were the Days", composed and sung by the lovely Miss Cooper, is incorporated herein, by unanimous consent, upon request of Senator McSpadden:

THOSE WERE THE DAYS

(Dedicated to the Oklahoma Legislature)
Once upon a time there was a legislature,
Where they used to pass a law or two,
Remember how they started out so eager,
And dreamed of all the great things they would do.

Chorus:

Those were the days, my friends,
They thought they'd never end,
They'd stand and talk forever and a day
They'd vote the way they'd choose

They'd fight and never lose,

For they were bound to let the voters have their way.

Those were the days, oh yes, those were the days.

Then the session days went rushing by them,

They passed so many motions on the way,
Not a single bill went unattended,

So they smile at one another and they say.
Just today I stood before the Senate

Where Oklahoma History gets its start,
It's interesting to watch an active session,

And see the way you all are taking part.
Soon another session will be over

And a page of history you will fill,
Aren't you glad that everything is settled,
Except for just one little teacher's bill?

[Each employer shall cause to be deducted from the salary of each nonclassified optional employee on each and every payroll of such employer for each and every payroll period, four percent (4%) of his earnable compensation, provided, the sum of the deductions made for a member shall not exceed Three Hundred Twelve Dollars (\$312.00) during any one (1) year.] Deductions shall begin with the first payroll period of the school year. In determining the amount earnable by a member in a payroll period, the Board of Trustees shall consider the rate of annual compensation payable to such member on the first day of the payroll period as continuing throughout such payroll period, and it may omit deductions from compensation for any period less than a full period, and to facilitate the making of deductions, it may modify the deduction required of any member by such an amount as shall not exceed one-tenth of one percent (1/10 of 1%) of the annual compensation upon the basis of which such deduction is to be made. It is further provided that one who became a member of the Teachers' Retirement System subsequent to July 1, 1943, may

pay his four percent (4%) contributions and membership fees to the retirement system for years of teaching in Oklahoma from the date of establishment of the system beginning in 1943 to the date of his membership, in a lump sum payment, or in individual payments each equal to one (1) year of regular contributions, with interest at five percent (5%) per annum from the date the contributions would have been due to the date of payment. Years for which contributions are paid shall count as membership service. A member may receive credit for not more than five (5) years of teaching service rendered in the public schools, state colleges or state universities outside this state subsequent to July 1, 1943, by paying his contributions and membership fees to the retirement system, subject to the regulations of the Board of Trustees, providing he is not receiving and is not eligible to receive retirement credit or benefits from said service in any other teachers' retirement system subject to the following provisions: 1. The member is required to have two (2) years of employed service teaching earned in Oklahoma for each year of out-of-state or military membership credit granted. 2. The out-of-state payment will be five percent (5%) on the basis of what his annual salary would have been in Oklahoma had he been employed as a teacher, with interest at five percent (5%) per annum from the date the contributions would have been due to the date of payment. 3. Any out-of-state prior service granted under Section [4, (2), B., 1.] 17-104 of this [act] TITLE shall be deducted from the five (5) years membership service.

Such contributions shall be credited in the regular manner, and the period for which said contributions were paid shall be counted as creditable years of service.

O God, we have not the Courage to ask for, nor do we deserve great gifts. But we do ask for small favors. Give us the patience to smile even when all is not well, the faith to accept our neighbor as brother even if we don't like him, the willingness to consider another point of view, even if we are sure it is wrong.

Give us the courage to stand for what we believe in the face of a flood of contrary opinions, yet the openness to con-

sider and test our own position. Give us the strength of knowing we can know and do right, yet the humility to know we can be wrong.

We do not dare ask for the faith to remove mountains, but for the strength to yield a shovel. We do not ask for the wisdom to see far into the future, but the grace to see Your will for us today, Through Christ Our Lord. Amen.

We praise Thee, O God, for men of long ago and men of only yesterday who had assurance of things hoped for and conviction of things not seen. We rejoice in those who endured as seeing the invisible, and left to their children and their children's children, even unto us, a great and noble heritage. May we in our day become men of like character, and by our lives neither depreciate nor diminish that heritage, but appreciate it and add thereto.

We thank Thee for the Christ who drew out greatness to its largest dimensions by

his perfect obedience to Thee, and his sacrificial love for humanity. Looking unto Him may we indeed run with patience the race that is set before us—his kingdom, our goal; his character, our aspiration; his wisdom, our guide; his strength, our power; his comfort, our endurance; his love, our encouragement; his gift, our peace.

Grant unto our country, O God, the leadership of dedicated and consecrated men and women. May there be a revival of true religion in our land and a surge of true patriotism; may these stir our hearts to achieve character and abilities, because of our love of Thee and our love of country. This we ask to Thine own glory and in the name of Christ. Amen.

The Journal for the last legislative day was declared approved.

Upon roll call, the following members were present:

Atkinson, Baggett, Baldwin, Ber-rong, Birdsong, Boecher, Bradley, Breck-inridge, Field, Garrison, Grantham, Graves, Ham, Hamilton, Hargrave, Hold-en, Horn, Howard, Inhofe, Keels, Lane, Luton, McCune, McGraw, McSpadden, Martin, Medearis, Miller, Murphy, Nich-ols, Payne, Phillips, Romang, Short, Small-ey, Smith, Stipe, Taliaferro, Williams, Young.—40.

The Presiding Officer declared a quo-rum present.

The following prayer was offered by the Chaplain, and is incorporated herein by unanimous consent, upon request of Senator Hargrave:

Our Father, Thou hast entrusted us with another day to be deposited in the diary of history. Forbid that we should waste its potentialities foolishly or deny the importance of its opportunities. May a vital sense of Thy reality accompany us to give meaning to every act and choice that the hours shall demand. Pro-ject us and our loved ones equally from harm from without and from devastation from within.

May every frenzy of frustration be quit-ted by faith. May temptation to tensions of temper be translated by the thrust of Thy trustworthiness. Forbid that we should spend the waking hours in such

a manner that darkness bring a con-science disturbed by the restlessness of re-gret.

Give us the grace even in our prayer to be unselfish. We ask not for ourselves alone. Before Thee we remember both family and friends, every State and City of our Republic, the disheartened and the disenfranchised, the laborer and the legisla-tor, the physician and the pastor. Above all, we give Thee thanks for life and its possibilities, for love and its potency, for the limitless promise of Thy peace. May Thy gift of the Spirit of the ever-living Jesus invade our lives this day and prevail over our selfishness. Amen.

The Journal for the last legislative day was declared approved.

Mr. President:

An Act relating to poultry products; establishing the Oklahoma Poultry Products Act; providing for short title; stating purpose and declaring policy; defining terms; providing for cooperation with the federal government; providing for duties and authority of the State Board of Agriculture; providing for ante-mortem and post-mortem inspection; *** and declaring an emergency.

beg leave to report that we have had the same under consideration and herewith return the same with the recommendation that the following conference committee substitute be adopted:

CCS on HB 1659—By Witt of the House and Hamilton of the Senate—An Act relating to poultry products; establishing the Oklahoma Poultry products act; providing for short title; stating purpose and declaring policy; defining terms; providing for cooperation with the federal government; providing for duties and authority of the State Board of Agriculture; providing for ante - mortem and post - mortem inspection; providing for reinspection; providing for quarantine; authorizing State Board of Agriculture to promulgate and adopt rules and regulations; prohibiting certain acts in the slaughter, marking and sale of poultry and poultry products; providing for records; prescribing penalties; providing for reporting of violations; prescribing standards; providing for hearings and ap-

Be it enacted by the people of The State of Oklahoma:

SECTION 1. SHORT TITLE. This act shall be designated as the Oklahoma Poultry Products Inspection Act.

SECTION 2. LEGISLATIVE FINDING. Poultry and poultry products are an important source of the nation's total supply of food. It is essential in the public interest that the health and welfare of consumers be protected by assuring that slaughtered poultry and poultry products distributed to them are wholesome, not adulterated, and properly marked, labeled, and packaged. Unwholesome, adulterated, or misbranded poultry or poultry products are injurious to the public welfare, destroy markets for wholesome, not adulterated, and properly labeled and packaged poultry and poultry products, and result in sundry losses to poultry producers and processors of poultry and poultry products, as well as injury to consumers. The unwholesome, adulterated, mislabeled, or deceptively packaged articles can be sold at lower prices and compete unfairly with the wholesome, not adulterated, and properly labeled and packaged articles, to the detriment of consumers and the public generally. It is hereby found that regulation by the Board and cooperation by this state and the United States as contemplated by this act are appropriate to protect the health and welfare of consumers and otherwise effectuate the purposes of this act.

SECTION 3. DECLARATION OF POLICY. It is hereby declared to be the policy of the Legislature of this state to provide for the inspection of poultry and poultry products and otherwise regulate the processing and distribution of such articles as hereinafter prescribed to prevent the movement or sale in intrastate commerce of poultry and poultry prod-

ucts which are adulterated or misbranded. It is the intent of the Legislature that when poultry and poultry products are condemned because of disease, the reason for condemnation in such instances shall be supported by scientific fact, information, or criteria, and such condemnation under this act shall be achieved through uniform inspection standards and uniform applications thereof.

(a) if its labeling is false or misleading in any particular;

(b) if it is offered for sale under the name of another food;

SECTION 5. STATE AND FEDERAL COOPERATION.

A. The State Board of Agriculture is hereby designated as the state agency which shall be responsible for cooperating with the Secretary of Agriculture of the United States under the provisions of Section 5 of the Federal Poultry Products Inspection Act and such agency may cooperate with the Secretary of Agriculture of the United States in developing and administering the poultry products inspection program of this state under this act to assure that not later than August 18, 1970, the state requirements will be at least equal to those imposed under Sections 1-4, 6-10, and 12-22 of the Federal Poultry Products Inspection Act and in developing and administering the program of this state under Section 11 of this act in such a manner as will effectuate the purposes of this act and said Federal Act.

B. In such cooperative efforts, the Board is authorized to accept from said Secretary advisory assistance in planning and otherwise developing the state program, technical and laboratory assistance and training, including necessary circular and instructional materials and equipment, and financial and other aid for administration of such a program. The Board is further authorized to spend public funds of this state appropriated for administration of this act to pay such share of the estimated total cost of the cooperative program as may be agreed upon by the Board and the Secretary.

C. The Board is further authorized to

recommend to the said Secretary of Agriculture such officials or employees of this state as the Board shall designate, for appointment to the advisory committees provided for in Section 5 of the Federal Poultry Products Inspection Act; and the Board shall serve as the representative of the Governor for consultation with said Secretary under paragraph C of Section 5 of said act unless the Governor shall select another representative.

SECTION 6. ANTE - MORTEM AND POST - MORTEM INSPECTION, REINSPECTION, AND QUARANTINE.

A. For the purpose of preventing the entry into or flow or movement in intrastate commerce of any poultry product which is capable of use as human food and is adulterated, the Board shall, where and to the extent considered by it necessary, cause to be made by inspectors ante-mortem inspection of poultry in each official establishment engaged in processing poultry or poultry products solely for intrastate commerce.

B. The Board, whenever processing operations are being conducted, shall cause to be made by inspectors post-mortem inspection of the carcass of each bird processed, and at any time such quarantine, segregation and reinspection as it deems necessary of poultry and poultry products capable of use as human food in each official establishment engaged in processing poultry or poultry products solely for intrastate commerce.

C. All poultry carcasses and parts thereof and other poultry products found to be adulterated shall be condemned and shall, if no appeal be taken from such determination of condemnation, be destroyed for human food purposes under the provision of an inspector. Provided, that carcasses, parts, and products which may by reprocessing be made not adulterated, need not be so condemned and destroyed if so reprocessed under the supervision of an inspector and thereafter found to be not adulterated. If an appeal be taken

from such determination, the carcasses, parts, or products shall be appropriately marked and segregated pending completion of an appeal inspection, which appeal shall be at the cost of the appellant if the Board determines that the appeal is frivolous. If the determination of condemnation is sustained the carcasses, parts, and products shall be destroyed for food purposes under the supervision of an inspector.

SECTION 7. SANITATION, FACILITIES, AND PRACTICES.

A. Each official establishment slaughtering poultry or processing poultry products solely for intrastate commerce shall have such premises, facilities, and equipment and be operated in accordance with such sanitary practices, as are required by regulations promulgated by the Board for the purpose of preventing the entry into or flow or movement in intrastate commerce of poultry products which are adulterated.

B. The Board shall refuse to render inspection to any establishment whose premises, facilities, or equipment, or the operation thereof, fail to meet the requirements of this section.

SECTION 8. LABELING AND CONTAINERS; STANDARDS.

A. All poultry products inspected at any official establishment under the authority of this act and found to be not adulterated shall at the time they leave the establishment bear, in distinctly legible form, on their shipping containers and immediate containers as the Board may require, the information required under paragraph 12 of Section 4 of this act. In addition, the Board whenever it determines such action is practicable and necessary for the protection of the public may require non-consumer packaged carcasses at the time they leave the establishment to bear directly thereon in distinctly legible form any information required under such paragraph 12.

B. The Board, whenever it determines

such action is necessary for the protection of the public, may prescribe:

1. the styles and sizes of type to be used with respect to material required to be incorporated in labeling to avoid false or misleading labeling in marking or otherwise labeling any articles or poultry subject to this act; and

2. definitions and standards of identity or composition for articles subject to this act and standards of fill of container for such articles not inconsistent with any such standards established under the Federal Food, Drug and Cosmetic Act, or under the Federal Poultry Products Inspection Act, and there shall be consultation between the Board and the Secretary of Agriculture of the United States prior to the issuance of such standards to avoid inconsistency between such standards and the Federal standards.

C. No article subject to this act shall be sold or offered for sale by any person in intrastate commerce, under any name or other marking or labeling which is false or misleading, or in any container of a misleading form or size, but established trade names and other marking and labeling and containers which are not false or misleading and which are approved by the Board are permitted.

D. If the Board has reason to believe that any marking or labeling or the size or form of any container in use or proposed for use with respect to any article subject to this act is false or misleading in any particular, it may direct that such use be withheld unless the marking, labeling, or container is modified in such manner as it may prescribe so that it will not be false or misleading. If the person using or proposing to use the marking, labeling or container does not accept the determination of the Board, such person may request a hearing, but the use of the marking, labeling, or container shall, if the Board so directs, be withheld pending hearing and final de-

termination by the Board. Any such determination by the Board shall be conclusive unless, within thirty (30) days after receipt of notice of such final determination, the person adversely affected thereby appeals to the District Court of Oklahoma County. This provision would not apply to established trade marks or labeling approved by the U. S. D. A.

SECTION 9. PROHIBITED ACTS.

A. No person shall:

1. slaughter any poultry or process any poultry products which are capable of use as human food at any establishment processing any such articles solely for intrastate commerce, except in compliance with the requirements of this act;

2. sell, transport, offer for sale or transportation, or receive for transportation, in intrastate commerce:

(a) any poultry products which are capable of use as human food and are adulterated or misbranded at the time of such sale, transportation, offer for sale or transportation, or receipt for transportation; or

(b) any poultry products required to be inspected under this act unless they have been so inspected and passed;

3. do, with respect to any poultry products which are capable of use as human food, any act while they are being transported in intrastate commerce or held for sale after such transportation, which is intended to cause or has the effect of causing such products to be adulterated or misbranded;

4. sell, transport, offer for sale or transportation, or receive for transportation, in intrastate commerce or from an official establishment, any slaughtered poultry from which the blood, feathers, feet, head, or viscera have not been removed in accordance with regulations promulgated by the Board, except as may be authorized by regulations of the Board;

5. use to his own advantage, or reveal other than to the authorized representa-

tives of the state government or any other government in their official capacity, or as ordered by a court in any judicial proceedings, any information acquired under the authority of this act concerning any matter which is entitled to protection as a trade secret.

B. No brand manufacturer, printer, or other person shall cast, print, lithograph, or otherwise make any device containing any official mark or simulation thereof, or any label bearing any such mark or simulation, or any form of official certificate or simulation thereof, except as authorized by the Board.

C. No person shall:

1. forge any official device, mark, or certificate;

2. without authorization from the Board use any official device, mark, or certificate, or simulation thereof, or alter, detach, deface, or destroy any official device, mark, or certificate;

3. contrary to the regulations prescribed by the Board, fail to use, or to detach, deface, or destroy any official device, mark, or certificate;

4. knowingly possess, without promptly notifying the Board or its representative, any official device or any counterfeit, simulated, forged, or improperly altered official certificate or any device or label or any carcass of any poultry, or part or product thereof, bearing any counterfeit, simulated, forged, or improperly altered official mark;

5. knowingly make any false statement in any shipper's certificate or other non-official or official certificate provided for in the regulations prescribed by the Board; or

6. knowingly represent that any article has been inspected and passed, or exempted, under this act when, in fact, it has, respectively, not been so inspected and passed, or exempted.

SECTION 10. COMPLETE COVERAGE OF OFFICIAL ESTABLISHMENTS.

No establishment processing poultry or poultry products solely for intrastate commerce shall process any poultry or poultry product capable of use as human food except in compliance with the requirements of this act.

SECTION 11. ARTICLES NOT INTENDED FOR HUMAN FOOD; RECORD AND RELATED REQUIREMENTS FOR PROCESSORS OF POULTRY PRODUCTS AND RELATED INDUSTRIES ENGAGED IN INTRASTATE COMMERCE; REGISTRATION REQUIREMENTS FOR RELATED INDUSTRIES ENGAGED IN INTRASTATE COMMERCE; REGULATION OF TRANSACTIONS IN INTRASTATE COMMERCE IN DEAD, DYING, DISABLED, OR DISEASED POULTRY AND CARCASSES THEREOF.

A. Inspection shall not be provided under this act at any establishment for the slaughter of poultry or the processing of any carcasses or parts or products of poultry, which are not intended for use as human food, but such articles shall, prior to their offer for sale or transportation in intrastate commerce, be denatured or otherwise identified as prescribed by regulations of the Board to deter their use for human food. No person shall buy, sell, transport, or offer for sale or transportation or receive for transportation in intrastate commerce, any poultry carcasses or parts or products thereof which are not intended for use as human food unless they are denatured or otherwise identified as required by the regulations of the Board or naturally inedible by humans.

B. The following classes of persons shall, for such period of time as the Board may by regulations prescribe, not to exceed two (2) years unless otherwise directed by the Board for good cause shown, keep such records as are properly necessary for the effective enforcement of this act in order to insure against adulterated or misbranded poultry products for the American consumer;

and all persons subject to such requirements shall, at all reasonable times, upon notice by a duly authorized representative of the Board, afford such representative access to their places of business and opportunity to examine the facilities, inventory, and records thereof, to copy all such records, and to take reasonable samples of their inventory upon payment of the fair market value therefor:

1. Any person that engages in the business of slaughtering any poultry or processing, freezing, packaging, or labeling any carcasses, or parts or products of carcasses, of any poultry, for intrastate commerce for use as human food or animal food;

2. Any person that engages in the business of buying or selling, as poultry products brokers, wholesalers or otherwise, or transporting in intrastate commerce or storing in or for intrastate commerce, any carcasses, or parts or products of carcasses, of any poultry;

3. Any person that engages in business, in or for intrastate commerce, as a renderer, or engages in the business of buying, selling, or transporting, in intrastate commerce, any dead, dying, disabled, or diseased poultry or parts of the carcasses of any poultry that died otherwise than by slaughter.

C. No person shall engage in business, in or for intrastate commerce, as a poultry products broker, renderer, or animal food manufacturer, or engage in business in intrastate commerce as a wholesaler of any carcasses, or parts or products of the carcasses, of any poultry, whether intended for human food or other purposes, or engage in business as a public warehouseman storing any such articles in or for intrastate commerce, or engage in the business of buying, selling, or transporting in intrastate commerce any dead, dying, disabled, or diseased poultry, or parts of the carcasses of any poultry that died otherwise than by slaughter, unless

when required by regulations of the Board, he has registered with the Board his name and the address of each place of business at which, and all trade names under which, he conducts such business.

D. No person engaged in the business of buying, selling, or transporting in intrastate commerce, dead, dying, disabled or diseased poultry, or any parts of the carcasses of any poultry that died otherwise than by slaughter, shall buy, sell, transport, offer for sale or transportation, or receive for transportation in intrastate commerce, any dead, dying, disabled, or diseased poultry or parts of the carcasses of any poultry that died otherwise than by slaughter, unless such transaction or transportation is made in accordance with such regulations as the Board may prescribe to assure that such poultry, or the unwholesome parts or products thereof, will be prevented from being used for human food.

SECTION 12. PENALTIES.

A. Any person who violates the provisions of Sections 9, 10, 11, or 14 of this act shall be fined not more than One Thousand Dollars (\$1,000.00) or imprisoned not more than one (1) year, or both; but if such violation involves intent to defraud, or any distribution or attempted distribution of an article that is adulterated, except as defined in Section 4, paragraph 11, subparagraph (h) of this act, such person shall be fined not more than Ten Thousand Dollars (\$10,000.00) or imprisoned not more than three (3) years or both. When construing or enforcing the provisions of said sections, the act, omission, or failure of any person acting for or employed by any individual, partnership, corporation, or association within the scope of his employment or office shall in every case be deemed the act, omission, or failure of such individual, partnership, corporation, or association, as well as of such person.

B. No carrier shall be subject to the penalties of this act, other than the pen-

alties for violation of Section 11, by reason of his receipt, carriage, holding, or delivery, in the usual course of business, as a carrier of poultry or poultry products, owned by another person unless the carrier has knowledge, or is in possession of facts which would cause a reasonable person to believe that such poultry or poultry products were not inspected or marked in accordance with the provisions of this act or were otherwise not eligible for transportation under this act or unless the carrier refuses to furnish on request of a representative of the Board the name and address of the person from whom he received such poultry or poultry products, and copies of all documents, if any there be, pertaining to the delivery of the poultry or poultry products to such carrier.

C. Any person who interferes by any act with an inspector in the performance of his official duties shall be guilty of a misdemeanor.

SECTION 13. REPORTING OF VIOLATIONS.

Before any violation of this act is reported by the Board to any district attorney for institution of a criminal proceeding, the person against whom such proceeding is contemplated shall be given reasonable notice of the alleged violation and opportunity to present his views orally or in writing with regard to such contemplated proceeding. Nothing in this act shall be construed as requiring the Board to report for criminal prosecution violation of this act whenever it believes that the public interest will be adequately served and compliance with the act obtained by a suitable written notice or warning.

SECTION 14. REGULATIONS.

A. The Board may by regulations prescribe conditions under which poultry products capable of use as human food shall be stored or otherwise handled by any person engaged in the business of buying, selling, freezing, storing, or trans-

porting, in or for intrastate commerce, such articles, whenever the Board deems such action necessary to assure that such articles will not be adulterated or misbranded when delivered to the consumer. Violation of any such regulation is prohibited.

B. The Board shall promulgate such other rules and regulations as are necessary to carry out the provisions of this act.

C. When opportunity is afforded for submission of comments by interested persons on proposed rules or regulations under this act, it shall include opportunity for oral presentation of views.

SECTION 15. EXEMPTIONS.

A. The Board shall, by regulation and under such conditions, including requirements, as to sanitary standards, practices, and procedures as it may prescribe, exempt from specific provisions of this act with respect to processing of poultry or poultry products solely for intrastate commerce and distribution of poultry or poultry products only in such commerce:

1. for such period of time as the Board determines that it would be impracticable to provide inspection and the exemption will aid in the effective administration of this act, any person engaged in the processing of poultry or poultry products and the poultry or poultry products processed by such person; provided, that, no such exemption shall continue in effect more than one hundred twenty (120) days after enactment of this act;

2. persons slaughtering, processing, or otherwise handling poultry or poultry products which have been or are to be processed as required by recognized religious dietary laws, to the extent that the Board determines necessary to avoid conflict with such requirements while still effectuating the purposes of this act;

3. the slaughtering by any person of poultry of his own raising, and the processing by him and transportation of the

poultry products exclusively for use by him and members of his household and his nonpaying guests and employees;

4. the custom slaughter by any person of poultry delivered by the owner thereof for such slaughter, and the processing by such slaughterer and transportation of the poultry products exclusively for use, in the household of such owner, by him and members of his household and his nonpaying guests and employees; provided, that, such custom slaughterer does not engage in the business of buying or selling any poultry products capable of use as human food;

5. operations of types traditionally and usually conducted at retail stores and restaurants, when conducted at any retail store or restaurant or similar retail-type establishment for sale in normal retail quantities or service of such articles to consumers at such establishments, if no poultry or poultry products are processed at the establishment for distribution within this state or otherwise subject to inspection under the Federal Poultry Products Inspection Act.

B. The provisions of this act shall not apply to poultry producers with respect to poultry of their own raising on their own farms if

1. such producers slaughter not more than two hundred fifty (250) turkeys, or not more than an equivalent number of birds of all species during the calendar year for which this exemption is being determined, four (4) birds of other species being deemed the equivalent of one turkey;

2. such poultry producers do not engage in buying or selling poultry products other than those produced from poultry raised on their own farms.

C. The adulteration and misbranding provisions of this act, other than the requirement of the inspection legend, shall apply to articles which are exempted from inspection under this section.

D. The Board may by order suspend

or terminate any exemption with respect to any person whenever it finds that such action will aid in effectuating the purposes of this act.

SECTION 16. ENTRY OF MATERIALS INTO OFFICIAL ESTABLISHMENT.

The Board may limit the entry of poultry products and other materials into any official establishment, under such conditions as it may prescribe to assure that allowing the entry of such articles into such inspected establishments will be consistent with the purposes of this act.

SECTION 17. GENERAL PROVISIONS.

A. The Board may, for such period, or indefinitely, as it deems necessary to effectuate the purposes of this act, refuse to provide, or withdraw, inspection service under this act with respect to any establishment if it determines, after opportunity for a hearing is accorded to the applicant for, or recipient of, such service, that such applicant or recipient is unfit to engage in any business requiring inspection upon this act because the applicant or recipient, or anyone responsibly connected with the applicant or recipient, has been convicted, in any Federal or state court, within the previous ten (10) years, of

1. any felony or more than one misdemeanor under any law based upon the acquiring, handling, or distributing of adulterated, mislabeled, or deceptively packaged food or fraud in connection with transactions in food; or

2. any felony, involving fraud, bribery, extortion, or any other act or circumstances indicating a lack of the integrity needed for the conduct of operations affecting the public health.

For the purpose of this paragraph, a person shall be deemed to be responsibly connected with the business if he was a partner, officer, director, holder, or owner of ten percent (10%) or more of its voting stock or employee in a managerial or executive capacity.

B. Upon the withdrawal of inspection

service from any official establishment for failure to destroy condemned poultry products as required under Section 6 of this act, or other failure of an official establishment to comply with the requirements as to premises, facilities, or equipment, or the operation thereof, as provided in Section 7 of this act, or the refusal of inspection service to any applicant therefor because of failure to comply with any requirements under Section 7, the applicant for, or recipient of, the service shall, upon request, be afforded opportunity for a hearing with respect to the merits or validity of such action; but such withdrawal or refusal shall continue in effect unless otherwise ordered by the Board.

C. The determination and order of the Board, when made after opportunity for hearing, with respect to withdrawal or refusal of inspection service under this act, shall be final and conclusive unless the affected applicant for, or recipient of, inspection service files application for judicial review within thirty (30) days after the effective date of such order in the District Court of Oklahoma County. Judicial review of any such order shall be upon the record upon which the determination and order are based.

SECTION 18. Whenever any poultry product, or any product exempted from the definition of a poultry product, or any dead, dying, disabled or diseased poultry is found by any authorized representatives of the Board upon any premises where it is held for purposes of, or during or after distribution in intrastate commerce, and there is reason to believe that any such article is adulterated or misbranded and is capable of use as human food, or that it has not been inspected, in violation of the provisions of this act or of any other state or Federal law, or that it has been, or is intended to be, distributed in violation of any such provisions, it may be detained by such representative for a period not to exceed twenty (20) days, pending action under

Section 19 of this act or notification of any Federal, state, or other governmental authorities having jurisdiction over such article or poultry, and shall not be moved by any person from the place at which it is located when so detained, until released by such representative. All official marks may be required by such representative to be removed from such article or poultry before it is released unless it appears to the satisfaction of the Board that the article or poultry is eligible to retain such marks.

SECTION 19. A. Any poultry product, or any dead, dying, disabled, or diseased poultry, that is being transported in intrastate commerce, subject to this act, or is held for sale in this state after such transportation, and that

1. is or has been processed, sold, transported, or otherwise distributed or offered or received for distribution in violation of this act, or

2. is capable of use as human food and is adulterated or misbranded, or

3. in any other way is in violation of this act, shall be liable to be proceeded against and seized and condemned, at any time, on a libel of information in any district court within the jurisdiction of which the article or poultry is found. If the article or poultry is condemned it shall, after entry of the decree, be disposed of by destruction or sale as the court may direct and the proceeds, if sold, less the court costs and fees, and storage and other proper expenses, shall be paid into the treasury of this state, but the article or poultry shall not be sold contrary to the provisions of this act, or the Federal Poultry Products Inspection Act or the Federal Food, Drug and Cosmetic Act; provided, that, upon the execution and delivery of a good and sufficient bond conditioned that the article or poultry shall not be sold or otherwise disposed of contrary to the provisions of this act or the laws of the United States, the court may direct that such article or poultry be delivered to the owner

thereof subject to such supervision by authorized representatives of the Board as is necessary to insure compliance with the applicable laws. When a decree of condemnation is entered against the article or poultry and it is released under bond, or destroyed, court costs and fees, and storage and other proper expenses shall be awarded against the person, if any, intervening as claimant of the article or poultry. The proceedings in such libel cases shall conform, as nearly as may be, to the proceedings in admiralty, except that either party may demand trial by jury of any issue of fact joined in any case, and all such proceedings shall be at the suit of and in the name of this state.

B. The provisions of this section shall in no way derogate from authority for condemnation or seizure conferred by other provisions of this act, or other laws.

SECTION 20. The district courts are vested with jurisdiction specifically to enforce and to prevent and restrain violations of this act and shall have jurisdiction in all other kinds of cases arising under this act, except as provided in Section 8, subsection D or Section 17 of this act. All proceedings for the enforcement or to restrain violations of this act shall be by and in the name of this state. Subpoenas for witnesses who are required to attend a court of this state in any district may run into any other district of this state in any such proceeding.

