

FY 2027 Budget Performance Review						
Version	Revision 02	Date submitted	11/12/2025			
Lead Administrator:	Annie Mack Vest	Lead Financial Officer:	Brianna Thomas			
Agency Mission						
The Oklahoma Department of Emergency Management prepares for, responds to, recovers from and mitigates disasters and emergencies.						
Division and Program Descriptions						
Note: Please define any acronyms used in program descriptions.						
10- Administration						
Agency administration including the Executive Director, COO, Sr. Advisor, and Public Affairs						
20- Finance and Non-Disaster Grants						
Finance administers agency financial operations including drawing down federal funds, initiating payments, invoice processing and federal financial reporting. The non-disaster grants program administers the Emergency Management Performance Grant (EMPG) and the ARPA SLFRF Grant Program as well as an agency-wide compliance program.						
30- Operations						
The Operations Division consists of the Preparedness and Response Director and staff. The division is responsible for developing and implementing the State Emergency Operations Plan, leads activations of the State Emergency Operations Center, supports local governments in planning, training and exercising for emergency and disaster scenarios. The division leads the damage assessment process that ultimately results in Presidential disaster declarations.						
40- Recovery						
Division 40 includes Public Assistance, Resilience and Individual Assistance. All departments manage grants that are awarded due to federally declared disasters or that are awarded to assist in reducing or eliminating long-term risks to people and property from future disaster. The agency is currently administering over \$800,000,000 in federal grant funds, the majority of which were awarded by DHS/FEMA. The Individual Assistance program coordinates disaster resources available to individuals in declared disaster areas. The Resilience program administers FEMA's Hazard Mitigation Grant Program, Building Resilient Infrastructure and Communities and Flood Mitigation Assistance. The Public Assistance programs administers FEMA Public Assistance grants that are tied to federally declared disasters.						
50- Special Projects						
This department code is used to pay non-FEMA grant programs, including EMAC and the disaster revolving loan fund.						
60- 911						
Oversees the development and operation of 911 systems within the state and is working to standardize 911 operations statewide						
88- IT						
Each individual division is assigned an 88 IT department code for all IT related purchases.						
FY'26 Budgeted Department Funding By Source						
Dept. #	Department Name	Appropriations	Federal	Revolving	Local ¹	Other ²
1001001	Executive Administration	\$428,553	\$123,822			\$552,375
1001002	Public Affairs	\$42,159	\$299,656			\$341,815

8800601	911 IT		\$404,500			\$404,500
Total		\$948,804	\$149,427,810	\$7,019,343	\$0	\$38,000,000
						\$195,395,957
1. Please describe source of Local funding not included in other categories:						
2. Please describe source(s) and % of total of "Other" funding if applicable for each department: \$7M of other in 4004001 is our 42400 fund, which is the state emergency fund used to pay state share on disaster grant projects. \$30M of other in 5005001 is for the state's revolving fund program to assist affected local jurisdictions in getting funding faster. Will be reimbursed with federal grant dollars. \$1M of this is for our EMAC program						

Balances of Appropriated Funds from Prior Fiscal Years						
3-digit Class Fund #	Class Fund Name	GA Bill # and Section #	Fiscal Year of Original Appropriation	Original Appropriation Amount (\$)	Total Expended Amount as of 8/31/2025 (\$)	Balance as of 8/31/2025 (\$)
194	FY24 Appropriation	HB1004x Section 49	2023	\$1,476,801	\$1,135,174	\$341,627
195	FY25 Appropriation	SB1125 Section 51	2024	\$648,804	\$422,379	\$226,425
Total remaining prior year appropriation balance:						\$568,051

Report appropriations that have existing balances from all prior fiscal years at the 3-digit class fund number (i.e. 194, 195). Do not report carryover class funds separately.
Include appropriations located in disbursing funds. Report PREP, but not ARPA/SRF, appropriations.

What changes did the agency make between FY'25 and FY'26?						
1.) Are there any services no longer provided because of budget cuts?	n/a					
2.) What services are provided at a higher cost to the user?	n/a					
3.) What services are still provided but with a slower response rate?	Due to federal funding delays, some obligations and payments to subrecipients have been delayed.					
4.) Did the agency provide any pay raises that were not legislatively/statutorily required?						

Yes, adjusted agency-wide salaries and positions as part of a reduction in force.

Appropriation Increase Review					
Appropriation Increase Purpose	Appropriation Increases (Additional to Agency Base Appropriation)			Expenditures	
	FY 2024	FY 2025	Total Amount Received FY 2024-2025	Total Expenditure of Increase as of 6/30/2025	If funds have not been spent, please explain why.
No increases received			\$0 \$0 \$0 \$0 \$0 \$0 \$0		
<i>Total:</i>			\$0	\$0	\$0

List appropriation increases that the agency has received in the prior two years. List amounts received in each year. Include PREP, but not ARPA/SRF, appropriations.

