“SECTION 2. AMENDATORY Section 1, Chapter 287, O.S.L. 2005 (68 O.S. Supp. 2006, Section 2357.67), is amended to read as follows:

Section 2357.67. A. For tax years beginning after December 31, 2004, and before January 1, ~~2012~~ 2013, there shall be allowed a credit against the tax imposed by Section 2355 of Title 68 of the Oklahoma Statutes for any biodiesel facility which is in production at the rate of at least twenty-five percent (25%) of its name plate design capacity for the production of biodiesel, on or before December 31, ~~2007~~ 2008. The completion of the construction of such facilities must be after the date of this act. The credit shall be in the amount of twenty cents (\$0.20) per gallon of biodiesel produced and shall be allowed for sixty (60) months beginning with the first month for which the facility is eligible to receive such credit and ending not later than December 31, ~~2011~~ 2012. The credit may only be claimed if the biodiesel facility maintains an average production rate of at least twenty-five percent (25%) of its name plate design capacity for at least six (6) months after the first month for which it is eligible to receive such credit.

B. As used in this section:

1. “Biodiesel facility” means a plant or facility located within the State of Oklahoma and primarily engaged in the production of biodiesel derived from animal fats, grain components, coproducts, or byproducts; and

2. “Name plate design capacity” means the original designed capacity of a biodiesel facility. Capacity may be specified as gallons of biodiesel produced per year.

C. Any biodiesel facility eligible for a tax credit under subsection A of this section shall also receive a credit against the tax imposed by Section 2355 of Title 68 of the Oklahoma Statutes in the amount of twenty cents (\$0.20) per gallon of biodiesel produced in excess of the original name plate design capacity which results from expansion of the facility completed on or after the effective date of this act and before December 31, ~~2007~~ 2008. Such tax credit shall be allowed for sixty (60) months beginning with the first month for which production from the expanded facility is eligible to receive such tax credit and ending not later than December 31, ~~2011~~ 2012.

D. 1. Beginning January 1, ~~2012~~ 2013, a biodiesel facility shall receive a credit against the tax imposed by Section 2355 of Title 68 of the Oklahoma Statutes in the amount of seven and one-half cents (\$0.075) per gallon of biodiesel, for new production for a period not to exceed thirty-six (36) consecutive months.

2. For purposes of this subsection, “new production” means production which results from a new facility, a facility which has not received credits prior to January 1, ~~2012~~ 2013, or the expansion of the capacity of an existing facility by at least two million (2,000,000) gallons first placed into service after January 1, ~~2012~~ 2013, as certified by the design engineer of the facility to the Oklahoma Tax Commission.

3. For expansion of the capacity of an existing facility, “new production” means annual production in excess of twelve times the monthly average of the highest three (3) months of biodiesel production at a biodiesel facility during the twenty-four-month period immediately preceding certification of the facility by the design engineer.

4. No credits shall be allowed under this subsection for expansion of the capacity of an existing facility until production is in excess of twelve times the three-month average amount determined under this subsection during any twelve-consecutive-month period beginning no sooner than January 1, ~~2012~~ 2013.

5. The amount of a credit granted pursuant to this section based on new production shall be approved by the Tax Commission based on such biodiesel production records as may be necessary to reasonably determine the level of new production.

E. 1. The credits described in this section shall be given only for biodiesel produced at a plant in this state at which all biodiesel esterification takes place.

2. Not more than twenty-five million (25,000,000) gallons of biodiesel produced annually at a biodiesel facility shall be eligible for the credits in subsections A and C of this section, and the credits may only be claimed by a producer for the periods specified in subsections A and C of this section.

3. Not more than ten million (10,000,000) gallons of biodiesel produced during any twelve-consecutive-month period at a biodiesel facility shall be eligible for the credit described in subsection D of this section, and the credit may only be claimed by a producer for the periods specified in subsection D of this section.

4. Not more than one hundred twenty-five million (125,000,000) gallons of biodiesel produced at a biodiesel facility by the end of the sixty-month period set forth in subsection A or C of this section shall be eligible for the credit under such subsection. A biodiesel facility which receives a credit for biodiesel produced under subsection A or C of this section shall not receive a credit under subsection D of this section until its eligibility to receive a credit under subsection A or C of this section has been completed.

F. The Tax Commission shall prescribe an application form and promulgate rules for claiming credits under this section.

G. For purposes of ascertaining the correctness of any application for claiming a credit provided in this section, the Tax Commission may examine or cause to have examined, by any agent or representative designated for that purpose, any books, papers, records, or memoranda bearing upon such matters.”, and by renumbering subsequent section, which amendment was declared adopted.

MESSAGE FROM THE GOVERNOR

Advising his approval April 18, 2007, of Enrolled **SBs 109, 140, 158, 558 and 709**, and veto of **SB 714.**

The veto message reads as follows:

April 18, 2007

To the Honorable President Pro Tempore
and Members of the Oklahoma Senate
First Session, Fifty-first Oklahoma Legislature

ENROLLED SB 714

This is to advise you that on this date, pursuant to the authority vested in me by Section 11 of Article VI of the Oklahoma Constitution to approve or object to legislation presented to me, I have VETOED Senate Bill 714. First and foremost, the measure is flawed in that it does not include exemptions for cases of incest and rape. That means many victims of rape or incest would have no option but to carry a fetus to term, no matter how horrific and violent the circumstances. In addition, I share the concerns of a majority of medical experts in that this bill would severely compromise healthcare in our state by placing undue restrictions on the sacred relationship between doctor and patient. Under this measure, a woman may have no option but to carry to term a fetus with a fatal birth defect. There are a number of fatal birth defects in which there is no chance of survival, and yet, SB 714 would add to a family's suffering and medical expenses by forcing a woman to carry that fetus to term. Although designed to simply prohibit taxpayer-funded abortions, in reality the bill reaches much further, impacting most community hospitals in the state and severely compromising our quality of medical care. Furthermore, because of its flaws, it is highly questionable whether this legislation could withstand legal challenges. For instance, the bill disproportionately impacts health care options for poor women and families. For these reasons, I have vetoed Senate Bill 714.

By the Governor of the State of Oklahoma
/s/ Brad Henry

Pursuant to the Laughlin motion, the Senate adjourned at 11:35 a.m. to meet Thursday, April 19, 2007, at 9:30 a.m.