SECTION 21. A. The Board shall also have power:

1. to require the keeping of adequate records and the furnishing of such information upon request to the Board which is necessary and essential for the administration of this act. Failure to keep such records and furnish such information shall constitute a misdemeanor;

2. to gather and compile information concerning and to investigate from time to time the organization, business, conduct, practices, and management of any

person engaged in intrastate commerce, and the relation thereof to other persons;

B. 1. For the purposes of this act the Board shall at all reasonable times have access to, for the purpose of examination, and the right to copy any documentary evidence of any person being investigated, or proceeded against, and may require by subpoena the attendance and testimony of witnesses and the production of all documentary evidence of any person relating to any matter under investigation. The Board may sign subpoenas and may administer oaths and affirmations, examine witnesses, and receive evidence.

2. Such attendance of witnesses, and the production of such documentary evidence, may be required at any designated place of hearing. In case of disobedience to a subpoena the Board may invoke the aid of any court designated in Section 20 of this act in requiring the attendance and testimony of witnesses and the production of documentary evidence.

3. Any of the courts designated in Section 20 of this act within the jurisdiction of which such inquiry is carried on may, in case of contumacy or refusal to obey a subpoena issued to any person, issue an order requiring such person to appear before the Board or to produce documentary evidence if so ordered, or to give evidence touching the matter in question; and any failure to obey such order of the court may be punished by such court as a contempt thereof.

4. Upon the application of the Attorney General of this state at the request of the Board, the district court shall have jurisdiction to issue writs of mandamus commanding any person to comply with the provisions of this act or any order of the Board made in pursuance thereof.

5. The Board may order testimony to be taken by deposition in any proceeding or investigation pending under this act

at any stage of such proceeding or investigation. Such depositions may be taken before any person designated by the Board and having power to administer oaths. Such testimony shall be reduced to writing by the person taking the deposition or under his direction and shall then be subscribed by the deponent. Any person may be compelled to appear and depose and to produce documentary evidence in the same manner as witnesses may be compelled to appear and testify and produce documentary evidence before the Board as hereinbefore provided.

6. Witnesses summoned before the Board shall be paid the same fees and mileage that are paid witnesses in the courts of this state, and witnesses whose depositions are taken and the persons taking the same shall severally be entitled to the same fees as are paid for like services in such courts.

C. 1. It shall be a misdemeanor for any person to wilfully neglect or refuse to attend and testify or to answer any lawful inquiry, or to produce documentary evidence, if in his or its power to do so, in obedience to the subpoena or lawful requirement of the Board.

2. Any person that shall wilfully make, or cause to be made, any false entry or statement of fact in any report required to be made under this act, or that shall wilfully make, or cause to be made, any false entry in any account, record, or memorandum kept by any person subject to this act, or that shall wilfully neglect or fail to make, or to cause to be made, full, true, and correct entries in such accounts, records, or memoranda, of all facts and transactions appertaining to the business of any person subject to this act, or that shall wilfully remove out of the jurisdiction of this state, or wilfully mutilate, alter or by any other means falsify any documentary evidence of any such person, or that shall wilfully refuse to submit to the Board or to any of its authorized agents, for the purpose

of inspection and taking copies, any documentary evidence of any person subject to this act in his or its possession or within his or its control, shall be deemed guilty of an offense and shall be subject, upon conviction in any court of competent jurisdiction, to a fine of not more than One Thousand Dollars (\$1,000.00), or to imprisonment for a term of not more than one (1) year, or to both such fine and imprisonment.

3. Any officer or employee of this state who shall make public any information obtained by the Board without its authority, unless directed by a court, shall be deemed guilty of a misdemeanor, and, upon conviction thereof, shall be punished by a fine not exceeding Five Hundred Dollars (\$500.00), or by imprisonment not exceeding six (6) months, or by both such fine and imprisonment, in the discretion of the court.

SECTION 22. The requirements of this act shall apply to persons, establishments, poultry, poultry products and other articles regulated under the Federal Poultry Products Inspection Act only to the extent provided for in Section 23 of said Federal Act.

SECTION 23. The cost of inspection rendered under the requirements of this act shall be borne by this state, except as provided in Section 5 of this act and except that the cost of overtime and holiday work performed in establishments subject to the provisions of this act, at such rates as the Board may determine, shall be borne by such establishments. Sums received by the Board in reimbursement for sums paid out by it for such premium pay work shall be available without fiscal year limitation to carry out the purposes of this section. There are hereby authorized to be appropriated such sums as may be necessary to carry out the provisions of this act.

SECTION 24. The provisions of this act are severable and if any part or provision hereof shall be held void the de-

cision of the court so holding shall not affect or impair any of the remaining parts or provisions of this act.

SECTION 25. Any violation of this act for which a specific penalty is not given shall be a misdemeanor.

SECTION 26. This act shall become a part of the Oklahoma Agricultural Code and be codified accordingly.

SECTION 27. It being immediately necessary for the preservation of the public peace, health and safety, an emergency is hereby declared to exist, by reason whereof this act shall take effect and be in full force from and after its passage and approval.

SECTION 1. This act shall be known as the County Purchasing Act.

SECTION 2. The board of county commissioners of each county in the State of Oklahoma shall advertise for sealed bids by qualified vendors for the purchase or rental-purchase of new highway construction or maintenance machinery, except farm type tractors, in excess of One Thousand Five Hundred Dollars (\$1,500.00), setting forth the descriptions and specifications. Provided further, when quality, prices and maintenance or service on the equipment or machinery are equal, preference shall be given vendors who maintain places of business and a continuous ad valorem taxable inventory within county purchasing the equipment and then to those within this state. Grant to us something of His Faith, that no matter what problems or perplexities surround us, we may be conscious always of Thy presence and care. Give to us a measure of His courage, so we may never compromise with evil for the reason of our own ease, personal advancement, or safety. Fill us with His

Bless us we pray Thee, with the gift of His Joy that whatever tasks confront us we may be radiant witnesses to Him who has overcome the world.

We Thank Thee for His call to us. May we be so true and steadfast that through Thy mercy we may dwell with Thee in life everlasting, through Jesus Christ, our Lord. Amen.

In order to regain a license, it shall be necessary for such person to make application in writing to the board requesting the reinstatement in a manner prescribed by the board for which a fee, not in excess of Twenty-five Dollars (25.00) shall be charged; provided that, after two (2) years have elapsed since the date of expiration, a license may not be renewed, except upon making of application therefor and taking and passing the regular license examination. This provision shall not apply to the situation of a licensed veterinarian who returns from a period of no longer than three (3) years' military service with any branch of the armed services of the United States.

No temporary license may be issued to any applicant who has previously failed the examination in this state or in any other state, territory or district of the United States, or a foreign country. A temporary license may be summarily revoked by majority vote of the board without a hearing.

SECTION 11. The practice of veterinary medicine shall mean:

SECTION 12. This act shall not be construed to prohibit:

(3) Acts or conduct of a person advising with respect to nutrition, feeds or feeding or the acts of dehorning, branding, tagging or notching ears, pregnancy checking, collecting, preparing and freezing semen, castrating, worming, injecting or artificial insemination of farm animals; provided that, these acts, for the purposes of this subsection, shall not include the act of recommending drugs or medicine.

(4) A veterinarian regularly licensed in another state from consulting with a licensed veterinarian of this state.

(5) The owner of an animal or the owner's employees or helpers from caring for or treating animals belonging to said owner; provided that, the acts of the employees otherwise prohibited by this act are only an incidental part of the employment duties and for which no special compensation is made.

(6) Acts of a person in lawful possession of an animal for some other purpose than practicing veterinary medicine; provided that, no charge may be made or included in any other charge or fee or adjustment otherwise made of any charge or fee for acts performed under this subsection unless the acts are performed by a licensed veterinarian as provided by this act.

(7) Any veterinary animal aide, nurse, laboratory technician, intern or other employee of a licensed veterinarian from administering medication or rendering auxiliary or supporting assistance under

the direct supervision of such licensed veterinarian.

SECTION 13. The board shall have the power to issue reciprocal licenses to applicants licensed in other states, which they deem have like requirements, and for which they shall charge an initial fee of Fifty Dollars (\$50.00).

SECTION 14. The board is specifically granted the power to revoke or suspend any license issued pursuant to this act to any holder of such license who:

- (1) Violates any provisions of this act;

The board may, upon written application therefor and in the exercise of its official discretion, cancel said order. A person whose license has been revoked or suspended may appeal to the district court of the county of the residence of said person at any time within thirty (30) days from the date of the board's order of revocation or suspension, said appeal to be heard by the court. The

decision of said court shall be final, subject to review; provided, the order of revocation or suspension shall not be stayed during the appeal to any court.

SECTION 15. It is hereby made the duty of every person engaged in the practice of veterinary medicine to report to the State Veterinarian of the State of Oklahoma the names of the owner or person in possession of all domestic animals afflicted with any contagious or infectious disease required to be reported by the State Board of Agriculture together with the location of said animal or animals and the disease with which said animal is afflicted immediately upon such knowledge or information coming to such practitioners.

SECTION 16. Any animal placed in the custody of a licensed veterinarian for treatment or other care which shall be abandoned by its owner for a period of more than twenty-one (21) days after written notice by certified mail is given to the owner at his last-known address, may be sold or turned over to the custody of the nearest humane society or dog pound in the area for disposal as such custodian may deem proper. If no such custodial institution is available in the county, the animal may be disposed of in a humane manner or sold. Abandonment shall mean to forsake entirely or to neglect or refuse to provide or perform the legal obligations for care and support of an animal by its owner. Compliance with this section shall relieve the veterinarian from liability for such disposal or sale.

SECTION 17. No person who is a licensed veterinarian in the State of Oklahoma, who in good faith renders emergency care or treatment at the scene of an emergency, human or animal, shall be liable for any civil damages as a result of any acts or omissions by such person in rendering the emergency care or treatment, and no person who is a licensed veterinarian in the State of Okla-

homa shall be prosecuted under the criminal statutes of this state for treatment of a minor without the consent of a minor's parent or guardian when such treatment was performed under emergency conditions and in good faith.

It is further the intent of the Legislature that the State Regents develop appropriate rules and regulations for accomplishing this and that it be done before any consideration is given to increasing resident student fees at any institutions in the Oklahoma State System of Higher Education.

SECTION 4. It is the intent of the Legislature that the State Regents give particular attention to the needs of existing community junior colleges, when allocating funds appropriated in Section 1 of this Act, in order to carry out the spirit of Sections 1402 and 1408, Chapter 100, O. S. L. 1967 (70 O. S. Supp. 1969, § § 4402 and 4408), as amended to the maximum extent allowed by law. In the event that Altus Junior College becomes a part of the State System of Higher Education prior to the termination of this fiscal year, it is the further intent of the Legislature that the State Regents consider such fact in the allocation of funds, and provide such funds to continue the program of Higher Education at such institution in accordance with the established needs thereof.

The Executive Committee of the State Legislative Council is hereby requested to refer to an appropriate standing committee the assignment of conducting a detailed study, analysis and evaluation of (a) the operations and functions of presently constituted regulatory boards which grant professional or occupational licenses; (b) the need for legislation to provide for licensure for those professions and occupations not presently subject to licensure; and (c) the feasibility of establishing a Professional and Occupational Regulation Commission to provide a continuing review and reevaluation of the operations, functions and regulations providing for state licensure of professions and occupations.

§ 22. The following schedule of compensation is hereby established:

1. Permanent Total Disability. In case of total disability adjudged to be permanent, sixty-six and two-thirds percent (66 2/3%) of the average weekly wages shall be paid to the employee during the continuance of such total disability not exceeding five hundred (500) weeks; loss of both hands, or both feet, or both legs, or both eyes, or any two (2) thereof, shall, in the absence of conclusive proof to the contrary, constitute permanent total disability. In all other cases, permanent total disability shall be determined in accordance with the facts.

2. Temporary Total Disability. In cases of temporary total disability, sixty-six and two-thirds percent (66 2/3%) of the average weekly wages shall be paid to the employee during the continuance thereof, but not in excess of three hundred (300) weeks, except as otherwise provided in this act.

3. Permanent Partial Disability. In case of disability, partial in character but permanent in quality, the compensation shall be sixty-six and two-thirds percent (66 2/3%) of the average weekly wages, and shall be paid to the employee for the period named in the schedule as follows:

Thumb: For the loss of thumb, sixty (60) weeks.

First Finger: For the loss of the first finger, commonly called the index finger, thirty-five (35) weeks.

Second Finger: For the loss of a second finger, thirty (30) weeks.

Third Finger: For the loss of a third finger, twenty (20) weeks.

Fourth Finger: For the loss of a fourth finger, commonly called the little finger, fifteen (15) weeks.

Phalange of Thumb or Finger: The loss of the first phalange of the thumb or finger shall be considered equal to the loss of one-half of such thumb or finger, and compensation shall be one-half of the amount above specified; the loss of more

than one phalange shall be considered as the loss of the entire thumb or finger; provided, however, that in no case shall the amount received for more than one finger exceed the amount provided in this schedule for the loss of a hand.

Great Toe: For the loss of a great toe, thirty (30) weeks.

Other toes: For the loss of one of the toes other than the great toe, ten (10) weeks.

Phalange of Toe: The loss of the first phalange of any toe shall be considered to be equal to the loss of one-half of the amount specified. The loss of more than one phalange shall be considered as the loss of the entire toe.

Hand: For the loss of a hand, two hundred (200) weeks.

Arm: For the loss of an arm, two hundred fifty (250) weeks.

Loss of Use: Permanent loss of use of a thumb, finger, toe, arm, hand, foot, leg or eye shall be considered as the equivalent of the loss of such thumb, finger, toe, hand, arm, foot, leg or eye.

For the permanent partial loss of use of a member, loss of hearing or sight of an eye, sixty-six and two-thirds percent (66 2/3%) of the average weekly wage during that portion of the number of weeks in the foregoing schedule provided for the loss of such member or sight of an eye which the partial loss of use thereof bears to the total loss of use of such member, loss of hearing or sight of an eye.

Amputations: Amputations between the elbow and the wrist shall be considered as the equivalent of the loss of a hand. Amputation between the knee and the ankle shall be considered as the loss of a foot. Amputation at or above the elbow shall be considered as the loss of an arm. Amputation at or above the knee shall be considered as the loss of a leg.

The compensation for the foregoing specific injuries shall be in lieu of all other compensation except the benefits provided in Section 14 of this title.

In case of an injury resulting in serious and permanent disfigurement, compensation shall be payable in an amount to be determined by the [Commission] COURT, but not in excess of Three Thousand Dollars (\$3,000.00); provided, that compensation for permanent disfigurement shall not be in addition to the other compensation provided for in this section, but shall be taken into consideration in fixing the compensation otherwise provided.

Hernia: In case of an injury resulting in hernia, temporary total compensation for fourteen (14) weeks, and the cost of an operation shall be payable; provided, however, in any case where the injured employee has been twice previously operated for hernia in the same area and it is established by opinion of a competent surgeon that further surgery will not result in full relief of the condition, the [Commission] COURT may then award compensation for disability resulting therefrom under subdivision 1 of this section, or, if not totally and permanently disabled, then under the "Other Cases" subdivision following, and, after a second surgical attempt to repair hernia, the injured may not be required to submit to further surgery in an effort to relieve the disability thereafter existing; provided, further, the use of any artificial reinforcement or device, with or without surgery, shall not be the basis of reducing extent of disability to be awarded.

Other Cases: In all other classes of dis-

abilities, excluding only those heretofore referred to in subdivision 3, which disabilities result in loss of use of any portion of an employee's body, and which disabilities are permanent in quality but partial in character, the compensation ordered paid shall be sixty-six and two-thirds percent (66 2/3%) of the average weekly wage during that portion of the number of weeks which the partial disability of the employee bears to the total permanent disability.

4. Temporary Partial Disability. In case of temporary partial disability, except the particular cases mentioned in subdivision 3 of this section, an injured employee shall receive sixty-six and two-thirds percent (66 2/3%) of the difference between his average weekly wages and his wage-earning capacity thereafter in the same employment or otherwise, if less than before the injury during continuance of such partial disability, but not in excess of three hundred (300) weeks, except as otherwise provided in this act.

5. Limitation. The compensation payments under the provisions of Workmen's Compensation Law shall not exceed the sum of **【Forty-five Dollars (\$45.00)】** FORTY - NINE DOLLARS (\$49.00) per week for temporary disability, **【Forty-two Dollars and fifty cents (\$42.50)】** FORTY-TWO DOLLARS AND FIFTY CENTS (\$42.50) per week for permanent partial disability, and **【Forty Dollars (\$40.00)】** FORTY DOLLARS (\$40.00) per week for permanent disability or at any time be less than Fifteen Dollars (\$15.00) per week; provided, however, that if the employee's wages at the time of the injury are less than Fifteen Dollars (\$15.00) per week, he shall receive his full weekly wages; provided further, that the compensation received as provided under subdivision 4 of this section shall not, when added to the wages received by such employee after such injury, amount to a greater sum than his average weekly wages received prior to said injury.

6. Previous Disability. The fact that

an employee has suffered previous disability or received compensation therefor shall not preclude him from compensation for a later injury; but in determining compensation for the later injury his average weekly wages shall be such sum as will reasonably represent his earning capacity at the time of the later injury.

7. A. If the injury causes death within two years from the date of the accident or if the injury causes continuous disability and causes death within five years from the date of accident, notice of which was given as provided in this act, compensation shall be payable in the amount **【of Thirteen Thousand Five Hundred Dollars (\$13,500.00)】** FOURTEEN THOUSAND DOLLARS (\$14,000.00) and to the dependents of the deceased employee as defined herein. If death occurs more than five years after the date of the accident, it shall be conclusively presumed that death did not result from the injury.

B. If the Industrial Court finds that there is no person who is entitled to any of the benefits provided by paragraph A of this subsection, the employer, upon such finding becoming final, shall pay to the estate of the deceased employee the sum of Seven Hundred Dollars (\$700.00).

8. Except as in this act otherwise provided, compensation for disability from silicosis or asbestosis shall be payable in accordance with the provisions of this section; provided, however, that no compensation shall be payable for partial disability from silicosis or asbestosis; and provided further that, during a transitory period, the aggregate compensation payable to employees and their dependents for disability and death from silicosis or asbestosis shall be limited as follows: If disablement occurs or, in case of no claim for prior disablement, if death occurs in the calendar month in which the amendments to this act become effective allowing compensation under this act for the occupational diseases of silicosis and

asbestosis, the total compensation and death benefits shall not exceed the sum of One Thousand Dollars (\$1,000.00). If disablement occurs or, in the case of no claim for prior disablement, if death occurs during the next calendar month, the total compensation and death benefits payable shall not exceed Eleven Hundred Dollars (\$1,100.00). Thereafter the total amount of the compensation and death benefits payable for disability and death shall increase at the rate of One Hundred Dollars (\$100.00) per month, the aggregate payable in each case to be limited according to the foregoing formula for the month in which disability occurs or, in case of no claim for prior disablement, in which death occurs. Such progressive increase in the limits to the aggregate compensation and benefits for disability and death shall continue until the limit upon such benefits fixed in this section, or other sections of the Workmen's Compensation Law of this state, is reached, and thereafter the total aggregate of such compensation and benefits shall be the total compensation and benefits otherwise provided in this section, or other sections of the Workmen's Compensation Law of this state.

SECTION 2. The effective date of this act shall be September 1, 1970.

SECTION 3. It being immediately necessary for the preservation of the public peace, health and safety, an emergency is hereby declared to exist, by reason whereof this act shall take effect and be in full force from and after its passage and approval.

If the State Board of Education discovers that such attendance has been allowed without prior payment of the tuition fee in advance as herein required, no further payment of any State Aid Funds shall be made to the district until such district has shown to the satisfaction of the State Board of Education that all such tuition fees have been paid or that such tuition pupil will no longer be allowed to attend school until the required tuition fee has been paid.

ARTICLE V

SCHOOL DISTRICTS AND BOARDS OF EDUCATION

SECTION 501. SCHOOL DISTRICTS — DESIGNATION. All school districts in Oklahoma, now in existence or which may hereafter be created, shall be designated only as independent, dependent or area school districts. Independent school districts shall be under the supervision and the administrator of the respective boards of education thereof. Dependent school districts shall be under the supervision of the county superintendent of schools and the administration of the respective district boards of education.

SECTION 502. INDEPENDENT SCHOOL DISTRICTS. All independent school districts in Oklahoma shall be those which shall have maintained during the previous year a four-year high school fully accredited by the State Board of Education.

A reasonable deviation from any of the requirements enumerated herein shall not operate to prohibit the State Board of Education from designating any district as independent if the other requirements are sufficiently superior to the minimum standards required herein, but standards therefor shall be reduced to writing and a copy thereof sent to all districts maintaining high schools in Oklahoma at least one (1) year prior to the time the requirements become effective. Until the effective date thereof, the requirements hereinabove enumerated shall remain in full force and effect.

As a basis for attaining the status of independent school district, high schools shall be inspected by a member of the division of secondary education of the State Board of Education or such other representative as the State Board of Education shall designate, and all of the standards prescribed by the State Board of Education shall be carefully checked in the presence of the district superintendent of schools or board of education of the district. A written report shall be made and mailed to the district superintendent of schools and board of education within thirty (30) days after the time of such inspection. Such report shall indicate if the high school meets the requirements and, if not, a statement shall be made as to what must be done in order to comply therewith.

After any school district has become independent, it shall remain so until removed from independent status by the State Board of Education, which, however, shall not remove any school district from independent status until it is satisfied that the minimum standards for independent school districts are not being

maintained. Any order of the State Board of Education removing a school district from independent status shall not become effective until the close of the fiscal year in which such order is made, and any order removing a school district from independent status which has heretofore been made by the State Board of Education, regardless of notice or effective date thereof, is hereby validated. A reasonable variation from year to year in the minimum number of teachers required shall not affect the status of any independent school district.

SECTION 503. DEPENDENT SCHOOL DISTRICTS. Dependent school districts shall be those which have not met the above enumerated standards and have not been designated as independent school districts by the State Board of Education.

SECTION 504. DESIGNATION OF DISTRICT RETAINED ON RECORDS — WHEN. Only for the purpose of identifying a district that originally incurred an indebtedness so as to avoid confusion in discharging such indebtedness, the designation of a district when an indebtedness was incurred may be retained in the records of the county assessor, county treasurer, and other public officials charged with the duty of levying and collecting taxes for the payment of obligations of school districts irrespective of whether such indebtedness has been assumed by another school district.

SECTION 505. SCHOOL DISTRICT — BODY CORPORATE — POWERS. Every school district shall be a body corporate and shall possess the usual powers of a corporation for public purposes by the name and style of "Independent (or Dependent, if it is a dependent school district) School District Number _____ (such a number as may be designated by the county superintendent of schools) of _____ (the name of the county in which the district is located, or if lying in more than one county the name of the county whose county superintendent of schools has jurisdiction) County, Oklaho-

ma," and in that name may sue and be sued and be capable of contracting and being contracted with and holding such real and personal estate as it may come into possession of or by will or otherwise and as authorized by law. The supervision of a school district lying in more than one county shall remain with the county that had such supervision as of July 1, 1958, except that upon a majority vote of the school district electors voting at the annual school district election or at a special school district election called for such purpose, the supervision of the school district lying in more than one county may be changed to the county superintendent of schools of any one of the counties represented in said district. Said change shall be effective upon the first day of July next succeeding the date of such meeting. It shall be the duty of the clerk of the board of education of said school district to notify the State Superintendent of Public Instruction, and the county superintendent of schools of each of the counties represented in said school district, that such change has been made, within ten (10) days after said meeting; but failure to make such notification shall not prevent such change from going into effect at the time hereinabove provided.

SECTION 506. GOVERNING BODY OF SCHOOL DISTRICT. The governing board of each school district in Oklahoma is hereby designated and shall hereafter be known as the board of education of such district. The superintendent of schools appointed and employed by such board shall be the executive officer of said board and shall perform such duties as said board directs.

SECTION 507. BOARD OF EDUCATION — MEMBERS — ELECTION. The board of education of a school district maintaining a high school shall consist of the number of members elected or appointed as hereinafter set forth:

1. In school districts having more than seventeen thousand five hundred (17,500)

students in average daily attendance during each of the three school years next preceding the next school district election.

a. the board of education shall be composed of seven (7) members who shall be elected by the qualified electors of the school district-at-large for terms of four (4) years and until their successors have been duly elected or appointed and have qualified,

b. within ninety (90) days after each Federal Decennial Census it shall be the duty of the board of education to divide the school district into seven (7) areas as equal in population as may be, with no area having a population more than three percent (3%) greater than any other area. The areas shall be compact and contiguous respecting natural affinities and using generally recognizable boundaries to the maximum extent possible, but not in derogation of equality of population. Such areas shall be numbered and not more than one member of the board of education shall be a resident of each such area,

c. notwithstanding the current terms of members of such boards of education, two members shall be elected in 1971, two members shall be elected in 1972, two members shall be elected in 1973, and one member shall be elected in 1974. The two members to be elected in 1971 shall be elected in addition to the election required to fill any term or terms expiring in 1971,

d. after the division of the school district into areas under b. above, the members of the board of education shall fix by resolution the term of office of each in such a manner as to conform the current member of the board of education to the provisions of this act. The resolution of the board of education in such matter shall be subject to review by the Supreme Court of Oklahoma upon petition by any qualified elector of the school district filed within fifteen (15) days of the adoption of the resolution.

2. In school districts having seventeen thousand five hundred (17,500) or fewer students in average daily attendance during any of the three school years next preceding the next school district election, the board of education shall elect by resolution to be governed by one of the three provisions hereinafter set forth:

a. the board of education may elect to have its membership composed of five (5) members who shall be elected by the qualified electors of the school district-at-large for terms of five (5) years and until their successors have been duly elected or appointed and have qualified;

b. the board of education may elect to divide the school district into five (5) areas as equal in population as may be, with no area having a population more than five percent (5%) greater than any other area. In the absence of Standard Metropolitan Statistical Areas or other Federal Census data as to the location of the population within the school district the board of education may use voter registration data, school attendance figures, and other reliable information to estimate the populations within the five (5) areas. The areas shall be compact and contiguous, respecting natural affinities and using generally recognizable boundaries to the maximum extent possible, but not in derogation of equality of population. Such areas shall be numbered and not more than one member of the board of education shall be a resident of each such area;

c. the board of education may elect to adopt and continue in force municipal charter or ordinance provisions now existing or hereafter enacted relating to the membership of the board of education in the manner of electing such members as provided in Section 509 of this code.

3. The terms of members of the school board shall commence on the second Tuesday in February next following their election.

4. In the event that one school district

has been or is to be consolidated into or annexed to another school district, whether voluntarily or involuntarily, then the board of education of the surviving district may, in its discretion, by resolution provide for representation of the electors of the non-surviving district upon the board of education of the surviving district through the designation of an extra member or members of the board of education of the surviving district from the members of the board of education of the non-surviving district. Such extra members shall serve only until the process of elections has afforded to the electors in the area of the non-surviving school district the opportunity to participate in the election of a majority of the members of the board of education of the surviving school district. The number, terms of office, and voting powers of such extra members shall be determined by the board of education of the surviving district by the resolution. The resolution may not be rescinded or amended by the board of education of the surviving district without the unanimous consent of the extra members named therein.

5. If a board of education has more members on the effective date of this act than are provided in this section, such board shall be reduced to the number provided herein by not electing or appointing successors for the members whose terms expire next until the number provided in this section has been reached.

SECTION 508. DEPENDENT DISTRICTS NOT MAINTAINING HIGH SCHOOL — BOARD OF EDUCATION — MEMBERS — ELECTION. The board of education of a dependent school district not maintaining a high school shall consist of three (3) members elected by the school district electors of the district at large. Each member shall be elected for a term of three (3) years and until his successor is duly elected or appointed and has qualified.

2. having a charter form of government, and

3. which is located in an independent school district may fix the number and regulate the procedure of electing the members of the board of education of such district, and the provisions of any charter already adopted and in force or any ordinance adopted pursuant thereto prescribing the number of members and procedure of election of the board of education are hereby validated and legalized; provided, however, all such elections shall be held on the fourth Tuesday in January of the years in which the respective members' terms expire. Provided, further, any such ordinance which may hereafter be adopted shall not become effective until it has been submitted to a vote of the school district electors of such school district and approved by them.

SECTION 510. WORKSHOPS FOR NEW BOARD MEMBERS — REIMBURSEMENT FOR EXPENSES — AGREEMENT TO ATTEND WHEN CANDIDATE FILES NOTIFICATION AND DECLARATION. 1. At the time a school district elector files a notification and declaration of candidacy for the office of district board of education membership, such elector may agree and pledge in writing, that upon election as a member of the district board of education, such member will attend a two-day workshop to be held within the State of Oklahoma by the State Department of Education for study and instruction on the subjects of school finance, the Oklahoma School Code and related laws, and the ethics, duties and responsibilities of district board of education members. Provided, that the provisions of this subsection shall not apply to any elector who has had prior experience of one (1) year or more preceding the date of the school district election as a mem-

ber of the district board of education to which membership is sought.

2. The Oklahoma State Department of Education in cooperation with the Oklahoma State School Board Association may, as soon as practicable but not later than six (6) months after the annual elections of various district board of education members, determine the members of the district boards of education pledged to attend the workshop established by subsection 1 of this section, and after making arrangements for proper courses of study and instructors, shall notify such members of the time and place such workshop is to be conducted. All government departments, agencies and institutions of this state are directed to lend such assistance as may be required by the Department of Education for the proper conduct and administration of the workshops. The State Department of Education shall maintain a permanent record of each district board of education member who successfully completes a workshop and shall issue a certificate of completion to such member.

3. Any member of a district board of education who attends and successfully completes a workshop as required by subsection 1 of this section may be reimbursed for expenses incurred by the school district on the basis of not to exceed Twenty-five Dollars (\$25.00) per day while in actual attendance, and nine cents (\$.09) per mile of necessary travel from his or her residence to and from the place of the workshop.

SECTION 511. VACANCY ON BOARD — FAILURE TO QUALIFY. A position on the board of education of any school district shall automatically become vacant upon the failure of a person who has been elected or appointed thereto to qualify within thirty (30) days after his election or appointment or the beginning of his term of office, whichever occurs first.

SECTION 512. VACANCY — FILLED FOR UNEXPIRED TERM. Any vacancy occurring on the board of education of a

school district shall be filled by the board of education of such district for the unexpired term; provided, however, that if the board of education does not fill the vacancy by appointment or by election within seventy (70) days after the same occurs, it shall be mandatory on the part of the county election board to call a special election to fill the vacancy for the unexpired term, which election shall be held for the election of a board member only and said election shall be conducted in the same manner as the regular annual school election.

SECTION 513. RELATION BY AFFINITY OR CONSANGUINITY — PROHIBITION. No person shall be eligible to serve on a board of education if he or she is related within the third degree by affinity or consanguinity to any other member of the board of education to which such ineligible person is elected or appointed, it being the purpose of this section to prohibit persons who are related within the third degree by affinity or consanguinity from serving simultaneously on the same board of education of any school district of this state.

SECTION 514. COUNTY TREASURER AS DISTRICT TREASURER — LOCAL AND ASSISTANT TREASURER IN INDEPENDENT DISTRICTS. The county treasurer of each county in Oklahoma shall be the treasurer of all school districts in said county, except that the board of education of an independent school district may appoint a local treasurer and, in its discretion, an assistant local treasurer of said district, each of whom shall serve at the pleasure of said board for such compensation as the said board may determine. The assistant local treasurer may perform any of the duties and exercise any of the powers of the local treasurer with the same force and effect as if the same were done or performed by the local treasurer. Provided, the bond of a school district shall not, in any event, be required to be in an amount greater than that of the county treasurer of the county. The premium on said bond shall be paid by the board of education out of district funds. Provided, however, the treasurer of such district shall require the depository wherein school district funds are deposited to insure or guarantee the deposit by proper securities, which shall be of the same class of securities as are required to insure deposits of county treasurers of the various counties, and said securities shall be pledged, taken and kept in the manner provided by Title 62 of the Oklahoma Statutes, § § 516.1-516.8, inclusive.

The local treasurer of a district, when required by the board of education, shall prepare and submit in writing a report of the condition of the finances of the district and shall produce at any meeting of the board or to any committee appointed for the purpose of examining his accounts all books and papers pertaining to his office. Such suspension shall continue until ended by order of the board or by judgment of a court of competent jurisdiction.

The local treasurer of a school district shall keep a separate cash ledger for each fund in his custody. The local treasurer shall enter each collection and disbursement in the cash ledger of the applicable fund by recording the date and classification of each transaction and such other information as may be deemed desirable. Additional ledgers shall also be maintained to record the investments made from each fund. Such investment ledgers shall disclose the date, description and principal amount paid for each investment purchased and the date and principal amount received for each investment liquidated.

Upon suspension by the board, the treasurer shall immediately turn over to the board of education or to the acting treasurer if one has been appointed by the board all books and papers and other property pertaining to his office.

The general fund warrant issued in payment of said claim shall be deposited in

the "Petty Cash Account" in the student activity fund.

All disbursements from the petty cash account shall be made in the same manner as other disbursements from the student activity fund, except no disbursement shall be made from the petty cash account unless a prenumbered, dated receipt be obtained and signed by the person receiving payment. The student activity fund custodian shall file claims against the general fund of the school district for reimbursement of the petty cash account whenever the need shall arise. Such claims shall be itemized in the same manner as other claims filed against the general fund and shall have attached thereto the receipts covering each of the expenditures claimed for reimbursement. The total of the petty cash account balance and the receipts on hand awaiting reimbursement should equal at all times the authorized amount of the petty cash account.

None of the provisions pertaining to the petty cash account shall be construed to authorize the use of one fiscal year's funds to pay obligations of another fiscal year.

4. The State Board of Education shall adopt appropriate rules and regulations and design standard forms for the proper conduct of the various student activity accounts.

5. The student activity fund custodian shall be appointed by the board of education of the school district. The custodian shall give a surety bond in an amount determined by the board of education, but not less than One Thousand Dollars (\$1,000.00). The premium of the surety bond shall be paid from the student activity fund.

SECTION 530. SCHOOL BUILDINGS AND PROPERTY—PERMISSION TO USE FOR OTHER PURPOSES. The board of education of any school district may, under such regulations and conditions as it may prescribe, open any school building and permit the use of any property

belonging to such district for religious, political, literary, cultural, scientific, mechanical or agricultural purposes, and other purposes of general public interest and may make a reasonable charge to cover the cost of the use of such building and property.

SECTION 531. EDUCATIONAL COURSES — BUILDINGS AND EQUIPMENT. The board of education of every school district in this state is hereby authorized to provide educational courses for all persons and said board is authorized to provide necessary buildings, equipment, and other facilities for such persons. Such educational courses may include grades one (1) to twelve (12), inclusive, for persons between the ages of six (6) and twenty-one (21) years and may also include nursery and kindergarten classes, junior college grades, vocational and technical instruction, adult and part-time classes and other special classes. The curricula and qualifications of teachers shall be determined by the State Board of Education except as otherwise provided herein. Provided, any district offering educational courses shall charge tuition fees for such courses unless the school district has funds available to pay the cost thereof which are not needed to maintain the common school program.

SECTION 532. STUDENTS OF LEGAL AGE — COMPLETION OF TWELFTH GRADE. Any person who is of legal age and a resident of Oklahoma, over the age of twenty-one (21) and under the age of twenty-six (26), and who has not completed the twelfth grade in school shall be given the same educational privileges and opportunities provided by law for children over the age of five (5) and under the age of twenty-one (21), upon submitting to the board of education of the school district in which said person resides evidence satisfactory to that board showing that during the time before he was twenty-one (21) years of age he was unable to attend school for a definite period or periods of time because of physi-

cal disability, or service in the United States Armed Forces or Auxiliary Organizations, by reason whereof it was impossible for him to complete the twelfth grade before reaching the age of twenty-one (21). Provided, further, said pupil shall be counted in the average daily attendance of the district where he attends school during the period of time provided for in this article for the purpose of calculating State Aid for the district.

SECTION 533. APPORTIONMENT OF TAXES EACH YEAR. 1. There is hereby regularly apportioned to each and every school district of the State of Oklahoma in each taxable year five (5) mills on the dollar out of the fifteen (15) mills on the dollar total taxes for all purposes on an ad valorem basis provided by Section 9 (a), Article X, of the Oklahoma Constitution, as amended on April 5, 1955. Provided, that the regular apportionment hereby made shall not prevent or take away from the county excise board of any county the right to apportion to any school district or class of school districts in such county more than five (5) mills out of the fifteen (15) mills to be apportioned in pursuance of the provisions of said amended Section 9 (a), Article X, of the Oklahoma Constitution among county, city, town and school districts.

2. In accordance with the provisions of Section 9 (c), Article X, of the Oklahoma Constitution, as amended on April 5, 1955, an additional tax of not to exceed fifteen (15) mills on the dollar valuation of all taxable property in the district shall be levied upon certification of a need therefor by the board of education.

3. An amount equal to the district's proportionate part of the ninety percent (90%) of the amount obtained by multiplying the total net assessed valuation of the school districts of the county by four (4) mills may be estimated as probable revenue from the four (4) mills county-wide levy made under the provisions of Section 9 (b), Article X, of the Oklahoma Constitution, as amended on April 5, 1955,

and the amount so estimated may be used to finance the appropriations of the district.

The provisions of said Section 9 (b) relating to school districts lying in more than one county shall not affect the status of any such school district, and for the purposes of apportionments under said Section 9 (b), any such district shall be deemed a school district of the county of which it is now considered a school district, unless the State Board of Education, upon written petition by the board of education of such district, decrees that such district shall be deemed a school district of another county in which any of its territory lies, and unless the District Court of Oklahoma County in an action filed for such purposes reverses such decree, and revenue from the tax levied under said Section 9 (b) on the assessed valuation of the district in other counties shall, when collected, be transmitted to the county treasurer of that county of which such district is deemed a school district, and be apportioned as provided for the proceeds of such tax on the assessed valuation of such county.

SECTION 534. ESTIMATES — EMERGENCY AND BUILDING LEVIES — ELECTIONS. No later than December 31 of each year the board of education of each school district of the state shall prepare, on a form prescribed by the State Board of Education, a preliminary estimate of the amount or amounts of money and tax rate or rates which it then believes will be required for the district for the ensuing fiscal year; and if such preliminary estimate shows an estimated need for a levy requiring the approval of the school district electors of the district under Section 9 or Section 10, Article X, of the Oklahoma Constitution, as amended on April 5, 1955, such preliminary estimate shall contain a call for an election to be held on the fourth Tuesday of such month of January, or on such other date as may be provided for the election of the members of the board of education

to vote on the question of making such levy or levies. Such preliminary estimate shall be published in one issue of a newspaper, having general circulation in the district, or shall be posted in five (5) public places in the district, at least ten (10) days before such election. Provided, that the county excise board or the board of education of any school district may call a special election for any date for the purpose of voting upon a levy authorized by Section 9 or Section 10, Article X of the Oklahoma Constitution, as amended. Notice of any election called under the provisions of this section shall be given by publication in one issue of a newspaper having general circulation in the school district, or by posting in five (5) public places in the district, at least ten (10) days before such election.

SECTION 535. ALTERNATE SYSTEM OF ACCOUNTING. 1. The board of education of any school district may authorize the use of the following alternate system of initiating, recording and paying for all purchases, salaries, wages or contractual obligations due from any of the funds under the control of such board of education, except that the provisions contained herein shall not apply to the sinking fund and student activity fund.

2. The clerk and treasurer of the school district shall each enter the authorized amounts in the various appropriation accounts of the funds to which this system is applied. The authorized amounts of appropriations shall be the general fund and building fund appropriations approved by the county excise board and such additional amounts as may be applied in the manner provided by law, the amount received for deposit in a special cash fund where such special cash fund is authorized by law or required by the person or agency providing such funds, or the amount of the net proceeds realized from the sale of bonds of the school district and any other income due such fund.

3. All encumbrances against such appropriations shall be authorized by the

board of education of the school district and shall be only for the purpose of the appropriation charged. The encumbrances shall be consecutively numbered in the order of their approval by the board of education, and the clerk shall list the approved encumbrances in the minutes of the board's meeting.

4. It shall be the duty and responsibility of the board of education of the school district to prescribe and administer adequate business procedures and controls governing the ordering and delivery of merchandise. Such procedures shall include a method of determining the school employee receiving delivery of each purchase.

5. The clerk shall charge the appropriate appropriation accounts and credit the affected encumbrances outstanding accounts with the approved encumbrances after first determining that the encumbrances do not exceed the balance of the appropriation charged. The approved encumbrances shall then become the authority for the designated school personnel to complete the purchasing process.

6. After satisfactory receipt of the services or merchandise, the employee designated by the board of education to be responsible for the transaction shall certify the bill to the clerk for payment. The clerk, however, shall not pay any bill unless it is, or is properly supported by, an itemized invoice clearly describing each item purchased, the quantity of each item, its unit price, and its total cost. The bill and/or invoice shall be filed in the clerk's official records.

7. The clerk shall debit the encumbrances outstanding account and credit the accounts payable account for the amount of the approved bill. If there is a minor adjustment in the total cost as compared to the encumbrance authorized by the board of education, the appropriation and encumbrances outstanding accounts shall be adjusted to reflect the actual cost. The board of education shall determine the extent such costs may fluctuate.

tuates without additional board action. Minor adjustments not requiring additional board approval shall be referenced to the original encumbrance.

8. After ascertaining that proper accounting of the purchase has been made and that his files contain sufficient information to justify the expenditure of public funds, the clerk shall pay the approved bill by issuing a warrant against the designated fund. The warrants so issued shall be consecutively numbered in the order of their issuance. The clerk shall charge the warrant against the accounts payable account and credit it to the warrants issued account. Provided, if payment is to be made immediately and the board of education deems it advisable, the postings to the accounts payable account may be omitted and the payment of the approved bill may be credited directly to the warrants issued account. The warrant shall show on its face the name of the school district, the date of issue, the payee, the amount, the expenditure classification code, and such other information as may be necessary or desirable. The president and clerk of the board of education shall each sign the warrant, thereby denoting to the public that the warrant is for the purpose and within the amount of the appropriation charged.

9. The warrant shall then be delivered to the treasurer of the school district who shall register the same in his warrant register, charging the appropriation account and crediting the warrants outstanding account of the designated fund. Provided, no warrant shall be registered in excess of the appropriation account's balance. All warrants shall be registered in the order of their issuance number. Voided warrants shall be registered and filed with the treasurer. The warrants against each fund shall be payable in the order of their issue. The treasurer shall sign each warrant showing its registration date and stating whether the warrant is payable or nonpayable. When funds become available, nonpayable warrants shall

be called in the same manner as that now provided by law. When a properly payable warrant is presented to the treasurer, he shall issue his check in payment thereof. The payment shall be charged to the warrants payable account and credited to the cash account of the fund involved.

10. School districts complying with the provisions of this act shall use only those forms and accounting systems approved by the State Board of Education. Such forms and systems shall be considered in substantial compliance with this act if they are sufficient to convey the meaning and sequence of transactions contained herein. Provided, nothing contained herein shall be construed to limit or prevent the use of additional or subsidiary accounts, forms, or files which may be deemed necessary or advisable by the board of education of the district or the State Board of Education.

11. Any school district desiring to utilize the services of a data processing center to furnish any or all of the records herein required may do so if the center and its system complies with this act and the rules and regulations of the State Board of Education. Such center shall furnish an honesty bond in an amount to be set by the board of education but not less than Ten Thousand Dollars (\$10,000.00).

12. The State Board of Education shall notify the board of education of the school district of the tentative amount said district is to receive from state and federal aid funds or allocations, and the board of education of the school district may include such tentative estimate as an item of probable income in the preparation of the school district's Estimate of Needs and Financial Statement; provided, no such federal aid estimate shall be used in any way to reduce the State Foundation Aid or Incentive Aid for such school district or sustain a protest for the reduction of a tax levy.

ARTICLE VI TEACHERS

SECTION 601. TEACHERS — CON-

TRACT. 1. Except as provided in paragraph 5 of this section, no person shall be permitted to teach in any school district of the state without a written contract, except as provided herein for substitute teachers and except teachers of classes in adult education. The board of education of each school district, wherein school is expected to be conducted for the ensuing year, shall employ and contract in writing with qualified teachers for and in the name of the district. One copy of the contract shall be filed with the clerk of the board of education and one copy shall be retained by the teacher, and if the contract is with a dependent school district one copy shall be filed with the county superintendent of schools.

2. No board of education shall have authority to enter into any written contract with a teacher who does not hold a valid certificate issued or recognized by the State Board of Education authorizing said teacher to teach the grades or subject matter for which the teacher is employed. Any board of education paying or authorizing the payment of the salary of any teacher not holding a certificate, as required herein, shall be adjudged to be guilty of a fraudulent expenditure of public funds and members voting for such payment shall be held jointly responsible for the return of the amount of any public moneys thus expended, upon suit brought by the district attorney or by any interested citizen in the district where such funds have been expended.

3. It shall be the duty of the county superintendent of schools and the district superintendent of schools under whose supervision teachers have been contracted to teach to certify to the treasurer of the contracting district the names of the teachers holding valid certificates with whom contracts have been made and the names of substitute teachers employed in accordance with law. Said treasurer shall not register any warrant issued in payment of salary to any teacher whose name is not included in such list and shall be

liable on his official bond for the amount of any warrant registered in violation of the provisions of this section.

4. Whenever any person shall enter into a contract with any school district in Oklahoma to teach in such school district the contract shall be binding on the teacher and on the board of education until the teacher legally has been discharged from his teaching position or released by the board of education from his contract. Until such teacher has been thus discharged or released, he shall not have authority to enter into a contract with any other board of education in Oklahoma for the same time covered by his original contract. If upon written complaint by the board of education in a district any teacher is reported to have failed to obey the terms of his contract previously made and to have entered into a contract with another board of education without having been released from his former contract, such teacher, upon being found guilty of said charge at a hearing held before the State Board of Education, shall have his certificate suspended for the remainder of the term for which said contract was made.

5. A board of education shall have authority to enter into written contracts with teachers for the ensuing fiscal year prior to the beginning of such year. If, prior to April 10, a board of education has not entered into a written contract with a regularly employed teacher or notified him in writing by registered or certified mail that he will not be employed for the ensuing fiscal year, and if, by April 25, such teacher has not notified the board of education in writing by registered or certified mail that he does not desire to be re-employed in such school district for the ensuing year, such teacher shall be considered as employed on a continuing contract basis and on the same salary schedule used for other teachers in the school district for the ensuing fiscal year, and such employment and continuing contract shall be binding on the teacher and on the school district. Provided that no dis-

trict or any member of the board of education of a district shall be liable for the payment of compensation to a teacher under the provisions of the teacher's contract for the ensuing year, if it becomes necessary to close the school because of insufficient attendance, disorganization, annexation, consolidation, or by dispensing with the school according to law, provided, such cause is known or action is taken prior to July 1 of such ensuing year.

SECTION 602. ANNUITY CONTRACTS FOR TEACHERS. 1. A part of the salary, not to exceed the exclusion allowance provided in Section 403 (b) (2) of the Internal Revenue Code, payable to a teacher or any full-time employee by a school district may, at the request of the teacher or such full-time employee, be paid by the purchase of an annuity contract from any insurance company authorized to do business in Oklahoma by the district for the teacher, and the teacher shall be entitled to have such annuity contract continued in force in succeeding years by such school district or any other school district subsequently employing the teacher. The amounts so contributed or paid by the school district for the annuity contract, or to continue it in force, shall be considered as payment of salary, for the same amounts, to the teacher for state aid purposes, Teachers' Retirement System purposes, or Social Security purposes, but not for State Income Tax purposes. Provided that the amount received under such annuity contracts shall be income subject to state income tax when actually received. Provided, further, that any teacher desiring to be covered by the provisions of this act shall express his or her wishes in writing to the local board of education of the district, not later than ten (10) days prior to the end of any pay period of the school year.

2. The provisions of paragraph 1 of this section shall also apply to all employees of institutions, agencies and boards comprising The Oklahoma State System of Higher Education. Such institutions, agen-

cies and boards may purchase annuity contracts from

a. any insurance company authorized to do business in Oklahoma, or

b. any life insurance or annuity company organized and operated, without profit to any private shareholder or individual exclusively for the purpose of aiding and strengthening educational institutions by issuing insurance and annuity contracts only to or for the benefit of such institutions and individuals engaged in the services of such institutions.

SECTION 603. DISMISSAL OF TEACHER — GROUNDS — NOTICE — HEARING. Upon hearing as hereinafter provided any teacher may be dismissed at any time for immorality, willful neglect of duty, cruelty, incompetency, teaching disloyalty to the American Constitutional system of government, or any reason involving moral turpitude. Before any teacher may be dismissed, written notice of the proposed dismissal shall be given him by the board of education in independent school districts, or by the county superintendent of schools in dependent school districts. Said notice shall contain a statement of the charges upon which a hearing is sought and by whom brought. The teacher complained of shall be notified of the date of the hearing, which shall be not less than ten (10) days from the date of said notice. The teacher shall be entitled to be present and to be represented by counsel. In the case of a teacher in a dependent school district the hearing shall be before the county superintendent of schools and the board of education of the district in which the teacher is employed. In independent school districts it shall be before the board of education of such school district. In all cases a majority vote of those constituting the board, before which said hearing is held, shall be required in order to sustain the charges against the teacher charged and in dependent school districts the county superintendent of schools must concur. Provided in cases involving incompetency or ne-

glect of duty, the decision arrived at at said hearing shall be final and in those involving moral turpitude an appeal may be taken to the district court of the county.

No school district nor any member of a board of education shall be liable for the payment of any teacher for the unexpired term of any contract if the school building is destroyed by accident, storm, fire, or otherwise and it becomes necessary to close the school because of inability to secure a suitable building or buildings for continuation of school. Teachers shall be entitled to pay for any time lost when school is closed on account of epidemics or otherwise when an order for such closing has been issued by a health officer authorized by law to issue the order.

SECTION 604. SICK LEAVE—STATE REIMBURSEMENT — MEDICAL BENEFITS.

1. The board of education of each school district in the state shall provide for sick leave for all teachers employed in the district and shall pay such teachers the full amount of their contract salaries during any absence from their regular school duties for a period of time and under such conditions as the board may determine, but not less than the minimum benefits hereafter specified. Payment for sick leave shall be made on the basis of the current salary rate then in effect for the teacher receiving the payment. The plan shall provide that a teacher may be absent from his duties due to illness without loss of salary for not less than ten (10) days during each school year. Leave shall accrue at the rate of one day or more per calendar month based on a ten-month school year and may not be used in advance. Unused sick leave shall be cumulative up to a total of sixty (60) days, but cumulative sick leave shall not be transferable to another district and shall expire if the teacher leaves the employment of the school district in which accumulated. Each school district shall adopt an appropriate plan to provide for serious illness, death in immediate family or other similar extreme circumstances.

The State Board of Education shall adopt an appropriate sick leave reporting form which may be used by each school district in reporting sick leave of teachers for state reimbursement purposes. The State Board of Education shall reimburse the school districts with additional state aid for fifty percent (50%) of the money paid school teachers for sick leave during the fiscal year from moneys appropriated for said purpose, for fiscal years beginning after June 30, 1971.

2. The plan of each school district for sick leave benefits may include other terms and conditions, but shall not provide less sick leave benefits than those prescribed herein. Hospital and medical proceeds may not be charged against sick leave benefits, but the proceeds received by the teacher from any insurance provided by the district for loss of compensable time may be charged against sick leave benefits. Provided the board of education may provide all or part of hospital and medical benefits, and sickness, accident, health and life insurance or any of the aforesaid for any or all of its employees. On authorization of the teacher, the district may approve payroll deductions for such teacher's portion of the aforesaid.

SECTION 605: SUBSTITUTE TEACHERS—PAYMENT.

1. If because of sickness or other reason, a teacher is temporarily unable to perform his regular duties, a substitute teacher for his position may be employed for the time of such absence. A substitute teacher shall be paid in an amount and under such terms as may be agreed upon in advance by the substitute teacher, the regular teacher and the board of education or according to regulations of the board. In the absence of any such agreement or regulation, such substitute teacher shall be paid in the same manner and amount as would have been paid the regular teacher, and the amount of the payment shall be deducted from the amount next payable to the regular teacher. Provided, that each reduc-

tion shall be only for the time lost in excess of the sick leave to which the regular teacher is entitled.

2. No substitute teacher shall be employed for a total period of time in excess of twenty (20) school days during a school year unless he is a holder of a valid certificate and has a written contract as a regular substitute teacher. No school district shall deduct from a teacher's salary more than the actual amount of money necessary to pay the substitute teacher due to illness of the teacher.

3. Any substitute or cadet teacher employed in any school system on a monthly or annual basis shall hold a certificate and have a written contract in the manner and under the same conditions as for regular teachers.

4. Teachers who are members, either officers or enlisted men, of the Reserve Corps of the Army, the Navy, the Marine Corps, the Coast Guard, the Women's Auxiliary Corps, or any other component of the Armed Forces of the United States, including members of the National Guard, shall, when ordered by the proper authority to active duty or service, be entitled to a leave of absence from such civil employment for the period of such active service without loss of status or efficiency rating and without loss of pay during the first thirty (30) days of such leave of absence.

SECTION 606. SALARY — TWELVE MONTHLY PAYMENTS. Boards of education are hereby authorized to contract with and pay all teachers in their respective districts in twelve (12) monthly payments, to be made on the basis of legal contracts between said board and teachers. Procedures for paying teachers shall be in accordance with any plan approved by the State Department of Education.

The aggregate amount of such salary payments in any fiscal year shall be as agreed upon by the board and the teacher. Under the terms of a contract made in keeping with the provisions of this subsection, no duties shall be expected or

required of the teacher in excess of one hundred ninety (190) days. Any district adopting this plan of payment may make it applicable to any or all teachers employed therein. Such plan shall be permissive rather than mandatory and may be discontinued at the close of any fiscal year.

All salaries paid in twelve (12) installments pursuant to the provisions of this subsection shall be for calendar months or fractional parts thereof.

SECTION 607. VIOLATIONS OF ACT. It shall be unlawful for a member of the board of education of a school district to employ, approve or vote for the employment of any person to perform services for such district unless the person employed holds a valid certificate of qualification issued in accordance with the rules and regulations of the State Board of Education to perform the services he is employed to perform.

SECTION 608. CERTIFICATE OF QUALIFICATIONS — UNLAWFUL TO TEACH WITHOUT. It shall be unlawful for any person to serve, or agree to serve, as superintendent, principal, supervisor, librarian, school nurse, classroom teacher or other instructional, supervisory or administrative employee of a school district unless such person holds a valid certificate of qualification issued in accordance with the rules and regulations of the State Board of Education to perform the services he performs or contracts or agrees to perform.

It shall be unlawful and a misdemeanor for any officer or employee of the State Board of Education, a member of a board of education, county superintendent of schools, or other person acting as an agent of the State Board of Education or any board of education, or county superintendent of schools, or of any school teacher, or of any person or organization, to pay or accept any fee, commission or remuneration of any kind or character in payment for services rendered in securing positions for teachers in any of the public schools of this state.

SECTION 611. GRATUITIES OR REWARDS—UNLAWFUL TO GIVE. It shall be unlawful and a misdemeanor for any person to give, or agree or offer to give, any gratuity or reward in consideration that he or any other person shall be employed as a teacher in any public school of this state.

SECTION 612. TEACHERS — GRATUITIES OR REWARDS IN CONNECTION WITH EMPLOYMENT. It shall be unlawful and a misdemeanor for any person, directly or indirectly, to ask or receive, or promise to receive any gratuity or reward or promise of a gratuity or reward for employing another person as a teacher in any public school of this state or for procuring for another person employment as a teacher in any public school of this state.

SECTION 614. CONTROL AND DISCIPLINE OF CHILD. The teacher of a child attending a public school shall have the same right as a parent or guardian to control and discipline such child during

the time the child is in attendance or in transit to or from the school or any other school function authorized by the school district or classroom presided over by the teacher.

SECTION 615. INFORMATION CONCERNING PUPIL. It shall be unlawful and a misdemeanor for any teacher to reveal any information concerning any child obtained by him in his capacity as teacher except as may be required in the performance of his contractual duties, except said information may be furnished to the parent or guardian of said child upon request.

No certificate shall be deemed to have been suspended or revoked by action of the commission, until a full review of its decision by the state board as set out herein. The teacher involved shall have a right to be present when said State Board reviews said decision and shall be given notice of the hearing ten (10) days prior thereto; provided, that if said state board does not receive the decision from the commission in time to give said notice, said board may hold a special meeting for the purpose of the review hearing or postpone the same to its next regular meeting.

If the state board, within ten (10) days after said review hearing, makes no recommendation and takes no action on the decision of said commission, its decision shall become final.

Any decision to revoke or suspend shall only be based on the grounds of immorality, wilful neglect of duty, cruelty to students, incompetency, teaching disloyalty

to the American Constitutional system of government or for any reason involving moral turpitude.

The commission shall have authority to make other recommendations to the State Board of Education and to the local boards of education which would promote improvement of the teaching profession.

The commission shall have authority to subpoena records and witnesses and administer oaths.

Nothing in this act shall prohibit the State Board of Education from taking independent action on cases not coming through said commission insofar as suspension or revocation of certificates is concerned, under the present regulations and statutes.

SECTION 621. FINANCING OF PROFESSIONAL PRACTICES COMMISSION. Until otherwise provided by law, the commission shall be financed by the members of the teaching profession of Oklahoma.

SECTION 622. CONTRACTS — TEACHERS WITH THREE YEARS SERVICE—FAILURE TO RENEW — HEARING — APPEAL. The failure to renew a contract by a board of education of any teacher who has served three (3) years shall not be effective, and such contract shall be renewed unless there is served on such teacher a written statement by such board containing a statement of causes for such action and an opportunity for the teacher to appear before such board and be heard on the question of reconsideration of such action by the board.

Such commission shall allow the teacher to be heard and after reviewing the facts shall report its recommendation to the State Board of Education. Before final decision of the matter the teacher shall be allowed to appeal the action of the board to the Professional Practices Commission. Upon the receipt of the recommendation of the Professional Practices Commission, the State Board of Education, if requested by the teacher, shall fix a date, hour and place for hearing of the matter within ten (10) days and

notify the teacher of such time and place. At such hearing both the teacher and the local board of education shall be advised of the action of the Professional Practices Commission and be allowed to be heard. Such hearing may be held in executive session if agreed on by all parties concerned.

After review of the matter the State Board of Education shall issue its decision either confirming the action of the local board of education or issuing the finding that dismissal of said teacher was without cause and that said teacher was without fault in the premises, which decision shall be final. A finding that a teacher was dismissed without cause shall reinstate his or her contract.

ARTICLE VII

ANNEXATION AND CONSOLIDATION

SECTION 701. BOUNDARIES—PETITION OR RESOLUTION TO CHANGE—ELECTION.

1. The territory comprising all or part of a school district may be annexed to an adjacent school district, or to a school district in the same transportation area authorized to furnish transportation, or to two or more such districts, when approved at an annexation election called by the county superintendent of schools

a. in pursuance of a petition for annexation signed by a majority of the school district electors in the territory proposed to be annexed, hereinafter referred to as the area affected, as provided in this section, or

b. in pursuance of a resolution adopted by the board of education of the district in which the area affected is situated. Such election shall be held within fifteen (15) days after the county superintendent of schools receives such petition, at some public place in the school district in which the area affected is situated, between the hours of 7 a.m. and 7 p.m., and notice thereof shall be given by the county superintendent of schools in the same manner as notice of special elections of the school district electors of school districts is given, provided, that the county superintendent of schools shall not be required to call an election for the purpose of annexing a part of a school district more than once during any twelve-month period. Such elections shall be conducted by the county election board.

2. The annexation shall be approved by a majority of the school district electors at such election

a. of an entire school district, or

b. if a majority of the members of a board of education of a school district losing the territory concur with the petitioners, or resolution, only the legal voters of the area so affected shall be eligible to vote at such election.

3. The annexation shall be approved by a majority of the school district electors of the area affected, voting at such election, if the area affected is an area within a school district in which, as a result of condemnation proceedings by the federal government, a majority of the pupils of said area have attended school, for at least one school term, in the adjoining district to which the petition requests annexation.

4. If the annexation is approved, as hereinbefore provided, the county superintendent of schools shall, within five (5) days after such election, make an order declaring the annexation as requested in the petition or resolution for annexation, but the annexation shall not become effective until the time for filing an appeal, as hereinafter provided, has expired. In the event a majority of the electors voting at such election do not vote for the annexation, the county superintendent of schools shall, within five (5) days after such election, make an order denying the annexation. Within ten (10) days after the order of the county superintendent of schools is made, twenty-five percent (25%) of the school district electors who were eligible to vote at the annexation election may appeal to the district court of the county in which the territory proposed to be annexed, or the largest part thereof if such territory lies in more than one county, is situated, and thereafter all proceedings shall be stayed until the district court has rendered judgment. The proceedings shall be given precedence over all other civil matters.

5. If the territory proposed to be annexed is situated in more than one county, the petition or resolution shall be filed with the county superintendent of schools of the county in which the largest part of such territory lies, and he shall call the annexation election and perform the other duties required herein of the county superintendent of schools.

6. When an independent or dependent high school district seeks to annex to a

dependent grade school district, by procedures as heretofore provided, the election shall be stayed twenty (20) days after the resolution or petition is filed. Within this period, the dependent district can circulate a petition to hold an election to either annex to an adjoining district, or keep their school, and if either of these propositions is adopted by a majority of the qualified electors in the district voting at the election, then the result shall be final for at least one (1) year, and the first petition or resolution shall be dissolved. If no petition is circulated and no election called or held within said twenty-day period, the first petition or resolution will then be voted upon. Such elections shall be conducted by the county election board.

SECTION 702. DISTRICT HAVING AVERAGE DAILY ATTENDANCE OF LESS THAN 20 OR NOT MAINTAINING SCHOOL FOR YEAR — DISORGANIZATION.

1. Whenever any school district shall have an average daily attendance for one (1) year of less than twenty (20) or shall have failed to maintain school within the district for one (1) year, the State Board of Education shall declare such district to be disorganized and shall annex the territory comprising such district to the district or districts, maintaining transportation within the transportation area or areas in which such territory is located.

2. Notice of the disorganization of a school district and annexation of its territory to another district or districts under the provisions of this section shall be given by the State Board of Education to the Oklahoma Tax Commission and to the county superintendent of schools, county clerk, county treasurer and county assessor of each county in which any of the territory of the disorganized district lies.

SECTION 703. ANNEXATION OR DISORGANIZATION — ASSUMPTION OF BONDED INDEBTEDNESS. 1. The component parts (or part) of the district annexed, whether the annexation is or was

voluntary or mandatory under the provisions of this or any prior act, shall assume their full proportion of all legal bonded indebtedness of the district or districts to which they are or were annexed, and the district or districts to which they are or were annexed shall likewise assume a full proportion of all legal bonded indebtedness of the district annexed, or ratable proportion in ratio to the assessed valuation to the part annexed.

2. Provided, that if the area affected is or has been annexed under the provisions of this article to a school district (hereinafter referred to as the "first" district) having a bonded indebtedness at the time of said annexation, and if at the time of said annexation said area affected is or was not liable for any bonded indebtedness, and if within four (4) calendar months or less after said annexation all or any portion of the territory of the area affected is or has been detached from the first district to become a part of some other school district (hereinafter referred to as the "second" district) then:

a. if the detachment of said territory occurs in any fiscal year after the effective date of this subsection, and before the certification of the budgets and levies of the first district for said fiscal year to the State Auditor, neither the said detached territory nor the second district shall have any liability for the payment of any part of the bonded indebtedness of the first district which existed when the area affected was annexed to the first district;

b. if the detachment of said territory occurs in any fiscal year after the effective date of this subsection, and after the certification of the budgets and levies for said fiscal year of the first district to the State Auditor, the said detached territory shall continue to bear its share of the bonded indebtedness of the first district as prescribed by subsection 1 of this section for the remainder of said fiscal year, but the second district shall not be liable for any part of the bonded indebtedness of the first district which existed at

the time of the annexation of the area affected to the first district; and after the beginning of the next succeeding fiscal year neither the said detached territory nor the second district shall have any liability for any of the bonded indebtedness of the first district which existed at the time the area affected was annexed to the first district; or

c. if the detachment of said territory occurred prior to the effective date of this subsection, then the provisions of subsection 1 of this section shall remain in full effect for the remainder of the fiscal year 1950-51, but after July 1, 1951 neither the said detached territory nor the second district nor any other school district of which any portion of said detached territory may have been a part after its detachment from the first district shall have any further liability for the bonded indebtedness of the first district which existed at the time of the annexation of the area affected to the first district.

SECTION 704. DIVISION OF PROPERTY — DEBTS AND OBLIGATIONS.

1. In case the area affected comprises an entire school district, and all of such area is annexed to only one other district, the district to which it is annexed shall become the owner of all the property and other assets of the disorganized district and shall be liable for the current debts and other obligations of such disorganized district, and said district shall also acquire title to and provide for permanent custody of all individual scholastic and other permanent records relating to each pupil who was previously enrolled in the annexed district.

2. In case the area affected comprises an entire school district, and is annexed to two or more districts, then the current debts or obligations and property and other assets of the disorganized district shall be divided by agreement between the boards of education of the annexing districts, and the board of education of either of the annexing districts may pur-

chase any such property or assets to effect a just division. If the boards of education are unable to agree, the matter shall be decided by the State Board of Education, and its decision shall be final.

3. In case the area affected is not an entire school district, the district to which the annexation is made shall not acquire any of the property or assets of the district from which the area affected is detached.

4. If any mandatory or voluntary annexation made under the provisions of this article shall occur after the election on school district levies for the ensuing fiscal year and before the tax levies of the ensuing year have been made and certified, the operating and building levies authorized for the annexing district shall be the levies for all the said district after such annexation. All mandatory or voluntary annexations made and ordered subsequent to the certification of the budgets and levies to the State Auditor shall be forthwith effective regardless of any variation in such levies; and the budgetary assets of the annexed district or districts theretofore so certified as unexpended and unencumbered shall be merged by supplementary procedure with the budgetary assets of the annexing district.

5. In case the area affected is annexed to two or more districts or the area affected is not an entire school district the individual scholastic and other permanent records relating to each pupil enrolled at the time of annexation shall be transferred to the respective districts where said pupils are transferred. All other individual scholastic and other permanent records relating to pupils in said areas or entire districts affected shall be filed with the county superintendent of public instruction.

SECTION 705. CONSOLIDATION — STUDIES — PETITION — ELECTION.

Two or more adjacent school districts may be consolidated into a single school district in accordance with standards, rules and procedures to be determined by the

State Board of Education. When the consolidation of two or more school districts is proposed, the State Board of Education shall conduct such studies of the populations, wealth, terrain, trade areas and other factors as may be necessary to determine the location of boundaries and the size of a proposed district which will most nearly insure an efficient and economical administrative unit. The State Board of Education shall furnish the boards of education of the school districts which might be involved information and advice as to where the boundaries and what the size of the proposed new district should be. Nothing herein shall be construed to prevent the inclusion within a school district of territory lying within the boundaries of two or more counties.

Ten percent (10%) of the qualified school electors in any district may petition the board of education of such district to request such information, or a board of education of such district may on its own initiative ask for information and advice from the State Board of Education on the educational advantages and disadvantages of proposed consolidation to the children and residents of the area which might be affected. Upon the receipt of such a petition, the local board of education shall request the services of the State Board of Education and shall notify the boards of education in adjacent school districts that such a request has been made. The State Board of Education may on its own initiative make the study herein authorized of any area of the state and direct the board of education of such school districts as might be involved to set into operation in their districts the procedure for determining what, if any, consolidation should be carried on in the area under study.

Provided any rules or procedures which the State Board of Education may prescribe or consolidation of school districts shall include the opportunity for the qualified school electors in the school districts in-

involved to express their wishes through a majority vote of the school electors in the entire territory involved. Provided, an election for such purpose shall be held only upon petition therefor, signed by a majority of the school district electors of each school district included in the proposed consolidation. Such an election shall be called and conducted by the State Board of Education. When such a majority vote is in favor of consolidation, the State Board of Education shall declare the participating school districts dissolved and the new school district established, and the newly formed district shall thereupon be governed by the provisions of the Oklahoma School Code. Provided, persons serving as members of the board of education of the participating district having the largest number of enumerated children as shown by the last regular enumeration shall serve as members of the board of education of the newly formed district for the terms for which they were elected and until their successors have been duly elected or appointed and have qualified.

All liabilities, assets, powers and duties of the participating districts shall become the responsibility of the new school district, which district shall be the legal successor in every respect to the school districts participating in the consolidation in accordance with law.

SECTION 706. BUILDINGS — RENTED, MOVED, OR SOLD. No building or appendages thereto of any school district that has been annexed to another school district or districts shall be rented, moved or sold by the board of education of the annexing district or districts without the approval of a majority of the school district electors in the annexed district voting on the proposition, if such building is being used at least once each ninety (90) days for public gatherings. Provided, that the board of education of the annexing district acquiring such building may require persons or groups using such building and appendages to pay the cost of

maintenance, including insurance, of such building and appendages.

SECTION 707. DISPOSITION OF PROPERTY. Once a school district has voted to dispense with grades one (1) through eight (8) or one (1) through twelve (12), it shall be illegal for the board of education of such district to sell, exchange, trade, junk, salvage, or otherwise dispose of any furniture, equipment, land, buildings, or other such assets belonging to the school district unless such sale, exchange, trade or disposal is made to, and only to, another public school district in the State of Oklahoma. It shall also be illegal for the board of education to expend the school district's funds for any purpose after the end of the fiscal year in which grades one (1) through eight (8) or one (1) through twelve (12) have been dispensed with except in payment of legal transfer fees, bond and property insurance premiums, utilities, salary of the clerk of the board of education, audit expenses, and the expenses necessary for the preservation and maintenance of school property; provided, that a board or boards of education receiving the annexed district shall have one (1) year after annexation to sell or convey the title of land and buildings to a nonprofit corporation to be used for community purposes after the same has been approved by a majority of the electors of the annexed district, present and voting, at an election called for such purpose; provided, that when such use ceases, the title to said land and buildings shall be vested in the receiving district or districts which shall be evidenced by resolution of the annexed district.

SECTION 708. FEDERALLY-OWNED RESERVATIONS — ANNEXATIONS. Any federally-owned reservation, or any portion thereof, within the State of Oklahoma shall with the consent of the United States, given by and through the commanding officer, superintendent, or other officer having charge of such reservation, be at-

tached to an independent school district within the same transportation area for school purposes by the county superintendent of schools of the county in which such reservation and independent school district are situated, upon the petition of the commanding officer, superintendent, or other officer having charge of such reservation, and with the consent of the board of education of such independent school district. The petition of such commanding officer, superintendent, or other officer in charge of any such federally-owned reservation and the consent of such board of education shall be filed with the county superintendent of the county in which such reservation and independent school district are located, and said county superintendent shall thereupon order such reservation to be attached to such independent school district.

ARTICLE VIII

TRANSFER OF PUPILS

SECTION 801. PUPILS — TRANSFER — APPROPRIATION — EXPENDITURES. Any child residing in a school district that does not offer the grade which such child is entitled to pursue shall be entitled to be transferred to a school district which offers the grade which he is entitled to pursue, and to have appropriated and expended, from the funds of the district in which he resides, the per capita cost for the previous year of the district to which he is transferred.

SECTION 802. GROUNDS FOR TRANSFER. 1. The county superintendent of schools shall grant an application for transfer of a child from the district in which he resides to another school district furnishing instruction in the grade he is entitled to pursue if such transfer has the approval of the board of education of the sending and receiving districts. Provided, however, if the grade such child is entitled to pursue is not offered in the district where such child resides, the transfer must be approved. Provided, a child may be transferred by the State Board of Education to a school district in

another state, if the board of education of the school district in which the child resides and the board of education of the high school district in whose transportation area the child resides determines that the best interests of the child will be best served by such transfer. No transfer shall be granted for any reason not hereinbefore specified. No child shall be transferred under the provisions of this article to a school district other than the one designated in the application for his transfer.

2. When a child has been transferred and later changes his residence to another school district in the State of Oklahoma, he shall be entitled to attend school in the district to which he shall have previously been transferred during the school year for which the transfer was made; and if such change of residence is to the district to which the child shall have been transferred, an affidavit of parent or guardian, or of the school board of the transferring district, disclosing removal of residence from the transferring district, a transfer previously made may be canceled, and the appropriation made therefor relieved of such encumbrance to the extent not earned. Provided, that if any child changes residence from a district offering the grade which such child is entitled to pursue, to another district during the school year, for which he was transferred, he shall be entitled to attend school in either district for the remainder of the current year. Provided, further, that when the transfer of a child has been finally approved or becomes final under the provisions of this article, such child shall not be entitled to attend school in the district from which he was transferred, even though he continues to live therein during the school year for which the transfer was made, except in case of a cancellation of the transfer as authorized by this article.

SECTION 803. APPLICATION FOR TRANSFER — PROCEDURE. In order that any child may be transferred, a writ-

ten application for such transfer, designating the district to which the transfer is desired, shall be made by either of his parents, or by his guardian, and such application shall be filed with the county superintendent of schools for transfers to school districts in the State of Oklahoma and with the State Board of Education for transfers to school districts in another state not later than May 15, preceding the school year for which the transfer is desired. The county superintendent of schools shall notify, not later than May 25, the clerk of the board of education of the district from which the transfer is proposed to be made and the clerk of the board of education of the district to which the transfer is proposed to be made. The notices of the application for transfer shall be to the effect that on or before June 5, the board of education of either district affected by the proposed transfer shall have an opportunity to show cause, if any, why the transfer should or should not be granted. The county superintendent of schools shall, not later than June 15, notify, in writing, the clerk of each board of education affected as to whether or not the transfer has been granted. Provided that at any time before June 20, the board of education of either district or the parent or guardian of the child may appeal, in writing, from the action of the county superintendent of schools to the district court of the county in which the child resides, and such appeal shall be heard, and a decision rendered thereon, not later than June 30, and such decision shall be final.

SECTION 804. EMERGENCY TRANSFERS — WHAT INCLUDED IN EMERGENCIES. On adequate showing of emergency the county superintendent may make and order a transfer, subject to approval by the State Board of Education. Such an emergency may include destruction of school building, inability to furnish the grade of study the pupil is entitled to pursue, and total failure of transportation facilities previously had or contemplated, and could be detrimental and confusing

to said child's behavior. Similarly, a transfer previously made may be canceled, with the concurrence of the board of the receiving district and a retransfer granted. Also, on affidavit of parent or guardian, or of the school board of the transferring district, disclosing removal of residence from the transferring district, a transfer previously made may be canceled, and the appropriation made therefor relieved of such encumbrance to the extent not earned; and, with concurrence of the boards of education of both the transferring and transferee districts, a parent or guardian may show by affidavit that, by discontinuance of transportation facilities previously afforded or contemplated, the pupil or pupils are unable to attend the school of the transferee district, whereupon the transfer so made may be canceled and the appropriation therefor relieved of any encumbrance to the extent not earned.

SECTION 805. ORDER OF EMERGENCY TRANSFER — CERTIFIED TO COUNTY CLERK. Every order of the county superintendent of schools making change of transfer status under any emergency situation shall be immediately certified to the county clerk for the files of the excise board, to the county treasurer and to the State Board of Education. Thereafter, the board of education of the transferee district may present the proper showing to the excise board for modification of the district's budget items of appropriation, as to both the general and transfer funds but subject to the requirements of statutes relating to transfer of pupils, under the provisions of the supplemental appropriation law; and any adjustments made to such budget by the county excise board shall forthwith be certified to the clerk and treasurer of such board of education, which shall adjust its accounts accordingly.

SECTION 806. SCHOOL DISPENSED WITH — TRANSFER OF PUPILS — ANNEXATION. Upon a majority vote of the school district electors having children el-

igible to attend school in the grades offered in a school district, voting at the annual school district election or a special school district election called for such purpose and held not later than June 30, or upon a petition signed by sixty per cent (60%) of the school district electors having children eligible to attend school in the grades offered in a school district, filed with the county superintendent of schools before June 30 either the high school (grades 9 to 12, inclusive), or the grade school (grades 1 to 8, inclusive), or both, shall be dispensed with for the ensuing year and all of the pupils who would be entitled to attend school in the grades dispensed with shall be transferred to another school district or districts maintaining courses of instruction which such pupils are entitled to pursue. The parent or guardian of each child desiring to be transferred from any such district dispensing with school shall be required to file with the county superintendent of schools, within ten (10) days after such meeting is held or after such petition is filed with the county superintendent of schools, an application for the transfer of such child, as other applications for transfer, and thereafter the same procedure shall be followed as in the case of individual transfers. Provided, that any district which dispenses with its entire school district for the ensuing year, as provided herein, shall be mandatorily annexed on July 1 by the State Board of Education to an adjacent district or districts to which pupils of such dispensed district have been transferred. Provided, further, that if a district does not officially dispense with its school and fails to open or maintain a school for such ensuing year, the State Board of Education, except in cases where reasons over which the district had no control causes a normal delay in the opening or maintenance of such school, shall at its next regular meeting annex such district to an adjacent district or districts to which pupils have been transferred.

SECTION 807. ANNUAL ESTIMATE — PAYMENT OF TRANSFER FEES. The annual estimate of each school district from which pupils have been transferred shall include a request to the county excise board to make the necessary appropriation for the payment of transfer fees payable by such district under the provisions of this article.

SECTION 808. AMOUNT OF APPROPRIATION — DUTY OF EXCISE BOARD. After the board of education of the district from which a transfer has been made has determined the amount of the appropriation for transfer fees and such appropriation has been made by the county excise board in the budget of such school district, the district to which any such pupils have been transferred shall estimate the amount so appropriated as probable income for appropriation, and it shall thereupon become the duty of the county excise board to use the total amount so estimated to help finance appropriations of the district to which such pupils are transferred.

Fees for all transfers from school districts where a school or schools are maintained within the district shall be based on the previous year's total per capita cost of pupils in average daily attendance in the district to which the transfer is made plus eight percent (8%) of such total cost for use of buildings already constructed. Such cost shall be based upon the total expense for the year during which computation is made.

The education per capita cost of the district to which the pupils are transferred shall be computed as follows:

The total expenditures of the previous year including: all state and federal funds; annual accrual and interest on outstanding bonds voted for the purchase of furniture, repairs, and construction of buildings; funds expended from any constitutional building fund; eight percent (8%) of such total cost for use of buildings already constructed, but excluding the cost of transportation; the cost of constructing

new buildings, by bond issue; and disbursements from sinking funds, except annual accrual and interest on outstanding bonds, shall be divided by the average daily attendance for the previous year.

The transportation per capita cost of all pupils (resident and transferred) transported by the district to which the pupils are transferred shall be computed as follows:

The total cost of transportation, including annual accrual and interest on outstanding bonds issued for transportation equipment, shall be divided by the average number of pupils (on which State Aid may be paid) transported the previous year by the school district to which the pupils are transferred.

The sum of the total education per capita cost for the previous year plus the eight percent (8%) of such total cost for buildings already constructed and paid for and the total transportation per capita cost for the previous year shall be considered as the per capita cost of the district to which the pupil is transferred. Provided, if the transferred pupils are not transported by district to which they are transferred, the transportation cost shall not be added to the education per capita cost in computing the amount to be appropriated for transfer.

SECTION 809. COUNTY TREASURER — DUTY TO APPORTION TAXES AND MONIES. It shall be the duty of the county treasurer to apportion taxes and all other monies coming into his possession as expected income within the approved estimate of any district as follows: the general fund collections and unencumbered cash on hand from the previous year shall be apportioned to the general fund of the district from which transfers are made and to the district to which pupils are transferred in the same percentage as the appropriation for the district from which pupils are transferred, and the appropriation for the district to which the pupils are transferred is of the total appropriation of such district for the

current year. Provided, if the pupils from any school district are transferred to more than one school district, the taxes and other miscellaneous revenue including cash surplus shall be apportioned to each district in the same proportion as the appropriation for each school is of the total appropriation made by the district.

Provided, further, any child moving into a district not providing school facilities of the grade he is entitled to pursue after the time for making transfers shall be entitled to a transfer to a district offering instruction in the grade he is entitled to pursue, if application therefor is made within fifteen (15) days from the time such change in residence is made, upon written consent of the county superintendent of schools. If the estimate of the district from which said child is transferred has not been finally approved at the time such transfer is made, an appropriation for the payment of a transfer fee for the benefit of such child shall be included in such estimate in the same amount as that for other transferred pupils.

SECTION 810. REPORT SHOWING NAMES OF TRANSFERRED PUPILS.

1. It shall be the duty of the county superintendent of schools, not later than June 25, to furnish the board of education of each district from which transfers have been made a statement showing the names of the children transferred and their respective grades. Copies of such statement shall be filed with the county clerk and the county treasurer, and said statement shall be the basis for action of the county excise board in approving the estimate of the district from which the transfers have been made and of the county treasurer in apportioning funds accruing to the credit of such district.

2. No school district maintaining a school or schools within the district shall be required to appropriate for transfer fees a greater amount than the amount by which the Minimum Program Income, as defined by the State Aid Law in 1963-64, exceeds the minimum program so defined

TRANSPORTATION

SECTION 901. TRANSPORTATION FOR PUPILS — APPROVAL STATE BOARD OF EDUCATION. Any school district may provide transportation for each child who should attend any public elementary or high school when, and only when, transportation is necessary for accomplishment of one of the following purposes:

1. to provide adequate educational facilities and opportunities which otherwise would not be available;

2. to transport children whose homes are more than a reasonable walking distance, as defined by regulations of the State Board of Education, from the school attended by such child. Provided, that no state funds shall be paid for the transportation of a child whose residence is within one and one-half (1½) miles from the school attended by such child. Provided further that any district having twenty-five (25) or more square miles in area and maintaining only one (1) school, may provide legal transportation upon approval by the State Board of Education;

3. To transport children who otherwise would be subjected to safety hazards in going to and returning from school, such as the necessity for said children to cross four-lane highways or other heavily traveled or high-speed traffic arteries, the proximity to the school of shopping centers or other concentrations of automobile traffic, the lack of sidewalks in the vicinity of the school necessitating the children walking in the streets, the existence or probability of water-filled bar ditches along the streets leading to the school, the absence of adequate parking areas and "unloading" areas to serve the school, or other similar or dissimilar conditions which, in the opinion of the State Board of

Education, would subject said children to unusual danger to their safety. Provided, further, that any school district which does not qualify for transportation under the provisions of this act, may use school district funds not obligated under the minimum school program with the approval of the State Board of Education. There shall not be a reduction in the per capita formula for transportation in any category as of the 1969-70 State Aid payments on transportation or as amended hereafter.

SECTION 902. TRANSPORTATION COSTS — REPORTING. The State Department of Education shall prescribe necessary forms for use by school districts in reporting actual expenses incurred in transporting pupils.

SECTION 903. PURCHASE OR CONTRACT FOR USE OF VEHICLES — LETTERING — STOP SIGNS. The board of education of any school district authorized to furnish transportation to school children may purchase and maintain suitable vehicles for such use and/or may contract with responsible individuals or another school district to furnish all or part of said transportation. All such contractors, however, shall be subject to statutory provisions relating to the transportation of school children. Every vehicle with a capacity of six (6) passengers or more used in transporting school children shall have painted in letters not less than eight (8) inches in height on the front thereof the words, "SCHOOL BUS," and on the rear thereof in letters of the same size, "SCHOOL BUS — STOP ON SIGNAL."

For the purpose of the Oklahoma School Code "transportation equipment" is defined as any vehicle or conveyance used for transportation of pupils when the cost of rent, lease, purchase, maintenance, or operation of said vehicle or conveyance is defrayed in whole or in part from public school funds.

All transportation equipment shall be of such construction as to provide safe, comfortable and economical transportation of passengers. All such equipment which is used to transport six or more public school children at one time shall be constructed, maintained and operated in accordance with all requirements of laws and rules and regulations of the State Board of Education. Any person violating the provisions of this section shall be guilty of a misdemeanor.

SECTION 905. BOUNDARIES OF AREA FOR TRANSPORTATION — DEFINITE ROUTES. It is hereby made the duty of the State Board of Education to determine and fix definite boundaries of the area in which each school district shall provide transportation for each school. The State Board of Education is also authorized to establish definite routes in each transportation area, and it shall be the further duty of said Board to make rules and regulations as to the manner in which said area and routes may be established or changed. State funds payable to a district shall be withheld for a failure or refusal to confine its transportation to the area and routes designated by the State Board of Education or to comply with the rules and regulations of the State Board of Education.

SECTION 906. INSURANCE TO PAY DAMAGES — ACTIONS AGAINST SCHOOL DISTRICT. The board of education of any school district authorized to furnish transportation may purchase insurance for the purpose of paying damages to persons sustaining injuries proximately caused by the operation of motor vehicles used in transporting school children. The operation of said vehicles by school districts, however, is hereby declared to be a public governmental function, and no action for damages shall be brought against a school district under the provisions of this section but may be brought against the insurer, and the amount of the damages recoverable shall

be limited in amount to that provided in the contract of insurance between the district and the insurer and shall be collectible from said insurer only. The provisions of this section shall not be construed as creating any liability whatever against any school district which does not provide said insurance.

SECTION 907. RULES OF THE ROAD. Each school bus shall be operated in conformity with all rules of the road duly established by law and shall observe traffic requirements for the route which it travels.

SECTION 908. ADDITIONAL TRANSPORTATION — EXPENSES. Provided, that upon request therefor by the State Director of Cooperative Extension Work in Agriculture and Home Economics (Service), or the State Director of Vocational and Technical Education or the State Supervisor of Vocational Agriculture, the State Board of Education shall authorize any school district furnishing transportation to provide transportation for school children participating in educational contests and activities outside of the State of Oklahoma, or outside of the districts in which they reside, and two or more districts may enter into agreements for the furnishing of such transportation. The expense of any such additional transportation shall be paid by the children so transported, by the school activity or school organization receiving benefit from such transportation, or from

other private sources. Money so collected shall not be chargeable to or become a part of the school district's finances.

SECTION 909. PRICE LIST AND DESCRIPTION OF TRANSPORTATION EQUIPMENT. The State Board of Education is hereby authorized to request a price list and a complete description and specifications of any transportation equipment to be offered for sale to any school board or board of education of any district in the State of Oklahoma.

The State Board of Education shall examine such equipment to determine whether or not such equipment meets the requirements of the National School Bus Standards and such other specifications as the State Board of Education may determine as necessary to provide safe transportation for pupils to and from school and shall approve for sale to all schools in the State of Oklahoma transportation equipment, including bus bodies and chassis, which equipment meets or exceeds the specifications provided for the National School Bus Standards and such other specifications as the State Board of Education may deem as necessary.

The State Board of Education shall make a list of the equipment approved by them and the maximum price at which such equipment can be purchased. The list shall include a complete description of the equipment. Such description shall include the specification of the school bus bodies and chassis as well as the factory list price of such equipment at the various factories. Such list shall be made available to all school districts authorized to purchase transportation equipment. Provided, at any time there shall be any change of specifications or prices by manufacturers of chassis or bodies, there shall be filed with the State Board of Education a revised set of specifications and prices.

The school board or board of education of any school district authorized to fur-

Provided, however, all purchases made under the provisions of this act for transportation shall be made upon sealed bids, and contract of purchase shall be awarded to the lowest and best bidder.

It is hereby made the duty, and the State Board of Education is hereby required, to make such rules and regulations as are necessary for the administration of this section and to require from school district boards of education such information and reports as they believe necessary for proper administration of this section. Said revolving fund shall be a continuing fund and shall be nonfiscal in character.

SECTION 911. USE OF FUND. The State Board of Education through the Director of Finance is hereby authorized

to use the "Special Transportation Revolving Fund," for the purchase of pupil-transportation equipment suitable for the transportation of children to and from the common schools and to make one or more units of such pupil-transportation equipment available for use by any school district in the State of Oklahoma which is either required or authorized by statute to provide free transportation to and from school for children legally residing in such district or legally transferred thereto and entitled to attend school therein, but which school district does not have sufficient funds available, and, because of then existing indebtedness, may not legally issue its bonds for the purchase of other pupil-transportation equipment. Provided, such equipment shall be purchased from the list of approved equipment as provided for in Section 909 and at a price not greater than the price so approved. Provided, further, the school board or board of education of any school district desiring to rent such equipment shall select from the approved list the equipment they desire before the State Board of Education shall be authorized to purchase transportation equipment for rental to any district. Provided, further, the State Board of Education shall not be authorized to act in behalf of any school district in the purchase of any transportation equipment except as provided for in this act.

SECTION 912. LEASE OF EQUIPMENT. Any such eligible school district and the State Board of Education may enter into a lease contract, in writing, for the use by such school district of one or more of such pupil-transportation equipment units during the then current fiscal year, at the annual rental value of such unit or units determined in the manner provided for herein, but which contract may be entered into only against a then current item of appropriation for "Transportation Operation." Any school district which lawfully leases one or more of such pupil-transportation equipment units from the State Board of Education during any

fiscal year shall be eligible to enter into a like contract for the same unit or units during and for the ensuing fiscal year, and shall also be eligible to purchase the same such units, as provided for herein, even though such district then has sufficient funds available or may then legally issue its bonds for the purchase of other pupil-transportation equipment.

SECTION 913. RENTAL VALUE OF EQUIPMENT. The State Board of Education shall fix the annual rental value of each particular unit of such pupil-transportation equipment at an amount not less than that required to amortize the original total cost of that unit by five (5) years' rental thereof.

The State Board of Education may sell any particular unit of such pupil-transportation equipment to an eligible school district, at any time after such unit has been leased for one (1) fiscal year, for an amount not less than the original total cost of such unit less rentals actually paid for the use of such unit; provided, however, in so selling any such unit, preference shall be given to the school district leasing such unit during the then preceding fiscal year.

SECTION 915. CARE OF EQUIPMENT. Any school district leasing any such pupil-transportation equipment from the State Board of Education shall at its own cost and expense procure such equipment from the State Board of Education, keep such equipment, including all tires, tubes and accessories thereon and therewith, in good repair during the time the same shall be in its possession, and, at the expiration of the term of such lease, unless such equipment be purchased or again leased by such district, return such equipment to the State Board of Education in as good condition as when received, ordinary wear and tear alone excepted. Any tire or tube needing to be replaced while such equipment is the possession of a school

district shall be replaced by, and at the expense of, such district.

SECTION 916. SPACE FOR STORAGE OF EQUIPMENT. The State Board of Education is hereby authorized to procure space for the storage of such pupil-transportation units while not in the possession of a school district and to pay the necessary cost thereof from the "Special Transportation Revolving Fund." When any such unit is returned to the State Board of Education, said board is hereby authorized to recondition same, and to pay necessary cost of such reconditioning, including the cost of any new tires or tubes required for such purpose, from said "Special Transportation Revolving Fund."

SECTION 917. EXPENSE — PAID FROM WHAT FUNDS. Any costs or expense necessarily incurred by the State Board of Education in the administration of the foregoing provisions relating to the "Special Transportation Revolving Fund" shall be paid from funds appropriated or allocated for the administration of laws providing for the payment of state aid to school districts in the same manner that expenses of administration of such laws are paid.

The State Textbook Committee may approve the substitution of a later edition in lieu of the textbook originally selected. The publisher shall stipulate in the contract that the price for which the textbook is to be furnished will be the lowest at which the same textbook will be sold or offered for sale for the purpose of securing a state or local selection or adoption elsewhere in the United States during the six (6) months prior to the

date of the execution of the contract; that he will reduce the contract price of the textbook, if the price of the same textbook is reduced below such contract price elsewhere in the United States, and that he will file with the secretary of the committee a sworn statement of such reduction made elsewhere; that if he prepares any supplementary or abridged or special editions of any of the textbooks, and shall sell such editions elsewhere at a lower price than that stipulated in the contract, he will file copies of any and all such editions, together with the prices thereof, with the secretary of the committee; that he has not entered into any understanding, agreement or combination to control the prices or restrict competition in the sale of textbooks; that he will furnish the textbooks to the State of Oklahoma during the term of the contract in such amounts as may be required, and that he will furnish for a like period in lieu of the corresponding textbooks under contract any other books listed in any annual statement subsequently filed by him during the term of the contract to any school district at the lowest new prices contained in such statement, and that he will maintain said prices uniformly through the state.

2. Each such contract shall contain an exchange provision if the textbook to be sold under the contract is to replace a textbook already in use in the public schools of the state. The exchange provision shall state that the publisher will pay to the State of Oklahoma a certain amount for each old book replaced by a new one during the first year of a contract; provided, that all amounts so received shall be allocated to school districts in the manner provided by Section 1614 hereof. The publisher is hereby granted a sixty-day period in which to pick up or have mailed to the publisher the old book or books, and the publisher shall agree to pay all freight charges on exchange books returned to its depository. After sixty (60) days have elapsed since

date of sale, it will be assumed that the publisher does not wish to have the old book returned.

3. Textbooks that have been selected by the State Textbook Committee may be purchased at the prices for which contracts have been awarded, pending the effective dates of the contracts, if the State Board of Education determines that any school district or districts will be at an educational disadvantage by waiting until the effective dates of the contracts to get needed textbooks.

SECTION 1607. REVISED EDITIONS—LATE ADOPTIONS. 1. In the event that a publisher whose bid has been accepted shall publish at any time before the expiration of the adoption period a new or revised edition of the adopted textbook, the State Textbook Committee may require such publisher to substitute such new or revised edition for the adopted edition at a price to be mutually agreed upon by the publisher and the State Textbook Committee, but not in excess of the lowest price at which the same textbook will be sold or offered for sale for the purpose of securing a state or local selection or adoption elsewhere in the United States during the twelve (12) months preceding the date of submitting such new or revised edition. A contract shall be made for such new or revised edition as for any other selection. Each bidder shall expressly agree to this provision as a part of his bid and the contract awarded if successful.

2. In the event that a publisher shall publish a textbook for a subject during the period for which adoptions for that subject have not expired such publisher may submit a bid for such textbook at the time and in the manner other bids are submitted. If fewer than seven (7) textbooks for such subject have been adopted, then the State Textbook Committee may adopt such book for the balance of the adoption period and thereafter

local textbook committees may adopt such book.

SECTION 1608. SURETY BOND—ATTORNEY GENERAL—RECOVERIES. The bidder to whom any contract may be awarded shall make and execute a good and sufficient surety bond, payable to the State of Oklahoma, in a sum not less than Two Thousand Dollars (\$2,000.00), nor more than Ten Thousand Dollars (\$10,000.00), to be fixed by the committee, conditioned that the contractor shall perform all of the conditions of the contract. The contract and bond shall be prepared by the Attorney General and shall be in conformity with, and subject to, all of the provisions of this article, and shall be payable in Oklahoma County. The bond shall not be exhausted by a single recovery thereon but may be sued upon until the full amount thereof is recovered; and the Committee may, after twenty (20) days' notice, require a new bond to be given, and in the event the contractor shall fail to furnish such new bond, such contract may at the option of the committee be forfeited.

SECTION 1609. RIGHT TO REJECT BIDS—FAILURE TO SECURE TEXTBOOKS. The State Textbook Committee shall have and reserve the right to reject any and all bids, if said committee be of the opinion that any or all bids should for any reason, be rejected; and in case it fails, from among the proposals submitted, to select sufficient books upon any of the branches of study provided for herein, it may advertise for sealed bids under the same terms as before, and proceed in its investigation in all respects as it did in the first instance.

SECTION 1610. LIST OF TEXTBOOKS. As soon as any contract shall have been entered into for the furnishing of textbooks for use in the public schools of the state, the secretary of the State Textbook Committee shall send a list of the textbooks selected by the State Textbook Committee to every county superintendent

of schools, district superintendent of schools and local textbook committee in the state, which list shall show the respective prices of such textbooks and contain such other information as the secretary shall deem advisable, and he shall annually publish and distribute a list of all textbooks that have been selected and that are then in force.

SECTION 1611. LOCAL TEXTBOOK COMMITTEE—EXAMINATION COPIES—ADOPTIONS—REQUISITIONS. 1. The superintendent of schools of each independent school district shall appoint a local textbook committee consisting of not less than three (3) nor more than nine (9) teachers employed in the public schools of the district, of which a majority of the membership shall be classroom teachers, and the superintendent of schools or a principal designated by him shall serve as chairman of such local textbook committee.

2. The county superintendent of schools of each county shall likewise appoint a local textbook committee to serve all dependent school districts in his county. Such local textbook committee shall consist of not less than three (3) nor more than nine (9) teachers employed in the dependent school districts of the county, of which a majority of the membership shall be classroom teachers, and the county superintendent of schools shall serve as chairman of such local textbook committee.

3. The publisher of a textbook selected by the State Textbook Committee may, at his discretion, upon the written request of any duly appointed local textbook committee, furnish to such local textbook committee examination copies of such textbook, the teacher edition of such textbook, if one is published, and any teaching aids used with such textbook. Upon receiving a written request therefor from a local textbook committee, the State Board of Education shall furnish to the local textbook committee a reasonable number of

advance examination copies of each textbook selected by the State Textbook Committee, in the subjects taught or to be taught in schools under their jurisdiction. Such advance copies shall be purchased by the State Board of Education from any funds that are or may be available for the purchase of textbooks, and the cost of each advance copy shall be charged against the value of textbooks allowed any school district retaining or using the same; provided, that any such advance copy in new condition may be returned to the control of the State Board of Education within six (6) months after receipt thereof, if there is no longer a need therefor, and credit for the value thereof shall thereupon be given to the school district charged with the value thereof. Provided, further, that any advance examination copies in new condition remaining on hand and with the State Board of Education at the end of the first year of the adoption shall be returned to the proper publisher for credit.

4. On or before a date to be fixed by the State Board of Education, each local textbook committee shall adopt textbooks from the multiple list selected by the State Textbook Committee in such manner as shall be prescribed by the State Board of Education. Each local textbook committee shall serve without compensation and shall cease to exist when local adoptions have been completed and shall be replaced by another local textbook committee appointed in the same manner as herein provided.

5. On or before a date to be fixed by the State Board of Education, the superintendent of schools of each independent school district and the county superintendent of schools of each county, shall submit to the State Board of Education a requisition for all of the textbooks adopted by the local textbook committee that will be needed for the ensuing year in the school or schools for which such adoptions were made, and immediately

upon receipt of such requisitions it shall be the duty of the State Board of Education to make requisitions on the proper depository or depositories for such textbooks. Provided, that the State Board of Education may, for good cause, permit supplemental requisitions to be submitted, and may fill such requisitions after the date specified. Any local adopting unit may requisition any textbooks placed on the official multiple textbook list, if such requisition does not exceed the allocation for each school district as provided herein.

SECTION 1612. JUNIOR HIGH SCHOOLS—SELECTION OF TEXTBOOKS. In selecting textbooks to be used for a school in which grades seven (7) to nine (9), inclusive, or any combination thereof, are taught, and which has been designated as a junior high school by the local board of education, the local textbook committee may select either textbooks adopted for use in junior high school grades or textbooks for use in elementary school grades.

The State Board of Education may authorize local textbook committees to adopt more than one textbook for any subject offered in the public schools of Oklahoma; provided such authorization shall not exceed the textbook allocations for each school district as provided herein.

SECTION 1613. COST OF TEXTBOOKS—WHO PAID—REPAIR SERVICE. The cost of textbooks to be distributed to the several districts of the state shall be paid from funds appropriated for such purposes upon claims approved by the State Board of Education. The price to be paid shall be that stipulated in the contract with the publisher. Upon receipt of a proper requisition for textbooks, it shall be the duty of the State Board of Education to cause the textbooks requisitioned to be delivered to the school district entitled to the same. No textbooks shall be ordered delivered to a school district or purchased by the State Board of Education unless proper requisition therefor has been made from the local adopting unit. The State

Board of Education shall require a bond, in an amount not to exceed Fifty Thousand Dollars (\$50,000.00), of the individual charged with the duty of honoring requisitions.

The State Board of Education shall provide sufficient office space, equipment, records and supplies necessary for a proper performance of the duties and functions vested in it and the State Textbook Committee, and the State Board of Education shall appoint and fix the compensation and duties of necessary personnel to assist the State Board of Education in performing its said duties and functions.

The State Board of Education may provide a repair service for textbooks distributed to school districts. Whenever textbooks, through usage or for other reasons, arrive at a state of deterioration where it is no longer advisable to continue them in use, such textbooks shall be sent to a bindery provided or designated by the State Board of Education, and freight costs shall be paid by the bindery. All such damaged textbooks shall undergo a process of reconditioning and rebinding, including the removal of pencil marks, dirty spots, smudges and ink spots, when same can be accomplished without destruction of the reading contents. All torn pages shall be mended or replaced, missing pages shall be replaced, edges retrimmed, each book shall be thoroughly resewed, flyleaves replaced, and new pages, covers and state labels shall be added, whenever necessary. The State Board of Education shall prescribe rules and regulations for the distribution of such repaired textbooks. Nothing herein shall require the State Board of Education to repair textbooks which in its judgment cannot be economically reconditioned.

SECTION 1614. AGGREGATE VALUE OF TEXTBOOKS DISTRIBUTED TO EACH DISTRICT. The State Board of Education shall determine the aggregate

value of textbooks, based upon cost to the state, to be distributed to each school district in the state, the amount allowed each school district to be according to the number of pupils enrolled the preceding school year, but not less than Four Dollars (\$4.00) per pupil. Provided, that any unused portion of the value of textbooks allowed to a school district shall be cumulative and shall be allowed to such school district the following fiscal year, in addition to the value of textbooks it is entitled to receive during such fiscal year. When it is determined by the State Board of Education that a surplus of textbooks exists in any school district in the state, the State Board of Education shall have the authority to transfer any or all surplus textbooks to another district or districts where the same are needed. Provided, further, that all textbooks distributed to a school district that have been destroyed by fire or other hazard shall be replaced by the State Board of Education. The total cost of all additional textbooks delivered to school districts to replace those destroyed by fire or other hazard shall not exceed, for the entire state in any fiscal year, the aggregate sum of Twenty-five Thousand Dollars (\$25,000.00), which sum shall be reserved for such purpose from any appropriation made to carry out the provisions of this article for any fiscal year.

SECTION 1615. CONTRACTORS—DEPOSITORY—SUPPLY OF TEXTBOOKS. All contractors shall establish and maintain a suitable and convenient depository or depositories in the State of Oklahoma where a stock of their books to supply all immediate demands shall be kept. Said depository or depositories may be operated jointly with other contractors. Each contractor shall maintain at his depository a sufficient supply of textbooks for individuals or boards of education desiring to purchase the same and shall be required to sell such books to any individual or board of education at the same price at which the textbook is sold to the State

of Oklahoma plus cost of transportation to the individual or board of education purchasing the textbook. Upon the failure of any contractor to carry a sufficient stock of books at his depository to take care of all immediate demands of the State of Oklahoma and others requesting the same, or to furnish the textbooks as required by his contract, the county superintendent of schools of the county wherein such books have not been furnished shall report the facts to the Attorney General, who shall bring suit on account of such failure in the name of the State of Oklahoma in the District Court of Oklahoma County, and shall recover on the bond given by such contractor for the full value of the books not furnished as required, and in addition thereto the sum of One Hundred Dollars (\$100.00), and each day of failure to furnish the books shall constitute a separate offense, and the amount so recovered shall be placed to the credit of the General Revenue Fund of the state, and in addition thereto the State Board of Education shall have power to terminate said contract.

SECTION 1616. MEETINGS OF TEXTBOOK COMMITTEES OPEN TO PUBLIC. All meetings of the State Textbook Committee and of every local textbook committee shall be open to the public, but any salesman, agent or representative of a textbook publisher may be excluded therefrom. All votes of members of such committees shall be recorded, showing the name of the member casting the vote and how he voted. The records of all such committees shall be subject to inspection by the public on request.

SECTION 1617. LIST OF NAMES OF AGENTS AND REPRESENTATIVES OF PUBLISHERS. Each person, firm or corporation offering textbooks for sale in the State of Oklahoma shall list with the secretary of the State Textbook Committee the names and addresses of its agents or representatives, and the secretary of said committee shall issue to each such agent and representative, without charge,

a certificate which will authorize such agent or representative to represent such person, firm or corporation in the State of Oklahoma; provided, not more than four (4) authorized agents or representatives may be listed at any one time for any person, firm or corporation. Provided, further, each such list shall be a matter of public record in the office of the secretary of the State Textbook Committee.

SECTION 1618. RULES AND REGULATIONS FOR ISSUANCE OF TEXTBOOKS. The State Board of Education shall adopt rules and regulations for the issuance of textbooks to school children and for the preservation of such textbooks, and all rules and regulations it deems necessary to carry out its duties and functions, and all such rules and regulations shall apply alike to all school districts. It shall prescribe the form of all reports and applications, and county superintendents of schools, district superintendents of schools, and boards of education shall be required to make such reports fully and completely at the time and in the manner prescribed by the State Board of Education. The State Board of Education shall keep an exact account of the cost of books distributed to each school district, together with the proper proportion of transportation and accounting charges.

The State Textbook Committee shall also have the power to adopt such rules and regulations as it deems necessary to enable it to perform its functions and duties.

SECTION 1619. SAMPLE TEXTBOOKS. All advance or sample copies of textbooks or any edition thereof furnished to any member of the State Textbook Committee, or to any individual for the purpose of obtaining a selection of the textbook by the State Textbook Committee, shall not be sold by the recipient thereof, but shall be disposed of as may be prescribed by the rules and regulations of the State Board of Education. Any advance or sam-

ple textbook or any edition thereof furnished to a member of a local textbook committee, or to any school official or individual for the purpose of obtaining a local adoption of the textbook, may be retained for the use of the school district involved, or returned for credit if the cost of such book was charged against the value of textbooks allowed such school district. All publishers having contracts to furnish textbooks to the State of Oklahoma shall be required to file with the State Board of Education, not later than the first day of January and the first day of July of each year following the dates of their respective contracts, a sworn statement showing the names and addresses of all persons to whom they have furnished, during the preceding six (6) months, any advance or sample copies of such textbooks, or any edition thereof, together with the numbers and titles of such textbooks furnished to each such recipient, and a failure to do so, or to give accurate and complete information concerning the same, shall authorize the State Board of Education to cancel the contract of such publisher.

SECTION 1620. PRIOR CONTRACTS. All legally executed contracts and extensions thereof now existing between any person, firm or corporation and the State of Oklahoma for furnishing textbooks on the basis of an exclusive adoption shall remain in full force and effect until such contract or extension thereof has expired, and the State Board of Education shall purchase and distribute such textbooks.

SECTION 1621. FREE TEXTBOOKS—OWNERSHIP. All textbooks adopted, purchased and distributed to school districts shall be furnished free of cost to the school children of such districts and shall be owned by such districts and each district shall mark each textbook with an appropriate number or other identification as deemed necessary to maintain proper records thereof. Every child shall be issued a complete set of textbooks for his grade, for his personal use, and the State

Board of Education shall maintain a replacement program so that each child shall have, at all times, textbooks that are in satisfactory condition, and so that worn-out textbooks or textbooks that are in an unsanitary condition will not be used. All such textbooks shall be requisitioned, and no money allocated for the purchase of such textbooks shall be sent directly to a school district. The State Board of Education shall issue purchase orders for books to the Oklahoma depository of the publisher of the books, immediately upon receipt of requisitions therefor which are not in excess of the allocations for the district for the current or ensuing fiscal year. Nothing herein shall prevent the purchase, from local school district funds, of any adopted textbook or any additional and supplementary textbooks if the board of education of any school district deems it necessary to make such purchases in order to establish and maintain the highest standards of excellence of its schools. Provided, that the chairman and secretary of the State Textbook Committee, on the advice and approval of the Attorney General, are hereby authorized and directed, with the consent of any holders of state textbook contracts, to change said contracts to conform to the provisions of this article. Provided, further, that all officially selected textbooks bearing the state stamp as previously required by law may be purchased by the State Board of Education even though the said stamp has not been removed. Provided, further, that all officially selected textbooks which have been purchased by the State Board of Education are hereby made the property of the school district now in possession of said textbooks.

SECTION 1622. BRIBES—PUNISHMENT. Any person who directly or indirectly promises or offers to give, or causes to be promised, offered or given, any money, books, bribe, present or reward or any valuable thing whatsoever to any member of the State Board of Education,

the State Textbook Committee, or a local textbook committee, or any member of a board of education, teacher or other person with the intent to influence his or her decision on any question, matter, cause or proceeding in the selection or adoption of any textbooks, or series of textbooks, shall be guilty of a felony and punishable as such. Any teacher in the public schools of Oklahoma, any county superintendent of schools, any superintendent of schools of a school district or any employee of a school district who shall in any way be interested in the profits, proceeds or sale of any school textbook used in the public schools under his charge, or with which he is connected in any official capacity, shall be guilty of a misdemeanor, and upon conviction thereof, shall be punished by a fine of not less than Fifty Dollars (\$50.00) and not more than Two Hundred Dollars (\$200.00) and shall in addition thereto forfeit his office or position.

SECTION 1623. SOLICITATION OR RECEIVING BRIBES—PUNISHMENT. Any member of the State Board of Education and any member of the State Textbook Committee who directly or indirectly solicits, receives or agrees to receive any money, goods, bribe, present, reward or any valuable thing whatsoever with the intent, and which will have the effect, to influence his or her decision on any question, matter, cause or proceeding in the selection or adoption of any textbook or series of textbooks provided for in this article, shall be guilty of a felony and punishable as such.

Any county superintendent of schools, district superintendent of schools, any member of a board of education, and any member of a local textbook committee who directly or indirectly solicits, receives or agrees to receive any money, goods, bribe, present, reward or any valuable thing whatsoever with the intent and which will have the effect to influence his or her decision on any question, matter, cause or proceeding in the selection

or adoption of any textbook or series of textbooks, shall be guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not to exceed Five Hundred Dollars (\$500.00) or by imprisonment in the county jail for a term of not to exceed six (6) months or both such fine and imprisonment.

SECTION 1624. VIOLATIONS OF ACT—PUNISHMENT. Any person, firm or corporation that violates any of the provisions of this article, or any of the rules or regulations of the State Board of Education or the State Textbook Committee adopted pursuant to the provisions of this article, the penalty for violation thereof not otherwise being provided herein, shall be guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not less than One Hundred Dollars (\$100.00) and not more than Five Hundred Dollars (\$500.00) or by imprisonment in the county jail for not less than ninety (90) days and not more than one (1) year or by both such fine and imprisonment. Any public official or public employee violating any of the provisions of this article or any of such rules and regulations shall be subject to the foregoing penalties and in addition thereto shall forfeit his position or office. Any officer or employee of the State Board of Education or of the State Textbook Committee who knowingly or willingly apports or disburses any money appropriated to carry out the provisions hereof, contrary to the provisions hereof, shall be subject to the foregoing penalties and in addition thereto shall forfeit his office or position.

FINANCE SECTION

FOR EDUCATIONAL IMPROVEMENT

SECTION 1801. DECLARATION OF LEGISLATIVE INTENT, POLICIES AND PRINCIPLES. The Legislature hereby declares that this act is passed for the general improvement of the public schools in the State of Oklahoma; to provide the

best possible educational opportunities for every child in Oklahoma; and to have a more beneficial use of public funds expended for education; and this act shall be liberally construed to attain these goals within the purview of the following principles and policies:

1. The education of our children is more than the performance of a duty or act of love. It is these things and also the highest expression of enlightened self-interest by the people of Oklahoma. Education is our finest investment.

2. The system of public schools should be designed to strengthen and encourage local responsibility for control of public education. Local school districts should be so organized, financed and directed that they can provide full educational opportunities for all children. The maximum public autonomy and responsibility for public education should remain with the local school districts and the patrons of such districts.

3. It is the responsibility of the state on behalf of the people of Oklahoma to establish, maintain, and continually improve the public schools of Oklahoma. In furtherance of this responsibility, the people of Oklahoma through the state have the responsibility to support financially the public schools.

4. Effective local control requires that local school districts contribute to the support of school budgets in proportion to their respective abilities.

5. The system of public school support should assure that state and local funds are adequate for the support of a realistic foundation program. It is unrealistic and unfair to the children of the less wealthy districts to provide less state support than is necessary for full educational opportunities.

6. The system of public school support should encourage local school districts to provide and support improved educational programs.

7. The system of public school support

should make provisions for the apportionment of state funds to local school districts on a strictly objective basis that can be computed as well by the local districts as by the state.

8. The system of public school support should effect a partnership between the state and each local district, with each participating in accordance with its relative ability. The respective abilities should be combined to provide a financial plan between the state and the local school district that will assure full educational opportunities for every child in Oklahoma.

9. State support should be extended to all local districts regardless of wealth, for this not only develops a sense of broader responsibility, but also creates flexibility taxwise permitting the exercise of local initiative. State support should, to assure equal educational opportunity, provide for as large a measure of equalization as possible among districts. The taxing power of the state should be utilized to raise the level of educational opportunity in the financially weakest districts of the state.

10. The system of public school support should provide for an equitable system of state and local sharing in the foundation program. The degree of local sharing should be based, as nearly as possible, on the true ability of the local district, so that each may continue uniformly to the foundation program.

SECTION 1802. APPROPRIATIONS. There shall be apportioned and disbursed annually by the State Board of Education, from appropriations made by the Legislature for this purpose and from funds derived from other sources provided by law for this purpose, to the several school districts of the state, such sums of money as each school district may be qualified to receive under the provisions of this article. The methods of apportionment and disbursements contained herein shall remain in force until the same are amended or repealed by the Legislature.

SECTION 1803. PURPOSE OF FUNDS

— FEDERAL FUNDS. 1. The funds apportioned and disbursed to the several school districts of the state shall be for the purpose of aiding each school district receiving the same to finance its school budget for each fiscal year. The State Board of Education shall notify the county clerk, county superintendent of schools, the board of education, superintendent of each school district and the school district treasurer of the tentative amount of said district is to receive from the funds apportioned under the provisions of this article and disbursed according to the provisions hereof. After such allocation of State Aid has been made by the State Board of Education and certified to the county clerk, treasurer of the school district, county superintendent of schools and district superintendent of schools, such aid may be included as probable income by the board of education in its Estimate of Needs and Financial Statement as submitted to the county excise board, and said excise board shall include such amount in the approved appropriations, and in addition thereto any federal aid certified or allocated by the State Board of Education shall be included in the appropriation made by the excise board if requested by the board of education; provided, no such federal aid estimate shall be used in any way to reduce the State Foundation Aid or Incentive Aid for such school district or sustain a protest for the reduction of a tax levy. If such allocation of aid is not included in the board of education's estimate of needs, it shall be added by the county clerk to the items of appropriation designated by the board of education of the school district. Funds received under the provisions of this article shall be deposited in the general fund of such school district. Provided, funds received from the federal government for current expense purposes shall likewise be added to the appropriation of the general fund if so designated by the board of education of such school district. Provided, further, that the board of education of

a school district may enter into agreements with federal agencies for educational projects and programs to be maintained in such districts; and federal funds received by the district in pursuance thereof shall, consistent with the agreement and requirements of the federal agency, be kept, administered and disbursed in such manner as may be prescribed by rules and regulations of the board of education.

2. If the State Board of Education should ascertain that any of the factors on which the apportionment or allocation of State Aid to any school district has so changed as to disqualify such district or to reduce its State Aid, then the State Board of Education shall forthwith notify the county superintendent of schools, the district superintendent, the clerk of the board of education, and the treasurer thereof, as to the amount of reduction in the allocation of State Aid, and the board of education of such district shall immediately request the county clerk to adjust the items of appropriation in accordance with such reduction as to effect a total reduction in the appropriation by the amount which the State Aid allocation was reduced; and if there has been an overpayment the same shall be returned to the State Treasurer and credited to a refund account which shall be available for further payment of State Aid. Whenever it becomes necessary for a school district to refund any overpayment of monies previously received, such refunds shall be made by warrant issued pursuant to a properly approved claim filed by the person, firm, or agency to whom the repayment is to be made. Provided, school districts using the alternate accounting system shall issue such warrant against a properly approved encumbrance in the manner provided by law. Such claim or encumbrance shall be coded as a refund of prior revenue and paid from the current expense appropriation of the general fund or such other fund or account from which such refund may properly be paid

by the school district.

SECTION 1804. STATE AUDITOR — COPY OF APPORTIONMENTS. The State Board of Education shall furnish the State Auditor with a copy of the apportionments made from the funds appropriated for each fiscal year to each of the several school districts of the state, and warrants shall be drawn by the State Auditor against appropriations for each fiscal year in accordance with such apportionments only upon the order of the State Board of Education through the Director of Finance. The warrants for the payments to the several school districts of any county shall be forwarded by the State Board of Education through the Director of Finance to the county treasurer, who shall cash the same and apportion the proceeds to the several school districts of the county, as provided by this article, provided it shall be mandatory for the county treasurer to make such apportionment within fifteen (15) days of receipt of same.

SECTION 1805. CLASSIFICATION OF STATE AID FOR PUBLIC SCHOOLS. The programs of State Aid to public schools shall consist of two parts. The first shall be known as "Foundation Program Aid," and the second shall be known as "Equalized Percentage Matching Grant," as provided in Sections 1806 through 1811 of this article.

SECTION 1806. DEFINITIONS. 1. "Average Daily Attendance" (ADA) means the legal average number of pupils, kindergarten through grade twelve, in a school district during a school year as determined pursuant to the provisions of Section 1810 of this article. One kindergarten day shall count as one-half (1/2) ADA.

2. "District Net Equalized Assessed Valuation" (DNEAV) means the net equalized assessed valuation of taxable real property added to the assessed valuation of personal property and public service property.

3. "Average Assessment — Sales Ra-

tio" (AA-SR) means the ratio of the consideration paid in real property sales to the assessed valuation on said properties on a statewide and countywide basis, as determined by the State Tax Commission. (County average of preceding four (4) years shall be used if greater than preceding year.) State average assessment sales ratio for 1970 through 1972 shall be twenty-one and five-tenths percent (21.5%).

4. "County Valuation Ratio" (CVR) means the state average assessment-sales ratio divided by the county average assessment-sales ratio.

5. "District Real Property Net Equalized Valuation" (DRPNEV) means the county valuation ratio multiplied by the district real property net assessed valuation.

6. "District's Net Equalized Valuation Per ADA" (DNEV-ADA) means the district net equalized valuation divided by the preceding year ADA.

7. "State Assessed Valuation Per ADA" (SAVADA) means state assessed valuation divided by the state ADA.

8. "Base Foundation Support Level" (BFSL) means the dollar amount in the basic foundation program per ADA.

9. "District Wealth Ratio" (DWR) means the district net equalized valuation per ADA divided by the state net valuation per ADA.

10. "Equalized Percentage Matching Support Level" (EPMSL) means the support level per ADA for each mill of the general fund levy above the Foundation Program income fifteen (15) mills chargeable levy. (Not to include the mills levied under Section 9(b), Article X, Oklahoma Constitution.)

11. "Local Support Factor" (LSF) means the percent factor required to be multiplied by the EPMSL in order to get a product equal to the state average valuation per pupil times one (1) mill.

12. "District's State Support Ratio" (DSSR) means the district local support ratio subtracted from 1.0000.

13. "District's Local Support Ratio" (DLSR) means the district wealth ratio multiplied by the Local Support Factor.

SECTION 1807. STATE AID: HOW DETERMINED — FOUNDATION PROGRAM — FOUNDATION PROGRAM INCOME — FOUNDATION AID — EQUALIZED PERCENTAGE MATCHING GRANT. Recognizing the state's responsibility to guarantee a realistic educational program for every school district in accordance with its relative ability to support such program, the amount of State Aid each district will receive shall be the sum of the Foundation Aid and Equalized Percentage Matching Grant defined as follows:

1. Foundation Program:

a. District average daily attendance for the next preceding year multiplied by the Base Foundation Support Level.

(1) BFSL for 1970-71 equals Two Hundred Forty-five Dollars (\$245.00).

(2) BFSL for 1971-72 equals Two Hundred Sixty Dollars (\$260.00)

b. Four Thousand Five Hundred Dollars (\$4,500.00) multiplied by the number of special education units approved by the State Board of Education.

c. Two Thousand Five Hundred Dollars (\$2,500.00) for each vocational education teacher approved for reimbursement by the Division of Vocational-Technical Education. Provided, further, that for the school year 1964-65 and each year thereafter the salary of a vocational education teacher shall be calculated on a basis of the months for which the teacher is actually employed, subject to the approval of the State Board for Vocational Education, but not to exceed two (2) months in addition to the school term as defined by this Article.

For each additional month employed, the additional salary shall be calculated on the basis of one-tenth (1/10) of the minimum teacher's salary as prescribed by the school code in effect for the school year the teacher is employed.

d. Seventy-five percent (75%) of the average expenditure for pupil transportation during the next preceding three (3) years as approved by the State Board of Education.

e. Each district shall be allowed a Size-Cost Adjustment based upon the following schedule:

District ADA

1 — 1,500

1,501 — 3,000

3,001 — 20,000

20,001 and above

Calculation

ADA X \$25.00

\$ 37,500 plus \$20.00 (ADA-1,500)

\$ 67,500 plus \$12.50 (ADA-3,000)

\$280,000 plus \$17.50 (ADA-20,000)

Maximum

\$ 37,500.00

\$ 67,500.00

\$280,000.00

The sum of a. through e. in paragraph 1 above, shall be the Foundation Program Cost.

2. Foundation Program Income:

a. The net equalized assessed valuation of the school district during the next preceding year multiplied by fifteen (15) mills.

b. Seventy-five percent (75%) of the amount received by the school district from the proceeds of the county levy during the second preceding fiscal year, as levied under Section 9(b), Article X, Oklahoma Constitution.

c. Auto License and Farm Truck Tax, actual collections during the second preceding year computed on a per capita average daily attendance basis.

d. Gross Production Tax.

e. State apportionment.

f. R.E.A. Tax.

Each of the above-mentioned items of the Foundation Program Income from d. through f., inclusive, shall be the amount actually collected from such source during the second preceding fiscal year cal-

culated on a per capita basis on the unit provided by law for the distribution of each such revenue. Notwithstanding the foregoing, the amount to be charged as Foundation Program Income from gross production tax shall be the actual collections from such source during the next preceding year if any producing oil or gas wells in the county have been plugged, or any pipelines have been abandoned so as to cause a loss in revenue greater than ten percent (10%) from the amount actually collected during the second preceding fiscal year.

3. Foundation Aid:

The "Foundation Aid" shall be determined by subtracting the amount of the Foundation Program Income from the cost of the Foundation Program.

4. The Equalized Percentage Matching Grant: Calculated as follows:

Step One. Multiply the District Wealth Ratio by the Local Support Factor. This is the district's Local Support Ratio. For the year 1970-71 the LSF shall be 0.60; for the year 1971-72 LSF shall be 0.55.

Step Two. Subtract the product in step one from 1.000 to determine the District's State Support Ratio. For the school year 1970-71 the District State Support Ratio shall be a minimum of 0.40 and a maximum of 0.48; for the year 1971-72 the District State Support Ratio shall be a minimum of 0.45 and a maximum of 0.60.

Step Three. Multiply the District's State Support Ratio by the Equalized Percentage Matching Support Level.

SCHOOL CODE ART XVIII P 8 thru 13 ecj

Step Four. Multiply the product of step three by the number of mills levied and apportioned for general fund purposes under subsections 9(a), 9(b), 9(c), 9(d) and 9(d-1), Article X, Oklahoma Constitution; provided, the first nineteen (19) mills shall not be used in this calculation and the multiplier shall not exceed twenty (20).

Step Five. Multiply the product obtained in step four by the District's Legal ADA for the preceding year. This will be the

District's Equalized Percentage Matching Grant.

The above five steps may be reduced to the following formula: $(1.0000 \text{ minus } (DWR \times LSF)) \times EPMSL \times (\text{the number of General Fund mills levied minus } 15) \times \text{District ADA equals DEPMG.}$

SECTION 1808. ADJUSTMENTS AND LIMITATIONS.

1. The State Board of Education is authorized to adjust the State Aid for any district on the average daily attendance for a number of consecutive months equal to one-half (1/2) of the current year for districts in which there has been an increase in average daily attendance over the preceding year of twenty-six (26) average daily attendance; or, two percent (2%) of the first ten thousand (10,000) average daily attendance, plus one-half percent of the next twenty thousand (20,000) average daily attendance, plus one-fourth percent of all over thirty thousand (30,000), whichever is the greater. Method of payment: Current year Foundation Aid per capita plus EPMG per capita multiplied by increase in ADA.

2. If any district, or a part of a district, becomes a part of another district by consolidation, annexation, or otherwise, the attendance in such district for the immediately preceding year and the valuation for the current year shall be proportionately considered in computing the average daily attendance and the amount of State Aid of the district or districts wherein its pupils will attend school the ensuing year.

3. A full term of school under the provisions of this article shall consist of ten (10) school months in which school has been in session not less than one hundred eighty (180) days; provided, however, that five (5) days may be used for attendance at professional meetings. Provided, further, that a school district may maintain school less than a full term only when other conditions beyond the control of school authorities make impossible the

maintenance of said term, but shall have its State Aid reduced proportionately.

4. If a school district operates a school located in a state institution for the pupils of school age incarcerated in such institution, the attendance of such children shall not be included in the attendance of other schools of such school district for the purpose of calculating the State Aid of the district. Provided, such attendance shall not be used for apportioning other miscellaneous revenue; but such school district shall be paid State Aid in the amount of the Foundation Program Aid and Equalized Percentage Matching Grant of such school regardless of whether the school district qualifies for State Aid as provided elsewhere in this article.

5. In the event the legislative appropriations are insufficient to finance the State Aid to all districts of the state, the State Board of Education is hereby authorized to reduce the Foundation Aid and the Equalized Percentage Matching Grant Aid per child on a proportionate basis; provided no district shall receive less than is provided by Section 1811 of this code.

SECTION 1809. DETERMINATION OF DISTRICT'S NET EQUALIZED ASSESSED VALUATION. On or before August 1 of each year the State Tax Commission shall determine and certify to the State Board of Education, the State Average Assessment-Sales Ratio and the County Average Assessment-Sales Ratio. The Director of Finance shall determine the Net Equalized Assessed Valuation for each district in the following manner:

1. Divide the State Average Assessment-Sales Ratio by the County Average Assessment-Sales Ratio to determine the County Valuation Ratio. The State Average Assessment-Sales Ratio shall be that of the calendar year preceding the school year in which the ratio will be used; the County Average Assessment-Sales Ratio shall be that of the calendar year preceding the school year in which the ratio will be used, or the average of the past four (4) years, whichever is higher. In

no case shall the County Valuation Ratio be greater than 1.000.

2. Multiply the County Valuation Ratio times the District's Net Assessed Valuation of Real Property to determine the District's Real Property Net Equalized Assessed Valuation. (Districts having territory in more than one county shall use the CVR of the county having administrative jurisdiction over the district.)

3. Add the (a) DRPNEV to the (b) Personal Property Assessed Valuation, and (c) Public Service Property Assessed Valuation. The sum of (a) plus (b) plus (c) equals the DNEV.

SECTION 1810. AVERAGE DAILY ATTENDANCE — LEGALLY RESIDENT PUPILS. No pupil shall be counted in the average daily attendance of any district for the purpose set out in this article, unless said pupil is a legal resident of said district or has been transferred thereto; provided, that a pupil moving from a school district during a school term shall be entitled to attend such school for the remainder of that school term. School districts shall not include out-of-state pupils in their average daily attendance for the purpose set out in this article. Provided, the following pupils shall not be counted: Those who have attained the age of twenty-one (21) years by September 1 or who have completed the twelfth grade, except as elsewhere provided by law for veterans of World War II, the Korean War or the Vietnam War, and those who have not attained the age of five (5) years by November 1 of that school year. In determining the ages of pupils for State Aid purposes, birth certificates shall be presented, if obtainable, as proof of age.

SECTION 1811. ALLOCATION GUARANTEE. No school district shall receive less State Aid per ADA under this program in 1970-71 or succeeding years than the district would have received by adding the 1969-70 "Q" factor to Ninety-seven Dollars (\$97.00) and multiplying the sum by the preceding year ADA.

SECTION 1812. MINIMUM SALARY INCREASES AND MINIMUM SALARIES.

For the school year 1968-69 no teacher shall receive less than Five Hundred Dollars (\$500.00) increase over the amount provided for such teacher in that district during the school year 1967-68; provided, that for the school year 1969-70 no teacher shall receive less than Nine Hundred Dollars (\$900.00) increase over the amount provided for such teacher in that district during the school year 1967-68; provided, that for the school year 1970-71 and thereafter, no teacher shall receive less than a One Thousand Three Hundred Dollar (\$1,300.00) increase over the amount provided for such teacher in that district during the school year 1967-68; these raises shall be in addition to any increment as now provided by law. Provided, further, that no teacher shall be paid less than Five Thousand Dollars (\$5,000.00) for the school year 1968-69, nor less than Five Thousand Two Hundred Fifty Dollars (\$5,250.00) for the school year 1969-70, nor less than Six Thousand Dollars (\$6,000.00) for the school year 1970-71, and thereafter. Provided, further, that no board of education shall apply more than five (5) years active duty in the military service for the purpose of salary increments of years experience counted toward the tenure or retirement if either is provided for at the local or state level. Said provision shall apply whether or not a state of emergency exists or is declared in existence.

SECTION 1813. ANNUAL BUDGET CAN INCLUDE INCREASED AID. In the preparation of their budgets and estimates of income for the school years 1968-69 and thereafter, the school districts of this state may include the increased amounts of State Aid provided by this act.

SECTION 1814. OPERATION OF BUSES CONTRARY TO RULES AND REGULATIONS — FORFEIT STATE AID. 1. Any school district which wilfully operates

school buses contrary to the rules and regulations prescribed by the State Board of Education shall forfeit its State Aid for the time of noncompliance. All State Aid funds shall be withheld from any school district that does not comply with the standards of the State Board of Education for accrediting.

2. a. None of the funds apportioned to school districts under the provisions of this article shall be paid by the state unless and until there has been filed with the State Board of Education on forms prescribed by such Board an itemized sworn account of the expenditures of the school district during the next preceding fiscal year and a teacher personnel report for the current year.

b. No State Aid shall be paid to any district unless and until the district budget, as filed with the State Auditor, shows that the appropriations of the district, plus the State Aid and other cash funds for which the district qualifies, will enable it to maintain a full term of school as defined by this article.

3. School districts receiving State Aid shall not spend any of these funds except by regularly issued warrants based upon a sworn and certified itemized claim executed by or on behalf of the person or firm furnishing the service or things for which payment is claimed. All claims shall be approved by the board of education of the school district at a regular meeting or a special meeting called for that purpose. A copy of said claim, together with a certificate issued by the clerk of the board of education, certifying that said claim was approved at a board meeting and giving the date of said meeting, shall be filed with the treasurer of the school district at the time the warrant is submitted to him for registration, and it shall be unlawful to register or pay the same unless such claim and such warrant conform to the statutes regulating the allowance and issue thereof. Said treasurer shall keep on file in his office

copies of all such claims for a period of five (5) years after the date of filing. Provided, this subsection as it pertains to issuance of claims and warrants shall not apply to those districts using any alternate accounting system authorized by law.

4. All board of education members, employees, or other officials of school districts required to make reports to the State Board of Education or other agencies under the provisions of this article, and all persons lawfully charged with the duty of making records of original entry, such as teachers' registers, transportation records, and financial records, which form the basis, in whole or in part, of said reports, shall exercise the highest degree of diligence, accuracy, and good faith in making said records, and reports reflect the truth. Teachers' registers shall be marked daily in ink, by the teacher or principal in charge of rooms or groups of pupils. Provided, the State Board of Education may authorize alternate systems of accounting for pupils attendance in districts using data processing methods.

5. The State Board of Education shall revoke the certificate of any teacher, principal, or superintendent who knowingly or wilfully violates any of the provisions of this article.

6. Any official involved in the execution of this article who shall fail or refuse to carry out any of the provisions thereof shall be liable on his official bond, if any, for the monetary damages resulting from said failure to act, and in addition thereto shall be subject to removal from office for neglect of duty under the provisions of law relating to the removal of public officials.

7. Any person or firm who shall knowingly or wilfully violate any of the provisions of this article shall be guilty of a misdemeanor. Any public official or public employee violating any of the provisions of this article shall be subject to the penalties for a misdemeanor and in addition

thereto shall forfeit his position or office. Any officer or employee of the State Board of Education who knowingly or wilfully apports or disburses any monies appropriated by this article contrary to the provisions of this article shall be subject to the penalties for a misdemeanor and in addition shall forfeit his office or position.

8. The State Board of Education shall prescribe the form of all records, reports and applications for State Aid necessary to the proper administration of this article, and it shall be the duty of all county superintendents, school district superintendents, and boards of education of school districts to make such reports fully and completely at the time and in the manner prescribed by the State Board of Education. The State Board of Education shall also have authority and it shall be its duty to promulgate rules and regulations, not inconsistent with the provisions hereof, relative to the distribution of funds and for the administration of this article. Such regulations and rules shall apply alike to all school districts. Provided, however, where there has been unusual decreases in A.D.A. in districts having Military Installations, the district's State Aid shall not be reduced for a period of two (2) years thereafter.

SECTION 1815. STATE AID — APPORTIONMENT. All apportionments of State Aid to school districts shall be made by the State Board of Education through its Director of Finance, who shall not knowingly make any apportionment or disbursement of State Aid Funds which is not authorized by law. He shall execute a corporate surety bond in the penal sum of Two Hundred Thousand Dollars (\$200,000.00) payable to the State of Oklahoma, conditioned for the faithful performance of his duties, and the State Board of Education may require other personnel in the Finance Division of the State Board of Education to execute corporate surety bonds for the faithful performance of their duties. The cost of all bonds executed un-

der this section shall be paid from appropriations allocated for administration of State Aid funds. All such funds shall be approved by the State Board of Education and shall be filed in the office of the Secretary of State. Any State Aid funds illegally disbursed by the Director of Finance shall be returned to the State Treasurer by the school district receiving such funds, or legal action shall be instituted in the name of the state against such school district or on the bond of the Director of Finance.

SECTION 1816. EXAMINERS — STATE AID FUNDS DEFINED. 1. The State Board of Education is hereby authorized to appoint a Chief Examiner and Deputy Examiners. They shall audit the State Aid funds received by the school districts of the state and the use made thereof, and shall make such other audits as may be required by the State Board of Education. The school districts and officers and employees thereof shall be jointly and severally liable for any diversion of any funds received by any such district from the purpose for which the funds were apportioned to said district. If said audits should disclose that State Aid funds have been illegally apportioned to, or illegally disbursed or expended by, a school district or any of its officers or employees, the State Board of Education shall make demand that such funds so illegally apportioned, disbursed or expended be returned to the State Treasurer by such school district. If such funds are not returned, the amount in excess of the State Aid funds that would be payable to such district for the succeeding fiscal year shall be withheld. The State Board of Education shall cause suit to be instituted to recover for the state any monies illegally disbursed or expended, if not otherwise recovered as provided in this article.

2. Any Foundation Program Aid or Equalized Percentage Matching Grant apportioned in accordance with the provisions of this article shall be considered

as State Aid funds and all persons responsible for the apportionment or expenditure of such funds shall be liable for the proper distribution and use of such funds as provided by law.

SECTION 1817. SALARY OF COUNTY SUPERINTENDENT. Notwithstanding any provisions hereinabove contained to the contrary, the State Board of Education is hereby authorized to apportion, from any appropriation provided for the purposes of this article, an amount equal to the difference between

a. the amount necessary to provide for the county superintendent of schools in each county in the state a salary computed on the basis of the 1963-64 minimum salary of teachers serving as superintendents of schools in school districts, and

b. an amount equal to the salary paid to such county superintendent of schools from county funds of the county of which he, or she, is county superintendent of schools. The State Board of Education shall furnish the State Auditor with a copy of the apportionments made for the salary of the county superintendent of each county and upon the submission of claims by the State Board of Education the State Auditor shall draw a warrant each month for one-twelfth (1/12) of the total apportionment made to supplement the salary of the county superintendent of schools in each county as herein provided, and such warrants shall be forwarded to the county superintendent of schools by the State Board of Education as soon as they are received from the State Auditor.

SECTION 2209. EXAMINATION OF REPORTS — DEFICIENCIES. The State Board of Education shall examine all reports submitted to it and shall determine

whether said reports comply with the provisions of this article. If the State Board of Education finds that they have not been complied with, the board shall notify the local board of education and the auditor who submitted said audit report by submitting to them a statement of deficiencies. If the deficiencies are not corrected within ninety (90) days from the date of the statement of deficiencies or within twelve (12) months after the end of the fiscal year of the local district, whichever is later, the State Board of Education shall make or cause an audit to be made in the manner provided for in Section 2208 of this article.

The Oklahoma Educational Television Authority is hereby authorized and empowered to plan, construct, repair, main-

tain and operate educational television facilities with channels assigned by the Federal Communications Commission to the State of Oklahoma for educational television purposes. The purpose of said Authority shall be to provide a statewide educational television system, including any arrangements for extension thereof and interchanges and rental as may be necessary in establishing such statewide facilities.

The Oklahoma Educational Television Authority is hereby authorized to issue revenue bonds of the Authority payable solely from dedicated revenues to pay the cost of providing educational television facilities as authorized in this article. Such revenue bonds shall never become obligations of the State of Oklahoma, but shall be retired by the Authority as provided in this article. Such revenue bonds shall contain on the face thereof a statement to the effect that neither the state nor the Authority shall be obligated to pay the same or the interest thereon except from revenues dedicated by the Legislature, and that neither the faith and credit nor the taxing power of the state or any political subdivision thereof is pledged, or may hereafter be pledged, to the payment of the principal of, or the interest on, such bonds.

SECTION 2302. ADVERTISING UNLAWFUL. It shall be unlawful for the Authority to permit any individual, company, corporation, or organization to advertise or otherwise attempt to sell its products or services through the use of the facilities controlled by the Authority; and it shall also be unlawful for said Authority to permit any individual or organization to in any way sponsor the election of any party or individual for any public office; provided, however, that nothing in this section shall be construed in a manner which would exclude announcements and programs of nonprofit charitable and educational organizations which are for the public good. Information programs spon-

sored by legally authorized agencies of the state and federal governments for the public good are to be considered proper program material.

SECTION 2303. POWER TO SELECT ADVISORY COMMITTEE. The Oklahoma Educational Television Authority shall have the power to organize and select an advisory committee, the membership of which shall not exceed thirty-five (35) persons who shall serve without compensation.

The Authority shall determine the membership of the committee and the time and number of meetings of such committee. It shall be the duty of this committee to assist the Authority in carrying out the provisions of this article. Although the final responsibility of operating television facilities rests with the Authority, it is the duty of the Authority to seek the advice and counsel of representative citizens of the state. The members of the advisory committee shall be selected from such sources as:

1. Oklahoma State Legislative Council;
2. State and independent educational organizations, including both common schools and institutions of higher learning;

The word "facilities" shall mean channels, all equipment, and properties plus the construction and operation thereof at any given point, together with all rights, easements, leases, and interests which may be acquired by the Authority for said construction and operation which may be deemed necessary for the accomplishment of the purposes set forth in Section 2301 of this article.

SECTION 2305. MEMBERSHIP OF AUTHORITY. There is hereby created a body corporate and politic to be known as the "Oklahoma Educational Television Authority," and by that name the Authority

may sue and be sued, and plead and be impleaded. The Authority is hereby constituted an instrumentality of the state, and the exercise by the Authority of the powers conferred by this article, in the planning, construction, operation and maintenance of educational television facilities, shall be deemed and held to be an essential function of the state.

The Oklahoma Educational Television Authority shall consist of thirteen (13) members, including the President of the University of Oklahoma, the President of Oklahoma State University of Agriculture and Applied Science, the State Superintendent of Public Instruction, the Chancellor of the Oklahoma State Regents for Higher Education, the president of one of the state-supported four-year colleges chosen by the presidents of this group of institutions, the president of one of the state-supported junior colleges chosen by the presidents of this group of institutions, and seven (7) additional members to be appointed by the Governor by and with the consent of the Senate to serve seven-year terms.

The appointed members shall have been residents of the state for at least five (5) years preceding the date of their appointment.

The successor of each such member shall be appointed for a term of seven (7) years, except that any person appointed to fill a vacancy shall be appointed to serve only for the unexpired term in such vacancy.

The Authority shall elect one of the members as chairman and another as vice chairman, and shall also elect a secretary-treasurer. Seven (7) members of the Authority shall constitute a quorum, and the vote of seven (7) members shall be necessary for any action taken by the Authority. No vacancy in the membership of the Authority shall impair the right of a quorum to exercise all the rights and perform all the duties of the Authority.

The secretary-treasurer shall execute a surety bond in the penal sum of Fifty Thousand Dollars (\$50,000.00), such surety bond to be conditioned upon the faithful performance of the duties of his office, to be executed by a surety company authorized to transact business in the State of Oklahoma as surety and to be approved by the Attorney General and filed in the office of the Secretary of State.

The members of the Authority shall not be entitled to compensation for their services, but each member shall be reimbursed for his actual expenses incurred in carrying out the provisions of this article, shall be payable solely from funds provided under the authority of this article and no liability or obligation shall be incurred by the Authority hereunder beyond the extent to which monies shall have been provided under the authority of this article.

SECTION 2306. POWERS OF AUTHORITY. The Authority is hereby authorized and empowered:

1. To accept, assume and control the television channels assigned by the Federal Communications Commission to the

State of Oklahoma for educational purposes;

2. To adopt bylaws for the regulation business;

3. To adopt an official seal and alter the same at pleasure;

4. To maintain an office at such place or places within the state as it may designate;

5. To sue and be sued in its own name, plead and be impleaded; provided, however, that any and all actions, at law or in equity, against the Authority shall be brought in the county in which the principal office of the Authority shall be located, or in the county of the residence of the plaintiff, or in the county where the cause of action arose;

6. To construct, maintain, repair and operate television facilities which with their access connections are designated ultimately to extend to and include all sections and areas of the State of Oklahoma;

7. To issue revenue bonds of the Authority, payable solely from dedicated revenues, for the purpose of paying all or any part of the cost of needed facilities;

8. To fix and revise from time to time any necessary charges for the use of any facilities;

9. To pay for the annual cost of the operation, maintenance and repair of such facilities;

10. To pay as and when due the principal and interest on the revenue certificates or bonds issued to pay for such facilities;

11. To accumulate and maintain such reserves as are provided for in the resolution or trust indenture under which such bonds are issued or secured;

12. To acquire, hold, or dispose of real and personal property in the exercise of its powers and the performance of its duties under this act;

13. To acquire in the name of the Authority by purchase or otherwise, on such terms and conditions and in such manner as it may deem proper, or by the exer-

cise of the right of condemnation in manner hereinafter provided, such public or private lands, rights-of-way, property, rights, easements, and interests, as it may deem necessary for carrying out the provisions of this article; and it is the intent of the Legislature that all public property damaged in carrying out the powers granted by this article shall be restored or repaired and placed in its original condition as nearly as practicable;

14. To designate, except as is provided for herein, the locations; and to establish, limit and control such points of ingress to and egress from each facility as may be necessary or desirable in the judgment of the Authority to insure the proper operation and maintenance of such facility;

15. To make and enter into all contracts and agreements necessary or incidental to the performance of its duties and the execution of its powers under this article, and to employ consulting, engineers, attorneys, accountants, construction and financial experts, superintendents, managers, and such other employees and agents as may be necessary in its judgment, and to fix their compensation;

16. To receive appropriations from the State Legislature and accept from any federal agency grants for or in aid of the construction and operation of any project; provided, the acceptance of such grants or appropriations will not reduce the amount of federal aid for other education in this state; and to receive and accept aid or contributions from any source of either money, property, labor, or other things of value;

17. To do any and all things necessary to comply with rules, regulations, or requirements of the Federal Communications Commission or any other federal agency administering any law enacted by the Congress of the United States to aid or encourage education;

18. To do all things necessary or convenient to carry out the powers expressly granted in this article;

19. It shall be unlawful for any member, officer, or employee of the Authority to transact with the Authority, either directly or indirectly, any business for profit of such member, officer, or employee; and any person, firm or corporation knowingly participating therein shall be equally liable for violation of this provisions.

The term "business for profit" shall include, but not be limited to, the acceptance or payment of any fee, commission, gift or consideration to such member, officer or employee.

Violation of any of the provisions of this section shall constitute a felony, and shall be punishable by a fine of not less than Five Hundred Dollars (\$500.00), and not more than Five Thousand Dollars (\$5,000.00), or by imprisonment in the State Penitentiary for not more than five (5) years, or by both such fine and imprisonment.

SECTION 2307. POWERS CONTINUED. The Authority is hereby authorized and empowered to acquire by purchase, whenever it shall deem such purchase expedient, any land, property, rights, rights-of-way, franchises, easements, or other interests in lands as it may deem necessary or convenient for the construction, maintenance, and operation of the facilities upon such terms and at such price as may be considered by it to be reasonable and can be agreed upon between the Authority and the owner thereof, and to take title thereto in the name of the Authority.

SECTION 2308. THE AUTHORITY HAS POWER TO CONDEMN PROPERTY. Whenever a reasonable price cannot be agreed upon, or whenever the owner is legally incapacitated, or is absent, unknown, or unable to convey valid title, the Authority is hereby authorized and empowered to acquire by condemnation proceedings in the same manner as land is condemned for railroad purposes any land, property, rights, rights-of-way, franchises, easements, or other property necessary or convenient for the construction or the efficient operation of any facil-

ities, or necessary in the restoration of public or private property damaged or destroyed. No act or obligation of the Authority shall impose any liability upon the state or the Authority except such as may be paid from the funds provided under the authority of the article.

SECTION 2309. AUTHORITY MAY ISSUE REVENUE BONDS. The Authority is hereby authorized to provide by resolution, at one time or from time to time, for the issuance of revenue bonds of the Authority for the purpose of paying all or any of the cost of any one or more projects, but each project shall be covered by a separate resolution and separate bond issue or issues. The principal of and the interest on such bonds shall be payable solely from the funds herein provided for such payment. The bonds of each issue shall be dated, shall bear interest at a rate not to exceed ten percent (10%), and shall mature in annual installments at such time or times not exceeding the maximum time permitted by the Constitution of the State of Oklahoma, but in any event not more than forty (40) years after their date as may be determined by the Authority. The Authority may cause the bonds or any installment thereof to be made redeemable before maturity, at the option of the Authority, at such price or prices, and under such terms and conditions as may be fixed by the Authority prior to the issuance of the bonds. The Authority shall determine the form of the bonds, including any interest coupons to be attached thereto, and shall fix the denomination or denominations of the bonds and the place or places of payment of principal and interest, which may be at any bank or trust company within or without the state. The bonds shall be signed by the chairman of the Authority, and the official seal of the Authority shall be affixed thereto and attested by the secretary-treasurer of the Authority, and any coupons attached thereto shall bear the facsimile signature of the chairman of the Authority. In case any officer whose sig-

nature or a facsimile of whose signature shall appear on any bonds or coupons shall cease to be such officer before the delivery of such bonds, such signature or such facsimile shall nevertheless be valid and sufficient for all purposes the same as if he had remained in office until such delivery. All bonds issued under the provisions of this article shall have and are hereby declared to have all the qualities and incidents of negotiable instruments under the negotiable instruments law of the state. The bonds may be issued in coupon or in registered form or both, as the Authority may determine, and provisions may be made for the registration of any coupon bonds as to principal and interest. The Authority shall sell such bonds at public sale. Notice of the sale shall be published in a Thursday issue for two (2) successive weeks in a daily newspaper of general circulation in the State of Oklahoma. The date mentioned in the notice for the sale of the bonds shall not be less than ten (10) days after the first publication thereof. All bonds shall be sold to the bidder who will bid therefor par and accrued interest, and who shall stipulate in his bid the lowest rate of interest which such bonds shall bear. It is the intent of this article that the bonds shall be awarded to the bidder bidding rate or rates of interest which will be the lowest interest cost during the life of the bonds. Any premium bid shall not be considered in figuring such interest cost but shall be considered only in case two or more bidders bid the same interest cost. Upon the acceptance of such bid, the bonds shall be issued in accordance therewith and shall be delivered to the purchaser upon payment of the purchase price. Each bidder shall submit with his bid such sum in cash or its equivalent as may be determined by the Authority, and upon the acceptance of any bid such deposit shall become the property of the Authority and shall be credited on the purchase price of the bonds, upon the understanding that if the purchaser shall

fail five (5) days after the tender of bonds to pay the balance of the purchase price, said sale shall be thereby annulled and said deposit shall be in such event retained by the Authority and credited to the account for which such bonds are being issued and shall be used accordingly. All other deposits shall be returned. The Authority shall have the right to reject all bids and readvertise the bonds for sale. The bonds need not be issued and sold in series. In no event shall the bonds be sold at a price so low as to require the payment of interest on the money received therefor at more than ten percent (10%), computed with relation to the absolute maturity of the bonds in accordance with the standard tables of bond values, excluding, however, from such computation the amount of any premium to be paid on the redemption of any bonds prior to maturity.

The proceeds of the bonds of each issue shall be used solely for the payment of the cost of the project, for which such bonds shall have been issued, and shall be disbursed in such manner and under such restrictions, if any, as the Authority may provide in the resolution authorizing the issuance of such bonds or in the trust agreement hereinafter mentioned securing the same. If the proceeds of the bonds of any issue, by error of estimates or otherwise, may in like manner be issued to provide the amount of such deficit, and, unless otherwise provided in the resolution authorizing the issuance of such bonds or in the trust agreement securing the same, shall be deemed to be of the same issue and shall be entitled to payment from the same fund without preference or priority of the bonds first issued. If the proceeds of the bonds of any issue shall exceed such cost, the surplus shall be deposited to the credit of the sinking fund for such bonds.

Prior to the preparation of definitive bonds, the Authority may, under like restrictions, issue interim receipts or tem-

porary bonds, with or without coupons, exchangeable for definite bonds when such bonds shall have been executed and are available for delivery. The authority may also provide for the replacement of any bonds which shall become mutilated or shall be destroyed or lost. Bonds may be issued under provisions of this article without obtaining the consent of any department, division, commission, board, bureau or agency of the state, and without any other proceedings or the happening of any other conditions or things than those proceedings, conditions, or things which are specifically required by this article.

SECTION 2310. SINKING FUND. The principal and interest necessary to retire any bonds issued by the Authority shall be paid out of the "Oklahoma Educational Television Bond Sinking Fund" hereinafter established by Section 2311 of this article.

SECTION 2311. CREATION OF SINKING FUND. There is hereby created the Oklahoma Educational Television Bond Sinking Fund in the State Treasury and the State Treasurer is hereby authorized and directed to transfer revenues accruing to the Public Building Fund, not otherwise appropriated as of the date this article becomes effective, to the Oklahoma Educational Television Bond Sinking Fund to be used solely for the purpose of retiring bonds issued by the Oklahoma Educational Television Authority.

SECTION 2312. TRUST AGREEMENTS. In the discretion of the Authority any bonds issued under the provisions of this article may be secured by a trust agreement by and between the Authority and a corporate trustee which may be any trust company or bank having the powers of a trust company within or without the state. Such trust agreement may pledge or assign the revenues to be received from the project constructed by the use of the proceeds of the bonds, but shall not convey or mortgage any project or part

thereof. Such trust agreement or resolution providing for the issuance of such bonds may contain such provisions for protecting and enforcing the rights and remedies of the bondholders as may be reasonable and proper and not in violation of law, including covenants setting forth the duties of the Authority in relation to the acquisition of property and the construction, improvement, maintenance, repair, operation and insurance of the project in connection with which such bonds shall have been authorized, and the custody, safeguarding and application of all monies, and provisions for the employment of consultants or operation of such project or projects. It shall be lawful for any bank or trust company incorporated under the laws of the state which may act as depository of the proceeds of bonds or of revenues to furnish such indemnifying bonds or to pledge such securities as may be required by the Authority. Any such trust agreement may set forth the rights and remedies of the bondholders and of the trustee, and may restrict the individual right of action by bondholders as is customary in trust agreements or trust indentures securing bonds and debentures of corporates. In addition to the foregoing any such trust agreement may contain such other provisions as the Authority may deem reasonable and proper for the security of the bondholders. All expenses incurred in carrying out the provisions of such trust agreement may be treated as part of the cost of the operation of the project or projects.

SECTION 2313. AUTHORITY MAY COLLECT FEES. The Authority, subject to the provisions hereof, is hereby authorized to fix, revise, charge and collect fees for the use of any of its facilities.

SECTION 2314. MONIES RECEIVED ARE TRUST FUNDS. All monies received pursuant to the authority of this article, whether as proceeds from the sale of bonds or other revenues, shall be deemed to be trust funds, to be held and

applied solely as provided in this article. The resolution authorizing the bonds of any issue or the trust agreement securing such bonds shall provide that any officer to whom, or any bank or trust company to which, such monies shall be paid shall act as trustee of such monies and shall hold and apply the same for the purposes hereof, subject to such regulations as this article and such resolution or trust agreement may provide.

SECTION 2315. RIGHTS OF TRUSTEE. Any holder of bonds issued under the provisions of this article or any of the coupons appertaining thereto, and the trustee under the trust agreement, except to the extent the rights herein given may be restricted by such trust agreement, may, either at law or in equity, by suit, action, mandamus or other proceeding protect and enforce any and all rights under the laws of the state or granted hereunder or under such trust agreement or the resolution authorizing the issuance of such bonds, and may enforce and compel the performance of all duties required by this article or by such trust agreement or resolution to be performed by the Authority or by any officer thereof including the fixing, charging and collecting of fees.

SECTION 2316. AUTHORITY TAX EXEMPT. The exercise of the powers granted by the article will be in all respects for the benefit of the people of the state, to serve their educational and cultural interests and needs, and for the improvement of their health and living conditions. The operation and maintenance of projects by the Authority will constitute the performance of essential governmental functions, and the Authority shall not be required to pay any taxes or assessments upon any project or any property acquired or used by the Authority under the provisions of this article or upon the income therefrom, and the bonds issued under the provisions of this article, their transfer and the income therefrom, including any profit made on the sale thereof, shall at

all times be free from taxation within the state.

SECTION 2317. SECURITIES OF BONDS. Bonds issued under the provisions of this article are hereby made securities by which all banks, trust companies, trust and loan associations, investment companies and others carrying on a banking business, all insurance companies and insurance associations, and others carrying on an insurance business may legally and properly invest funds including capital in their control or belonging to them.

SECTION 2318. PROJECTS TO BECOME PART OF THE STATE EDUCATIONAL SYSTEM. Each project when constructed and placed in use shall be maintained and kept in good condition and repair by the Authority. When all bonds issued under the provisions of this article in connection with any project and the interest thereon shall have been paid or a sufficient amount for the payment of all such bonds and the interest thereon to the maturity thereof shall have been set aside in trust for the benefit of the bondholders, such project, if then in good condition and repair to the satisfaction of the State Legislature, shall become part of the State Educational System.

All counties, cities, towns, municipalities, school districts of the state and all state boards, commissions, officials, and other public agencies, notwithstanding any contrary provision of law, are hereby authorized and empowered:

1. To lease, lend, grant or convey to the Authority at its request upon such term and conditions as the proper authorities of such counties, cities, towns, municipalities, school districts of the state, and all state boards, commissions, officials and other public agencies may deem reasonable and fair and without the necessity for any advertisement, order of court or other action or formality other than the regular and formal action of the authorities concerned, any personal property, real property and other things of value

which may be necessary or convenient to the effectuation of the authorized purposes of the Authority, including real property already devoted to public use; and

2. To lease, rent or contract from the Authority for telecasting purposes, any programs that would be beneficial of their interest and that of the State of Oklahoma.

SECTION 2319. AUTHORITY MAY CONTRACT WITH TELEVISION STATIONS. The Authority is hereby authorized and empowered to enter into contract with other television stations, networks or other agencies for the purpose of receiving or exchanging television programs.

SECTION 2320. BOND APPLICATION MAY BE FILED WITH OKLAHOMA SUPREME COURT. The Authority is authorized in its discretion to file an application with the Supreme Court of Oklahoma for the approval of any bonds to be issued thereunder, and exclusive original jurisdiction is hereby conferred upon the Supreme Court to hear and determine each such application. It shall be the duty of the court to give such applications precedence over the other business of the court and to consider and pass upon the applications and any protests which may be filed thereto as speedily as possible. Notice of the hearing on each application shall be given by a notice published in a newspaper of general circulation in the state that on a day named the Authority will ask the court to hear its application and approve the bonds. Such notice shall inform all persons interested that they may file protests against the issuance of the bonds and be present at the hearing and contest the legality thereof. Such notice shall be published one time not less than ten (10) days prior to the date named for the hearing and the hearing may be adjourned from time to time in the discretion of the court. If the court shall be satisfied that the bonds have been properly authorized in accordance with this article and that when issued, they will

constitute valid obligations in accordance with their terms, the court shall render its written opinion approving the bonds and shall fix the time within which a petition for rehearing may be filed. The decision of the court shall be a judicial determination of the validity of the bonds, shall be conclusive as to the Authority, its officers and agents, and thereafter the bonds so approved and the revenues pledged to their payment shall be incontestable in any court in the State of Oklahoma.

SECTION 2321. AUTHORITY IS AUTHORIZED TO ISSUE REFUNDING BONDS. The Authority is hereby authorized to provide by resolution for the issuance of revenue refunding bonds of the Authority for the purpose of refunding any bonds then outstanding which shall have been issued under the provisions of this article, including the payment of any redemption premium thereon and any interest accrued or to accrue to the date of redemption of such bonds. Each refunding issue shall be limited to the project in connection with which the bonds being refunded were issued, and revenues pledged to pay any such refunding issue shall be limited to the revenue derived from said separate project. The issuance of such bonds, the maturities and other details thereof, the rights of the holders thereof, and the rights, duties and obligations of the Authority in respect of the same shall be governed by the provisions of this article insofar as the same may be applicable.

SECTION 2322. AUTHORITY MUST RETORT TO LEGISLATURE. The Authority shall make and submit to the Legislature, on or before December 31 of each year, a full report showing projects under construction and in operation, planned projects, and the financial condition of the Authority, and such other information as the Legislature shall require.

SECTION 2323. THIS ARTICLE PROVIDES ALTERNATIVE METHODS FOR THINGS AUTHORIZED HEREBY. The

foregoing sections of this article shall be deemed to provide an additional and alternative method for the doing of the things authorized thereby, and shall be regarded as supplemental and additional to powers conferred by other laws, and shall not be regarded as in derogation of any powers now existing; provided, however, that the issuance of revenue bonds or revenue refunding bonds under the provisions of this article need not comply with the requirements of any other law applicable to the issuance of bonds.

SECTION 2324. ARTICLE TO BE LIBERALLY CONSTRUED. This article being necessary for the advancement of education and the welfare of the state and its inhabitants shall be liberally construed to effect the purposes thereof; provided that until specifically authorized by the Legislature the provisions of this article shall not be utilized in any other manner.

The notification of such law enforcement agency shall constitute reasonable grounds for obtaining a search warrant. Good Lord, who turned the water into wine, surely you can turn our weak deeds into good. Gracious God, who turned the shame of the Cross into a victory over death and hell, surely you can turn our selfish acts, our hypocritical words, our narrow bickering into a good thing.

We do not ask for the luxury of groveling in our sin and weakness, but we do ask to be reminded of the greatness in each of us. For our miracle today, turn hypocrisy into honesty, our wavering into a passion for justice, politicians into statesmen, and weaklings into men.

Grant to those members of the Honorable Oklahoma State Senate, who have served well and tackled weighty matters, the grace and strength for this final week. Amen.

MESSAGE FROM THE GOVERNOR

The following Veto Message was read, and consideration deferred for this legislative day:

I have on this date, April 10, 1970, vetoed **SJR 22** because the question of average daily attendance requirements was settled one year ago and it would be bad precedent to allow a high school to re-open under the terms of this Bill. Also, the Bill is financially unsound as the State would be required to pay twice for the education of the affected students.

AN ACT RELATING TO SCHOOLS; AMENDING SECTION 1002, CHAPTER 396, O. S. L. 1965, AS AMENDED BY SECTION 1, CHAPTER 14, O. S. L. 1968 (70 O. S. SUPP. 1969, § 4002); AUTHORIZING ISSUANCE OF REVENUE BONDS BY INSTITUTIONS OF HIGHER EDUCATION; INCREASING MAXIMUM RATE OF INTEREST; PROVIDING FOR STATEMENT OF ESSENTIAL FACTS AND CERTIFICATION THEREOF; DIRECTING CODIFICATION; MAKING PROVISIONS OF ACT SEVERABLE; AND DECLARING AN EMERGENCY.

BE IT ENACTED BY THE PEOPLE OF THE STATE OF OKLAHOMA:

SECTION 1. Section 1002, Chapter 396, O. S. L. 1965, as amended by Section 1, Chapter 14, O. S. L. 1968 (70 O. S. Supp. 1969, § 4002), is amended to read as follows:

§ 4002. (a) For the purpose of paying all or part of the cost of acquisition of any such lands, rights-of-way, easements, licenses and permits and the construction, acquisition, equipment and furnishing of any such building or buildings or structure or structures, plants or systems, or of any additions, improvements, or extensions thereto, or any additions to existing buildings, the Board of Regents of the institution for which such buildings, structures, plants or systems (all of which lands, rights-of-way, easements, licenses and permits, buildings, structures, plants and systems constructed, acquired, added to, improved or extended hereunder as a single project are hereafter referred to as "the building") are to be constructed, acquired, added to, improved, extended, furnished or equipped (which Board of Regents or each of them is hereinafter referred to as "the board") is au-

thorized to borrow money on the credit of the income and revenues to be derived from the operation of the building, together with the income and revenue derived from any existing revenue-producing building or facility or facilities and, in anticipation of the collection of such income and revenues, to issue negotiable bonds in such amount as may in the opinion of the board be necessary for such purposes, and is authorized to provide for the payment of such bonds and the rights of the holders thereof as hereinafter provided. Such bonds may be issued in one or more series, may bear such date or dates, may mature at such time or times not exceeding forty (40) years from their date, may be in such denomination or denominations, may be in such form, either coupon or registered, may carry such registration and conversion privileges, may be executed in such manner, may be payable in such medium of payment at such place or places, may be subject to such terms of redemption with or without premium, and may bear such rate or rates of interest, not exceeding [six percent (6%)] EIGHT PERCENT (8%) per annum, as may be provided by resolution or resolutions adopted by the board. Such bonds may be sold in such manner and at such price or prices at not less than par plus accrued interest to date of delivery, as may be considered by the board to be advisable, but interest cost to maturity for any bonds issued hereunder shall not exceed [six percent (6%)] EIGHT PERCENT (8%) per annum, computed on the basis of average maturities according to standard tables of bond values. Bonds payable to bearer shall have all the qualities and incidents of negotiable papers.

(b) The board may in any resolution authorizing bonds hereunder provide for the initial issuance of one or more bonds (in this section called "bond") aggregating the amount of the entire issue and make such provision for installment payments of the principal amount of any such bond as it may consider desirable,

and may provide for the making of any such bond payable to bearer or otherwise, registrable as to principal or as to both principal and interest, and where interest accruing thereon is not represented by interest coupons, for the endorsing of payments of interest on such bond. The board may further make provision in any such resolution for the manner and circumstances in and under which any such bond may in the future, at the request of the holder thereof, be converted into bonds of smaller denominations, which bonds of smaller denominations may in turn be either coupon bonds or bonds registrable as to principal or principal and interest.

(c) Bonds issued hereunder and interest thereon shall not be subject to taxation by the State of Oklahoma, or by any county, municipality or political subdivision therein. The board may in its discretion authorize one issue of bonds hereunder for the construction, acquisition, adding to, improving, extending, furnishing or equipping of more than one building, as "building" is above defined, and may make said bonds payable from the combined revenues of all buildings so constructed, acquired, added to, improved, extended, furnished or equipped, in whole or in part, with the proceeds thereof, together with revenues from the operation of any existing revenue-producing building or facility. The term "building" as herein used shall be construed to refer to all such "buildings." If more than one series of bonds shall be issued hereunder payable from the revenues of the buildings or facilities, priority of lien thereof on such revenues shall depend on the provisions of the proceedings authorizing the issuance of such bonds, it being within the discretion of the board, at the time it authorizes the first such series, to provide that subsequent series of bonds payable from such revenues shall not be issued, that subsequent series of bonds shall be subordinate as to lien, or that subsequent series of bonds shall enjoy parity of lien if such conditions and re-

strictions as may be specified in such proceedings can be met.

(d) The board may issue bonds hereunder for the purpose of refunding any obligations of the board payable from the revenues of any building, as "building" is hereinabove defined, together with revenues derived from any existing revenue-producing building or facility or facilities, or may authorize and deliver a single issue of bonds hereunder for the purpose in part of refunding obligations of the board payable from the revenues derived from any building or buildings and in part for the making of additions, improvements and extensions to such building or buildings, or the construction or acquisition of additional buildings, and the furnishing and equipping of such buildings or additions, together with revenues derived from any existing revenue-producing building or facility or facilities. Where bonds are issued under this paragraph solely for refunding purposes, such bonds may either be sold as above provided or delivered in exchange for the outstanding obligations. If sold, the proceeds may be either applied to the payment of the obligations, refunded or deposited in escrow for the retirement thereof. Nothing herein contained shall be construed to authorize the refunding of any outstanding obligations which are not either maturing, callable for redemption under their terms, or voluntarily surrendered by their holders for cancellation, unless the board covenants that sufficient funds to pay all remaining interest and principal payments of the outstanding bonds when due will be placed in escrow as hereinafter set out for such purpose at the time of delivery of and payment for the new bonds issued hereunder.

In any case where refunding bonds are issued and sold six (6) months or more before the earliest date on which all bonds to be refunded thereby mature or are called for redemption in accordance with their terms, the proceeds of the refunding bonds (other than the amount includ-

ed therein incidental to the issuance of the bonds) shall be deposited, together with any other funds available and appropriated by the board for the purpose, in escrow with a suitable banking institution having trust powers within the state, whose deposits are insured by the Federal Deposit Insurance Corporation, and shall be invested in securities maturing or callable at the option of the holder on such dates and bearing interest at such rates as shall be required to provide funds sufficient, with any cash retained in the escrow account, to pay when due the interest to accrue on each obligation refunded to its maturity, or if prepayable, to an earlier designated date on which it may be called for redemption, and to pay the principal amount of each such bond at maturity, or, if prepayable at its designated earlier redemption date, and to pay any premium required for redemption on such date; and before the refunding bonds are delivered, the board shall by resolution irrevocably appropriate for these purposes the escrow account and all payments of principal and interest on the securities held therein, and shall provide for the call of all bonds directed to be prepaid, in accordance with their terms, on the redemption date or dates designated. Securities purchased from the escrow account shall be limited to direct obligations of the United States or obligations whose principal and interest payments are guaranteed by the United States. Such securities shall be purchased simultaneously with the delivery of the refunding bonds. No refunding bonds shall be issued more than ten (10) years before the last date on which the bonds to be refunded thereby mature or are directed to be prepaid in accordance with their terms. All bonds issued under this paragraph and the preceding paragraph shall in all respects be authorized, issued and secured in the manner provided for other bonds issued under this Article, and shall have all of the attributes of such bonds. The board may provide that any

such refunding bonds shall have the same priority of lien on the revenues pledged for their payment as was enjoyed by the bonds refunded thereby.

(e) All proceedings heretofore adopted by said Board of Regents for the issuance of revenue bonds on a parity as to payment with other existing revenue bonds and/or which provide for the pledging of revenues from the building to be constructed, improved and furnished from the proceeds of revenue bonds and income and revenue derived from any existing revenue - producing building or facility, or facilities, and the bonds issued pursuant thereto are hereby validated, ratified and confirmed, and such revenue bonds constitute valid and binding obligations in accordance with the terms of such proceedings.

SECTION 2. For each of the proposed bond issues to be issued pursuant to §§ 4001 through 4014, Title 70 of the Oklahoma Statutes, a Statement of Essential Facts shall be prepared by the issuing Board of Regents for the use and information of prospective bond purchasers. It shall be the duty of the Oklahoma State Regents for Higher Education to examine such Statement of Essential Facts and determine that, based upon such facts and projections, the projected revenue will satisfy the financial obligation to be incurred under the proposed bond issue. If the facts are found by the State Regents to be substantially accurate and if the State Regents find that, based upon such facts and projections, the projected revenue will satisfy the financial obligation to be incurred under the proposed bond issue, then the Oklahoma State Regents for Higher Education shall certify such to the Attorney General of Oklahoma before the proposed bond issue can be approved by the Attorney General. The certificate shall be made in substantially the following form:

The Oklahoma State Regents for Higher Education do hereby certify that the provisions of § 4014, Title 70 of the Okla-

homa Statutes have been complied with in proper order, for the revenue bond issue mentioned above.

SECTION 3. Section 2 of this act shall be codified as § 4014 of Title 70 of the Oklahoma Statutes.

SECTION 4. The provisions of this act are severable and if any part or provision hereof shall be held void, the decision of the court so holding shall not affect or impair any of the remaining parts or provisions of this act.

SECTION 5. It being immediately necessary for the preservation of the public peace, health and safety, an emergency is hereby declared to exist, by reason whereof this act shall take effect and be in full force from and after its passage and approval.

As soon as practicable after the act becomes in force and effect, the Board of County Commissioners of any such county shall appoint the Trustees of the Trust Authority as herein provided, and the terms of such Trustees shall be as follows:

The Trust Authority may elect to place such director and employees under the employees benefits provided by the Board of County Commissioners for other county employees. The cost of such benefits shall be paid by the Trust Authority. The District Attorney shall be authorized to represent the Trust Authority. Provided, however, the Trustees may elect to employ their own legal counsel, and subject to the approval of the Board of County Commissioners, and also in the event the District Attorney certifies it is not practical for him to represent the Trustees, then the District Attorney shall not be required to represent the Trustees.

As provided under the Terrill motion, the Senate was declared adjourned until 10:00 a.m., tomorrow.

Fifty-seventh Legislative Day

Tuesday, April 14, 1970

Pursuant to adjournment, the Senate was called to order by President Pro Tempore Smith.

Upon roll call, the following members were present:

Atkinson, Baggett, Baldwin, Berrong, Birdsong, Bradley, Crow, Dacus, Ferrell, Field, Garrett, Garrison, Graves, Hamilton, Holden, Horn, Inhofe, Keels, Lane, Luton, McCune, McGraw, McSpadden, Martin, Massey, Miller, Murphy, Nichols, Payne, Phillips, Porter, Romang, Short, Smith, Taliaferro, Williams.—36.

Excused: Boecher, Breckinridge, Grantham, Ham, Hargrave, Howard, Medearis, Smalley, Stansberry, Stipe, Terrill, Young.—12.

The President Pro Tempore declared a quorum present.

The following prayer was offered by the Permanent Senate Chaplain, and is incorporated herein, by unanimous consent, upon request of Senator Crow:

O God, as our minds turn to three of our own in danger in space, we pray for their safety. Their adventure reminds us of the great accomplishments of man, while their peril reminds us how weak and frail we are.

We realize, also, that we are on a space ship, an oasis of life, hurtling through a dead universe, a ship over-crowded with three billion people, half of whom are hungry and ill-clothed, a ship racked by war and crime and excess, a ship with a limited life support system.

Help us, O God, so to appreciate this earth that we will be good stewards of the world you have placed in our hands.

Grant us not to think so much of ourselves as others, and not so much our generation as unborn generations who have the right to a good life on the space ship earth. We pray through Christ, our Lord, Amen.

The Journal for the last legislative day was declared approved.

(b) Leaves of absence and military service leaves shall not be counted as breaks in continuous employment; however, military service which is immediately preceded and followed by employment with a participating employer shall be credited, but leaves of absence shall not be credited. The burden of proof regarding prior service shall be with the member and shall be documented in such manner as the board may direct.

[(b) A member born before 1905 and having ten (10) or more years of prior service on the first entry date may convert up to one half (1/2), but not to exceed ten (10) years, of any such prior service to participating service and be entitled to the benefits for participating service by applying to the board and paying into the system on or before January 1, 1965, a sum of money determined by the board to be actuarially equivalent to the contributions necessary to pay participating service benefits based on the age and earnings of any such member.]

[(c)] (B) Leaves of absence and military service shall not count as a break in continuous employment provided the

member leaves his accumulated contribution on deposit with the fund; however, the period of military service shall be credited but leaves of absence shall not be credited.

[(d)] (C) A period of retirement under the system or a period of total disability, immediately followed by employment with a participating employer, shall not count as a break in continuous employment; provided, that such periods while not employed shall not be credited.

[(e)] (D) Termination of employment with a participating employer followed by employment with the same or another participating employer within one hundred twenty (120) days shall not constitute a break in continuous employment; provided, that such period while not employed shall not be credited as participating service.

NO OPTIONAL FORMS OF BENEFIT PAYMENTS SHALL BE ALLOWED. BENEFIT PAYMENTS SHALL CEASE UPON THE MEMBER'S RECOVERY FROM DISABILITY PRIOR TO AGE SIXTY-FIVE (65). FUTURE BENEFITS, IF ANY, SHALL BE PAID BASED UPON LENGTH OF SERVICE AND COMPENSATION AS OF THE DATE OF DISABILITY. SECTION 1. There is hereby appropriated to the State Board of Education from any monies in the General Fund of the State Treasury, for the fiscal year ending June 30, 1971, not otherwise appropriated, the sum of One Hundred Fourteen Million, Nine Hundred Twenty-seven Thousand, Four Hundred Forty-five Dollars (\$114,927,445.00) or that portion thereof which may be necessary for the support and maintenance of public schools in the State of Oklahoma for the fiscal year ending June 30, 1971. The funds appropriated in this section are to be apportioned and disbursed by the State Board of Education pursuant to the terms of Title 70, Chapter A, Article 18, Oklahoma Statutes 1961, Oklahoma School Code, as amended. Provid-

ed, however, where there has been an unusual decrease in the average daily attendance as defined by the State Board of Education in districts having a Military Installation which has been deactivated, the districts' State Aid shall not be reduced for a period of two (2) years from the effective date of this act. Provided, further, any school district that does not receive sufficient funds from the provisions of this act, plus all other sources of revenue, to provide an average daily attendance expenditure of Five Hundred Dollars (\$500.00) from General Fund Revenue, the State Board of Education is directed to supplement the State Aid, provided in this act, up to One Million, Two Hundred Thousand Dollars (\$1,200,000.00), with an amount sufficient to assure the district up to Five Hundred Dollars (\$500.00) of General Fund Revenue per ADA (based on previous year) during fiscal year 1970-71, provided no district shall receive additional aid if said district is not levying thirty-nine (39) mills locally, provided further, the 1969-70 General Fund surplus shall not exceed ten percent (10%).

SECTION 2. Not to exceed the sum of Two Hundred Eighty-two Thousand Dollars (\$282,000.00) of the funds appropriated by Section 1 of the act shall be used by the State Board of Education to be allotted to those school districts where the Incentive Aid provided in Section 3, Chapter 48, O.S.L. 1968 (70 O.S. Supp. 1969, § 18-8A) will not provide a minimum raise of Four Hundred Dollars (\$400.00) per year for each teacher on which State Aid is calculated. The State Board of Education is hereby authorized to make an adjustment in Foundation Aid to provide for such deficit.

SECTION 3. Not to exceed the sum of Three Hundred Sixty-three Thousand, Four Hundred Fifty-seven Dollars (\$363,457.00), of the funds appropriated by Section 1 of this act shall be used by the State Board of Education during the fiscal year ending June 30, 1971, to defray all expenses of administration of the funds appropriated in said Section.

SECTION 6. The sum of Seven Hundred Thousand Dollars (\$700,000.00) of the funds appropriated by Section 1 of this act shall be used for the purpose of establishing new special education programs in school districts not presently offering special education programs or additional types of special education programs in school districts now offering some but not all types of special education; provided none of such appropriation shall be allocated to school districts for existing programs or classes, except those programs and classes which were initiated in school year 1969-70 under the provisions of Sections 6 and 7, Chapter 292, O.S.L. 1969 (Sections 6 and 7 of Senate Bill No. 69 of the 1969 Legislature). It is the intention of the Legislature to establish new programs of special education in school districts not presently offering special education programs and additional types of special education in school districts not presently offering such types; and particularly, but not exclusively, to

encourage new classes for children with learning disabilities in school districts not presently offering such classes. If a school district qualifies under the rules and regulations which the State Board of Education is hereby authorized to make then such district shall be allocated an amount not to exceed Four Thousand Five Hundred Dollars (\$4,500.00) per class. Provided, however, that no allotments shall be made to schools whose compensation plan for the school year 1969-70 provided a minimum annual salary to teachers of Five Thousand Six Hundred Dollars (\$5,600.00) or more.

SECTION 11. The State Board of Education shall allot Three Million Dollars (\$3,000,000.00) of the funds appropriated in Section 1 of this act, or that portion thereof which may be necessary to carry out the provisions of Chapter 172, O.S.L. 1969 (70 O.S. 163.11. It shall be unlawful for any person, or persons, to maintain or operate any place where nonintoxicating beverages, as herein defined, are sold for consumption on or off the premises without first securing a permit issued by the District Court Clerk in and for the county wherein such premises are located. operated. Said notice shall contain the name of the applicant and the location of said place of business. IF THERE ARE NO PROFITS AND THE PETITION IS SUFFICIENT ON ITS FACE, THEN SAID PERMIT SHALL BE GRANTED BY THE DISTRICT COURT CLERK. PROVIDED, THAT IF ANY CITIZEN OF THE COUNTY FILES A WRITTEN PROTEST SETTING FORTH OBJECTIONS, THEN THE DISTRICT COURT CLERK SHALL ADVISE THE CHIEF JUDGE WHO SHALL ASSIGN SUCH PETITION TO A DISTRICT JUDGE OR ASSOCIATE DISTRICT JUDGE FOR HEARING. (3) The sale to any person under twenty-one (21) years of age of nonintoxicating beverages for consumption on the premises;

(4) Nonpayment of any of the taxes or license fees imposed by the provisions of this act on complaint of the Oklahoma Tax Commission;

(5) Violating any of the laws of the state commonly called "Prohibition Laws" or violating any of the gambling laws of the state or permitting anyone to violate any of said laws in such places or violating any of the provisions of this act,

(6) Conviction for the violation of any of the laws of this state or the United States for the sale or possession of intoxicating liquors within three (3) years immediately preceding the issuance of such dealer's license;

(7) Proof that the operator has in his possession or on the premises in which said business is being operated, a Federal excise or occupational tax stamp or receipt, designating such person or premises as the person or place for dealing in liquor or evidencing the payment of a tax for being a dealer in such liquor;

(8) Violating any law pertaining to the use of, possession of, or sale of drugs or narcotics or the violation of the narcotics laws of the State of Oklahoma or the United States;

(9) After the revocation of any such permit, for any of the above reasons, except paragraph (3) for nonpayment of taxes, or license fees, no new permit shall be issued to the same person for the same location or premises prior to the expiration of a period of one (1) year from the date of such revocation.

On or before the tenth day of each month each district court clerk shall file with the Oklahoma Tax Commission, on forms prescribed and furnished by the Commission, a report showing the name, address, and county permit number of each such person to whom a county permit has been issued or whose permit has been revoked, or who shall have been refused a county permit, during the previous calendar month. In case of the revocation of a permit by a judge of the District Court, the district court clerk shall within five (5) days report such action to the Oklahoma Tax Commission. If county permits shall have been issued, revoked or refused during the month, the district court clerk shall make a report accordingly to the Commission.

SECTION 2. The provisions of this act are severable and if any part or provision hereof shall be held void the

Let us not be defeated by our past sins and failures, but let us use them as a springboard and dedication to do better in the future.

Let us not rest on our laurels, but offer to Thee that which we have sought to do for the good of our State and our fellow man.

We give Thee genuine thanks, O God, for the men and women who serve in the Senate. For these men who serve in

the limelight, subject, always, to harsh and even unjust criticism, we are grateful. For all who work behind the scenes, clerks, secretaries, sergeant-at-arms, janitors, servants all, we are grateful. For their loyalty to duty and their dedication to service to the people of Oklahoma, we are grateful.

Give us great leaders that we may be a great people. Let not the failures of the past lead to despair, nor the successes cause them to rest.

May the fellowship of these who serve together and the memory of those who have served well in the past, give strength.

We pray for these servants of the people in the name of Him who was servant of all. Amen.

HCR 1057 was read at length as follows, adopted upon motion of Senator Crow, properly signed and ordered returned to the Honorable House.

HCR 1057—By Converse, Hesser, Williamson and Murphy of the House and Crow and Miller of the Senate—A Concurrent Resolution memorializing the Congress of the United States to provide that federal statutory and other regulations over small meat slaughterers shall not be such as would preclude their continuing in the operation of their businesses; and directing distribution.

WHEREAS, recent federal legislation has threatened the continued existence of many small meat slaughtering businesses across the State of Oklahoma; and

WHEREAS, such legislation by exempting from antemortem and postmortem examinations for each animal only those custom slaughtering businesses which do not sell or buy carcasses or meat food products places an undue burden on such businesses; and

WHEREAS, many custom slaughtering businesses must, in order to stay in business, operate the logical auxiliary business, that of a meat market; and

WHEREAS, such legislation could be interpreted to require such additional facilities or modification of existing facilities of the small slaughtering businesses as would not be economically feasible for such businesses; and

WHEREAS, the small slaughtering businesses of this state perform a vital and important service to many of the citizens of this state; and

WHEREAS, such businesses have many differences from the larger companies

such as not requiring minimum orders and serving rural Oklahoma with limited capital which justify legislation concerning such businesses to take their particular circumstances into account so that they may continue to serve the people of this state

NOW, THEREFORE, BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF THE 2ND SESSION OF THE 32ND OKLAHOMA LEGISLATURE, THE SENATE CONCURRING THEREIN:

SECTION 1. That the Congress of the United States be and hereby respectfully is urged to maintain federal statutes and regulations over small meat slaughtering businesses which consider the problems and unique circumstances of such businesses and is urged to avoid those which, without permitting alternative measures capable of adequately protecting the consumer, would be so harsh as to preclude continued operation of such businesses.

SECTION 2. That duly authenticated copies hereof be forwarded to the Speaker of the House of Representatives and President of the Senate of the Congress of the United States and to each member of the Oklahoma delegation in Congress.

[(c)] (B) Leaves of absence and military service shall not count as a break in continuous employment provided the member leaves his accumulated contribution on deposit with the fund; however, the period of military service shall be credited but leaves of absence shall not be credited.

[(d)] (C) A period of retirement under the system or a period of total disability, immediately followed by employment with a participating employer, shall not count as a break in continuous employment; provided, that such periods while not employed shall not be credited.

[(e)] (D) Termination of employment with a participating employer followed by employment with the same or another participating employer within one hundred twenty (120) days shall not constitute a break in continuous employment; provided, that such period while not employed shall not be credited as participating service.

(3) In determining the number of years of credited prior service or participating service, a fractional year of six (6) months or more shall be considered as one (1) year and a fractional year of less than six (6) months shall be disregarded.

SECTION 6. Section 15, Chapter 50, O. S. L. 1963, as last amended by Section 3, Chapter 400, O. S. L. 1968 (74 O. S. Supp. 1969, § 915), is amended to read as follows:

§ 915. A. (1) Any member who shall retire on or after his normal retirement

date shall be entitled to receive an annual retirement benefit equal to the sum obtained by adding an amount for participating service and an amount for prior service determined as herein provided. The amount for prior service shall be equal to the sum of Sixty Dollars (\$60.00) per annum multiplied by the number of years of prior service entitled to credit as provided in Section [13] 913 of this [Act] TITLE. The amount for participating service shall be equal to [one and one-fourth percent 1¼%] ONE AND ONE-HALF PERCENT (1½%) of the member's final average salary multiplied by the number of years of participating service entitled to credit as provided in Section [13] 913 of this [Act] TITLE, EXCEPT THAT IT SHALL NOT BE LESS THAN THE MINIMUM AMOUNT FOR PRIOR SERVICE.

(2) Any member who shall retire before the normal retirement date shall receive an annual retirement benefit equal to the actuarial equivalent of but not exceeding the benefit payable had the member retired on the normal retirement date but based upon the member's final average salary and years of participating and prior service to date of actual retirement.

(3) Upon death of a retirant, there shall be paid to his beneficiary an amount equal to the excess, if any, of his accumulated contributions over the sum of all retirement benefit payments made.

(4) Such annual retirement benefits shall be paid in equal monthly installments, except that the board may provide for the payment of retirement benefits which total less than Two Hundred Forty Dollars (\$240.00) a year on other than a monthly basis.

(5) In the event that an application in such form as may be prescribed by the board for any amount due under the provisions of this act is not filed with the office of the retirement system by the person entitled to same within one (1)

year of the date such amount became due and payable, an amount equal to same shall be transferred to the retirement benefit accumulation reserve and such amount shall no longer be due and payable; however, if any such person shall present evidence satisfactory to the board that his failure to file such application within said time period was due to lack of knowledge or incapacity on his part, the amount equal to the amount originally due shall be transferred from the retirement benefit accumulation reserve to the reserve or reserves from which such transfer was initially made and the amount originally due shall be paid to such person.

B. A MEMBER SHALL BE CONSIDERED DISABLED IF SUCH MEMBER QUALIFIES FOR THE PAYMENT OF SOCIAL SECURITY DISABILITY BENEFITS, AND SHALL BE ELIGIBLE FOR BENEFITS HEREUNDER UPON PROOF OF SUCH DISABILITY AND AFTER COMPLETION OF AT LEAST TEN (10) YEARS OF PARTICIPATING SERVICE OR COMBINED PRIOR AND PARTICIPATING SERVICE. BENEFITS SHALL BE BASED UPON LENGTH OF SERVICE AND COMPENSATION AS OF THE DATE OF DISABILITY, WITHOUT ACTUARIAL REDUCTION BECAUSE OF COMMENCEMENT PRIOR TO AGE SIXTY-FIVE (65), BUT ANY SUCH BENEFIT SHALL BE REDUCED BY AN AMOUNT EQUAL TO ANY AMOUNT RECEIVED BY THE MEMBER BY REASON OF WORKMEN'S COMPENSATION DISABILITY BENEFITS. NO OPTIONAL FORMS OF BENEFIT PAYMENTS SHALL BE ALLOWED. BENEFIT PAYMENTS SHALL CEASE UPON THE MEMBER'S RECOVERY FROM DISABILITY PRIOR TO AGE SIXTY-FIVE (65). FUTURE BENEFITS, IF ANY, SHALL BE PAID BASED UPON LENGTH OF SERVICE AND COMPENSATION AS OF THE DATE OF DISABILITY. IN THE EVENT THAT DISABILITY CEASES AND THE MEMBER RETURNS TO EMPLOYMENT WITHIN

THE SYSTEM CREDITED SERVICE TO THE DATE OF DISABILITY SHALL BE RESTORED, AND FUTURE BENEFITS SHALL BE DETERMINED ACCORDINGLY.

SECTION 7. Section 19, Chapter 50, O. S. L. 1963, as last amended by Section 7, Chapter 349, O. S. L. 1969 (74 O. S. Supp. 1969, § 919), is amended to read as follows:

§ 919. (1) Each participating employer, beginning with the first monthly payroll for service performed after the entry date, shall deduct from the compensation of each member [three percent (3%) of the first Three Hundred Seventy-five Dollars (\$375.00) of his compensation each month and four percent (4%) of his monthly compensation in excess of Three hundred Seventy five Dollars (\$375.00) but not exceeding Six Hundred Fifty Dollars (\$650.00)] FOUR PERCENT (4%) OF THE FIRST ONE THOUSAND DOLLARS (\$1,000.00) OF HIS COMPENSATION EACH MONTH; provided, that additional sums may be deducted upon the authorization for payroll deduction by individual members for such other benefits as the board is authorized herein to administer. Such deductions shall be remitted quarterly, or as the board may otherwise provide, to the executive director for deposit in the Oklahoma Public Employees Retirement Fund. Such deductions shall be credited to the members' individual accounts.

(2) EACH ELECTED STATE OFFICIAL SERVING AFTER JANUARY 1, 1964, AS AN ELECTED STATE OFFICIAL AND HAVING COMPLETED SIX (6) YEARS OR MORE OF CREDITED SERVICE AS AN ELECTED STATE OFFICIAL, WHO ELECTS TO BECOME A MEMBER OF THE OKLAHOMA PUBLIC EMPLOYEES RETIREMENT SYSTEM, SHALL BE DETERMINED TO HAVE CONTRIBUTED SUFFICIENT CONTRIBUTIONS TO SAID RETIREMENT SYSTEM TO RECEIVE THE RE-

TIREMENT BENEFITS PROVIDED IN SECTION 913(1)(D) OF THIS TITLE BY CONTRIBUTING FOUR AND ONE-HALF PERCENT (4½%) OF HIS ANNUAL COMPENSATION UP TO BUT NOT EXCEEDING TWELVE THOUSAND DOLLARS (\$12,000.00) PAID TO SAID ELECTED STATE OFFICIAL BEGINNING JULY 1, 1970, OR ANY ELECTED STATE OFFICIAL SERVING AFTER JULY 1, 1970, MAY ELECT TO CONTRIBUTE SIX PERCENT (6%) OF HIS ANNUAL COMPENSATION UP TO BUT NOT EXCEEDING TWELVE THOUSAND DOLLARS (\$12,000.00) PAID TO SAID ELECTED STATE OFFICIAL BEGINNING JULY 1, 1970, AND THEREAFTER AS LONG AS THE ELECTED STATE OFFICIAL is a member of the retirement system.

(3) Any elected state official who was not a participating member after February 1, 1965, shall pay Five Hundred Three Dollars and eighty-four cents (\$503.84) per year for each year of prior service not later than July 1, 1970, to be eligible to receive the retirement benefits provided in Section 913(1)(d) of this title.

SECTION 8. Section 20, Chapter 50, O. S. L. 1963, as amended by Section 8, Chapter 432, O. S. L. 1965 (74 O. S. Supp. 1969, § 920), is amended to read as follows:

§ 920. (1) Upon the basis of each annual actuarial valuation and appraisal as provided for in this act, the board shall certify, on or before July 15 of each year, to the Division of Budget in the case of the state and to the agent for each participating employer an actuarially determined estimate of the rate of contribution which will be required, together with all accumulated contributions and other assets of the system, to be paid by each such participating employer to pay all liabilities which shall exist or accrue under the system, including amortization of the past service cost over a

period of not to exceed forty (40) years from the entry date and the cost of administration of the system, as determined by the board, upon recommendation of the actuary.

(2) The Division of the Budget and the Governor shall include in the budget and in the budget request for appropriations the sum required to satisfy the state's obligation under this act as certified by the board and shall present the same to the legislature for allowance and appropriation.

(3) Each other participating employer shall appropriate and pay to the system a sum sufficient to satisfy the obligation under this act as certified by the board.

(4) Each participating employer is hereby authorized to pay the employer's contribution from the same fund that the compensation for which said contribution is made is paid from or from any other funds available to it for such purpose.

(5) The rate of contribution certified to a participating employer as provided in this section shall apply during the first fiscal year of the participating employer which begins in the calendar year immediately following such certification; provided, that the rate of contribution during the period from January 1, 1964, to the fiscal year beginning in 1965 shall be equal to three percent (3%) of the amount of compensation on which the members contributed during the period.

(6) The board with the advice of the actuary may fix the contribution rates for participating employers joining the system after one year from the first entry date or for employers who exercise the option contained in [Section 12 of this act] SECTION 912 OF THIS TITLE, at rates different from the rate fixed for employers joining within one year of the first entry date. PROVIDED HOWEVER, THE EMPLOYER CONTRIBUTIONS FOR THE STATE OF OKLAHOMA OR ANY DEPARTMENT OR AGENCY THEREOF FOR THE FISCAL YEAR

BEGINNING JULY 1, 1970 SHALL BE SIX PERCENT (6%) OF THE ANNUAL COMPENSATION AS PROVIDED IN THIS ACT AND THEREAFTER AS MAY BE DETERMINED BY THE BOARD OF TRUSTEES OF THE OKLAHOMA PUBLIC EMPLOYEES RETIREMENT SYSTEM.

(7) Employer contributions shall in no way be limited by any other act which now or in the future establishes or limits the compensation of any member.

SECTION 9. The provisions of this act shall not operate either to enlarge or to diminish any rights any Justice or Judge may now have under the provisions of the Public Retirement System.

SECTION 10. The provisions of this act are severable and if any part or provision hereof shall be held void the decision of the court so holding shall not affect or impair any of the remaining parts or provisions of this act.

An Act relating to prepaid funeral services and funeral merchandise; requiring permits of sellers; *** providing this act shall not affect insurance code; providing severability; and declaring an emergency, beg leave to report that we have had the same under consideration and herewith return the same with the recommendation that the conference committee substitute be adopted:

CCS for HB 1752—By Smith (Norman) of the House and Grantham of the Senate—An Act relating to prepaid funeral services and merchandise; requiring permits of sellers; providing exemptions; placing certain powers and duties upon the Insurance Commissioner; providing for permit applications and fees; providing for deposit in trust funds of certain funds received from sales and withdrawal therefrom; granting such funds certain exemptions and requiring fidelity bond; requiring merchandise price display; requiring reports and records; requiring examination fees; making violations misdemeanors and prescribing penalties; prohibiting certain acts concerning insurance policies; providing for fund in State Treasury; making this act inapplicable to certain advertising; providing this act shall not affect insurance code; providing severability; and declaring an emergency.

Be it enacted by the people of the State of Oklahoma:

SECTION 1. Any individual, firm, partnership, corporation, or association (hereinafter called "organization") which shall accept money or anything of value for prearranged, or prepaid funeral services, or funeral merchandise (including caskets, grave vaults, and all other articles of merchandise incidental to funeral services) or

for any contract providing future funeral services or funeral merchandise at a fixed price or at a cost plus a percentage, or at retail price less a percentage discount, or providing for any special consideration of any kind to be granted or made available to the purchaser or holder of such contract, in this state, under any sales contract, bond, certificate or other form of written document providing for prepaid, discontinued or otherwise specially priced funeral or burial benefits or services or funeral merchandise to be delivered at an undetermined future date dependent upon the death of a contracting party or other person designated by a contracting party (hereinafter called "prepaid funeral benefits") shall first obtain a permit from the Insurance Commissioner of the State of Oklahoma authorizing the transaction of this type of business before entering into any such contract. From and after thirty (30) days from the effective date of this act, it shall be unlawful to sell prepaid funeral benefits unless the seller holds a valid, current permit at the time such contract is made. The seller shall not be entitled to enforce a contract made in violation of the act, but the purchaser or his heirs, or legal representative, shall be entitled to recover triple the amounts paid to the seller with interest thereon at the rate of six percent (6%) per annum under any contract made in violation hereof.

SECTION 2. Nothing in this act shall apply to religious or benevolent organizations, operating in this state as a burial association; or to the sale of grave spaces, mausoleum spaces, markers and monuments only.

SECTION 3. This act shall be administered by the Insurance Commissioner of the State of Oklahoma. The Insurance Commissioner is authorized to prescribe reasonable rules and regulations concerning keeping and inspection of records, the filing of contracts and reports, and all other matters incidental to the orderly administration of this law; and the Insurance Commissioner of the State of Oklahoma

shall first approve all forms for sale contracts for prepaid funeral benefits. All such contracts must be in writing and no contract form shall be used without first being approved by the Insurance Commissioner. On any prepaid funeral when the person dies and his funeral is performed, and the money is drawn down, any person receiving such monies so drawn down shall send to the State Insurance Commissioner their itemized statement of charges.

SECTION 4. Each person desiring to accept money or anything of value for prepaid funeral benefits or an agreement to provide funeral benefits in the future at a fixed or predetermined cost, shall file an application for a permit with the Insurance Commissioner, and shall at the time of filing such application pay one initial filing fee of Twenty-five Dollars (\$25.00). The Insurance Commissioner shall issue a permit upon the receipt of the application and payment of the filing fee, and upon making a finding that the applicant has complied with the rules and regulations as may be established under this act by the Insurance Commissioner. Provided that all such applications shall be signed by the organization requesting the permit, and shall contain a statement that the applicant will comply with all the requirements as established by this act. All permits shall expire on the 31st day of December of the year said permit is first issued, unless renewed; permits may be renewed for a period not to exceed the succeeding December 31 upon the payment of a renewal fee of Ten Dollars (\$10.00).

The Insurance Commissioner may cancel a permit or refuse to issue a permit or refuse to issue a renewal of such permit for failure to comply with any provision of this act, or any valid rule or regulation, which the Insurance Commissioner has prescribed, after reasonable notice to the permittee and after hearing if the permittee requests a hearing.

No organization shall be entitled to a new permit for a period of one (1) year after cancellation, or refusal by the Insur-

ance Commissioner to renew his permit but shall thereafter be entitled to a new permit upon satisfactory proof of compliance with this law, after the expiration of said one (1) year.

Any person or organization aggrieved by the actions of the Insurance Commissioner may appeal therefrom as provided by the Administrative Procedures Act.

SECTION 5. After the effective date of this act, ninety percent (90%) of all funds collected under contracts for prepaid funeral benefits, shall be placed in a state or national bank, or building and loan association in this state, and so deposited not less than ten (10) days after the collection of such funds, to be held in a trust fund in this state for the use, benefit and protection of purchasers of such contracts. Any withdrawals from such trust funds shall be accompanied by a certified copy of the death certificate, together with all proper affidavits as may be required by the Insurance Commissioner, before such funds shall be released in fulfillment of the contract; provided, under such regulations as the Insurance Commissioner may establish, the person purchasing the contract may withdraw all funds he has paid under the contract plus any interest accrued thereon. In no event shall more funds be withdrawn from the trust account than are originally placed into the fund under any one contract, other than through the payment of accrued interest thereon. All funds deposited in trust pursuant to the items of this act shall be exempt from attachment, garnishment, execution, and the claims of creditors, receivers, or trustees in bankruptcy until such time as the funds have been withdrawn from the trust account and paid to the seller or refunded to the purchaser; provided that each organization subject to this act must furnish a fidelity bond, to be approved by the Insurance Commissioner of the State of Oklahoma, in an amount of at least fifteen percent (15%) of all funds collected for prepaid funeral benefits.

SECTION 6. Each organization subject

to the act shall designate an agent or agents, either by names of the individuals or by titles of their offices or positions, who shall be responsible for deposits of funds collected under contract for prepaid funeral benefits. The organization shall notify the Insurance Commissioner of such designation within ten (10) days after it becomes subject to this act, and shall also notify the Insurance Commissioner of any changes in such designation within ten (10) days after such change occurs. If any person acting on behalf of the seller collects any money under such a contract and fails to deliver it within ten (10) days after collection to a designated agent, or if any designated agent fails to deposit the money within ten (10) days after he receives it, he shall be guilty of a misdemeanor and shall be punished as prescribed in Section 10 of this act.

SECTION 7. Any organization or person when offering caskets as other articles of merchandise incidental to burial or funeral services shall prominently display thereon the retail price thereof and such price shall not be removed therefrom or changed until said merchandise is sold.

SECTION 8. Each organization shall file an annual report with the Insurance Commissioner on or before October 1 of each year in such form as the Insurance Commissioner may require, showing the names and addresses of all persons with whom contracts for prepaid funeral benefits have been made prior to September 1 of that year which had not been fully discharged on September 1 and, also showing the date of the contract, the name of the bank or building and loan association holding the trust fund and the amount of the trust fund under each contract on the preceding September 1. Any organization which has discontinued the sale of prepaid funeral benefits, but which still has outstanding contracts, shall not be required to obtain a renewal of its permit, but it shall continue to make annual reports to the Insurance Commissioner until all such contracts have been fully discharged, in which case a fil-

ing fee of Ten Dollars (\$10.00) shall accompany each report. If any officer or any organization fails or refuses to file an annual report, or to cause it to be filed within thirty (30) days after he has been notified by the Insurance Commissioner that the report is due and has not been received, he shall be guilty of a misdemeanor and shall be punished as prescribed in Section 10 of this act.

SECTION 9. Each organization which has outstanding contracts for prepaid funeral benefits shall maintain within this state such records as the Insurance Commissioner may require to enable him to determine whether the organization is complying with the provisions of this act. Such records shall be subject to examination by this State Insurance Commissioner, or his agent, or such person as he may designate, as often as he deems advisable, and not less frequently than every three (3) years, provided, however, the Commissioner shall determine the date of original examination without regard to the date of the original permit. Each permittee examined shall pay a fee for each examination not to exceed Twenty-five Dollars (\$25.00) per day or a fraction thereof that any examiner is absent from other duties that he would otherwise have performed, except for the examination herein required, for the purpose of making such examination, and in addition thereto, shall pay the actual meals, hotel and traveling expenses of each authorized examiner from Oklahoma City and return.

SECTION 10. Any officer, director, agent, or employee of any organization subject to the terms of this act who makes, or attempts to make, any contract in violation of this act, or who refuses to allow an inspection of the organization's records, or who violates any other provision of this act, shall be punished by a fine of not less than One Hundred Dollars (\$100.00) and not more than Five Hundred Dollars (\$500.00) or by imprisonment in the county jail for not less than one (1) month and not more than six (6) months, or by both such fine and imprisonment. Each violation of any

provision of this act shall be deemed a separate offense and prosecuted individually.

SECTION 2. Section 1203, Chapter 415, O. S. L. 1968 (69 O. S. Supp. 1969, § 1203), is amended to read as follows:

§ 1203. (a) The Department shall have authority to acquire in fee simple in the name of the State of Oklahoma, by purchase, donation, or condemnation, lands or such interests therein as in its discretion may be necessary for the purpose of establishing, constructing and maintaining state highways or relocations thereof, and facilities necessary or incident thereto, including borrow areas, channel changes, and deposits of rock, gravel, sand and other road building material for use in highway construction and maintenance. Such acquisition may be for immediate or future use. The Department may acquire reasonable amounts of land adjacent to its normal right-of-way for the purpose of screening unsightly areas adjacent to highways, landscaping safety rest areas and scenic overlook areas.

(b) In determining the amount of land required, or width of right-of-way necessary for such state highways, the Department shall take into consideration the present and probable future needs in connection with maintaining and reconstructing the highways and the prevention of traffic congestion and hazards.

(c) Except in instances where there

are nonresident owners, unknown heirs, imperfect titles, and owners whose whereabouts cannot be ascertained with reasonable diligence, the Department shall give the owner an opportunity to sell the necessary lands or interests therein to the State of Oklahoma before resort to condemnation may be had. The Department may condemn such lands or interests therein in the following manner:

The district judge of the county in which the real property may be situated, upon petition of either party, and after ten (10) days notice to the opposite party, either by personal service or by leaving a copy thereof at his usual place of residence with some member of his family over fifteen (15) years of age, or in the case of nonresidents, unknown heirs, or other persons whose whereabouts cannot be ascertained, by publication in two (2) issues of a weekly newspaper in general circulation in the county (the ten-day period to begin with the first publication), shall direct the Sheriff of the county to summons three (3) disinterested freeholders, to be selected by the judge from the regular jury list of names as commissioners, and who shall not be interested in a like question. The commissioners shall be sworn to perform their duties impartially and justly; and they shall inspect the real property and consider the injury which the owner may sustain by reason of the condemnation, and they shall assess the damages which the owner will sustain by such appropriation of his land irrespective of any benefits from any improvements proposed, provided that speculative or special values arising from the proposed improvements may not be considered; and they shall forthwith make a report in writing to the Clerk of the Court, setting forth the quantity, boundaries and value of the property taken, and amount of injury done to the property, either directly or indirectly, which they assess to the owner, which report must be filed and

recorded by the clerk. A certified copy of the report may be transmitted to the county clerk of the county where the land lies, to be by him filed and recorded (without further acknowledgement or proof) in the same manner and with like force and effect as is provided for the recording of deeds. The procedure for service by publication as authorized herein shall be the same as provided by law for service by publication in civil actions, except summons need not be issued and served, and except as otherwise provided herein.

(d) Immediately upon payment to the clerk of the court for the use of the owner the sum so assessed and reported to him as aforesaid, the Department shall thereby be authorized to enter upon the condemned premises, and remove and dispose of any obstructions thereon, by sale or otherwise. If the land owner shall refuse to deliver up possession to the Department, the court shall issue an order to the sheriff of the county to place the Department in possession thereof.

(e) (1) The report of commissioners may be reviewed by the district court, on written exceptions filed by either party in the clerk's office within thirty (30) days after the filing of such report, and the court, after hearing had, shall make such order therein as right and justice may require, either by confirmation, rejection, or by ordering a new appraisal on good cause shown. Provided, that in the event a new appraisal is ordered, the Department shall have the continuing right of possession obtained under the first appraisal, unless and until its right to condemn has finally been determined otherwise; or either party may within sixty (60) days after the filing of such report file with the clerk a written demand for a trial by jury, in which case the amount of damages shall be assessed by a jury, and the trial shall be conducted and judgment entered in the same manner as civil actions in the district

court. If the party demanding such trial does not recover a verdict more favorable to him than the assessment of the commissioners, all costs in the district court shall be taxed against him. No owner upon whom proper service by publication has been had as provided in this Article shall be let in to defend after expiration of time for appeal or review of the report of commissioners as above provided has elapsed. Provided, that if after the filing of exceptions to the report of commissioners as hereinafter provided, the Department shall fail to establish its right to condemn such premises, or any part thereof, the landowner shall be restored to possession of the premises, or part thereof, and the Department shall pay him for any damages sustained through the occupation by the Department, and if such damages cannot be determined by amicable settlement they shall be determined by jury trial in the same proceedings.

(2) WITHIN TEN (10) DAYS AFTER THE REPORT OF COMMISSIONERS IS FILED, THE COURT CLERK SHALL FORWARD TO THE ATTORNEY OF RECORD FOR THE CONDEMNOR, THE ATTORNEY OF RECORD FOR EACH CONDEMNEE, AND TO ALL UNREPRESENTED CONDEMNES, A COPY OF THE COMMISSIONERS' REPORT AND A NOTICE, STATING THE TIME LIMITS FOR FILING AN EXCEPTION OR DEMAND FOR JURY TRIAL AS SPECIFIED IN PARAGRAPH (A) OF SECTION 1 HEREOF. THIS NOTICE SHALL BE ON A FORM PREPARED BY THE COURT ADMINISTRATOR, WHICH SHALL BE APPROVED BY THE SUPREME COURT, AND SHALL BE DISTRIBUTED TO ALL CLERKS OF THE DISTRICT COURT BY SAID COURT ADMINISTRATOR. IF A PARTY HAS BEEN SERVED BY PUBLICATION, THE CLERK SHALL FORWARD A COPY OF THE REPORT OF COMMISSIONERS AND NOTICE OF TIME

LIMITS FOR FILING AN EXCEPTION OR DEMAND FOR JURY TRIAL TO THE LAST KNOWN MAILING ADDRESS, IF ANY, AND SHALL CAUSE A COPY OF THE NOTICE OF TIME LIMITS TO BE PUBLISHED IN ONE (1) ISSUE OF A NEWSPAPER QUALIFIED TO PUBLISH LEGAL NOTICES, AS DEFINED IN 25 O. S. SUPP. 1969, § 106. AFTER ISSUING THE NOTICES PROVIDED HEREIN THE COURT CLERK SHALL ENDORSE ON THE NOTICE FORM FILED IN THE CASE, THE DATE AND THAT A COPY OF THE REPORT TOGETHER WITH THE NOTICE WAS MAILED TO EACH PARTY OR HIS ATTORNEY OF RECORD, OR THE DATE THE NOTICE WAS PUBLISHED IN COMPLIANCE WITH THE PROVISIONS HEREOF.

(3) THE TIME LIMITS FOR FILING AN EXCEPTION AND DEMAND FOR JURY TRIAL, AS PRESCRIBED IN PARAGRAPH (A) OF SECTION 1 HEREOF, SHALL BE CALCULATED FROM THE DATE THE REPORT OF THE COMMISSIONERS IS FILED IN THE CASE. ON FAILURE OF THE COURT CLERK TO GIVE NOTICE WITHIN THE TIME PRESCRIBED IN PARAGRAPH (B) OF SECTION 1 HEREOF, THE COURT, ON APPLICATION OF ANY PARTY, MAY EXTEND THE TIME FOR FILING AN EXCEPTION TO THE REPORT, OR A DEMAND FOR TRIAL BY JURY FOR A PERIOD NOT TO EXCEED TWENTY (20) DAYS FROM THE DATE THE APPLICATION IS HEARD.

(f) Either party aggrieved may appeal to the Supreme Court from the decision of the district court on exceptions to the report of commissioners, or jury trial; but such review or appeal shall not delay the prosecution of the work on such highway over the premises in question if the award of commissioners, or jury, as the case may be, has been deposited with the clerk for such owner, and in no case shall the Department be

liable for the costs on such review or appeal unless the owner of the real property shall be adjudged entitled, upon either review or appeal, to a greater amount of damages than was awarded by the commissioners. The Department shall in all cases pay the costs and expenses of the first assessment, including the cost of the commissioners' fees and expenses, for their services, as determined and ordered paid by the judge of the district court in which such case is pending. And in case of review or appeal, a certified copy of the final order or judgment shall be transmitted by the clerk of the court, duly certified, to the proper county clerk, to be by him filed and recorded as hereinabove provided for the recording of the report, and with like effect.

(g) When an estate is being probated, or a minor or incompetent person has a legal guardian, the administrator or executor of the estate, or guardian of the minor or incompetent person, shall have the authority to execute all instruments of conveyance provided for in this Article on behalf of the estate, minor or incompetent person without other proceedings than approval by the judge of the county court endorsed on the instrument of conveyance.

SECTION 3. This act shall become effective January 1, 1971.

SECTION 4. It being immediately necessary for the preservation of the public peace, health and safety, an emergency is hereby declared to exist, by reason whereof this act shall take effect and be in full force from and after its passage and approval.