1. Please describe source(s) and % of total of "Other" funding for each department: 4004001 - \$7M is 424 state emergency fund which is the state emergency fund used to pay state share on disaster grant projects, required cost shares for individual assistance disaster programs and other response related cost not reimbursed federally. \$30M of other in 5005001 is for the state's revolving fund program to assist affected local jurisdictions in getting funding faster. Will be reimbursed with federal grant dollars. \$1M of this is for our EMAC program

FY'27 Top Five Incremental Appropriated Funding Increase Requests				
Request by Priority	Request Description	Is this a Supplemental Request? (Yes/No)	Timeframe (One-Time or Recurring)	Appropriation Request Increase Amount (\$)
Request 1:	Federal Funding Loss (Payroll and Annual Operating Expenses)		One-Time	\$6,800.00
Request 2:	State Hazard Mitigation Plan		One-Time	\$1,000.00
Request 3:	Public Assistance 12.5% State Share owed through CY2023 - Emergency Fund		One-Time	\$3,819.26
Request 4:	Other Needs Assistance/Temporary Sheltering Assistance 25% State Share		One-Time	\$800.00
Request 5:				
Top Five Request Subtotal:				\$12,419.26
Total Increase above FY'26 Budget (including all requests)				\$9,600.00
Difference between Top Five requests and total requests:				-\$2,819.26

Difference between Top Five requests and total requests:

* Capital requests in the table above should be listed in the next table.

What are the agency's top 2-3 capital or technology (one-time) requests, if applicable?				
Description of requested increase in order of priority		Total Project Cost (\$)	Needed State Funding for Project (\$)	Submitted to LRCPC? (Yes/No)
Priority 1	n/a			
Priority 2				
Priority 2				

Does the agency has any costs associated with the Pathfinder retirement system and federal employees? If so, please describe the impact.

33 ETE staff are on Pathfinder, so these employees must have the disallowed portion funded from appropriation. The total for FY 25 was approx \$280k.

* Include the total number of federally-funded CTC in the Pathfinder system.

How would the agency be affected by receiving the same appropriation for FY '27 as was received in FY '26? (Flat / 0% change)

What follows is a brief description of the anticipated areas of focus for the upcoming fiscal year, a brief description of the anticipated areas of focus for the upcoming fiscal year, and a brief description of the anticipated areas of focus for the upcoming fiscal year.

How would the agency handle a 2% appropriation reduction in FY '22?

With federal funding cuts anticipated over the upcoming fiscal years, a 2% cut could cause impacts to core services and program areas. OEM would attempt to further reduce internal services to accommodate the appropriation reduction.

Federal Government Impact

1.) How much federal money received by the agency is tied to a mandate by the Federal Government?

All federal grants received by OEM have federal guidelines and priorities identified annually, but no mandates that would violate any state laws or executive orders. All federal grants have a match requirement. For most grants, the match is made at the local level by the subrecipient of the award, the match varies anywhere from 10-50%. The Emergency Management Performance Grant (EMPG) funds the majority of the operating cost of our agency, including response costs. This grant has a required 50% cost share match.

2.) Are any of those funds inadequate to pay for the federal mandate?	No, not at this time. However, OEM does not receive an adequate state appropriation to cover the 50% cost share match for EMPG. We use overmatch from subrecipients to cover the 50% cost share.													
3.) What would the consequences be of ending all of the federal funded programs for your agency?														
The agency would cease to operate without a replacement funding source.														

4.) How will your agency be affected by federal budget cuts in the coming fiscal year?	The Emergency Management Performance Grant (EMPG) award has continued to decline year over year, requiring ongoing efforts to implement efficiencies and reduce costs where possible. Further reductions to the EMPG award are anticipated in the upcoming fiscal year, which would directly impact core services and program areas in the absence of alternative funding sources. The FY2025 EMPG award is currently on hold, and it remains uncertain whether the funds will be awarded. Similarly, State Management Cost funds from FEMA are also on hold, with no confirmed timeline for release. Based on recent experiences, federal funding for emergency management activities can no longer be considered guaranteed. As a result, state funding will be necessary in the upcoming fiscal year to sustain agency operations while the federal government determines FEMA's future funding direction. If federal budget cuts to disaster grant programs occur, the number of federal disaster declarations may decrease, and fewer federal dollars would be available to support community recovery efforts following disasters.						
5.) Has the agency requested any additional federal earmarks or increases?							

No

Performance Measure Review****					
Operations		FY 2025	FY 2024	FY 2023	FY 2022
Strengthen statewide disaster readiness and response		NA	NA	NA	NA
Build and maintain the resources, systems, and capabilities required for effective preparedness, response, recovery, and mitigation efforts within Oklahoma and through national Emergency Management Assistance Compact (EMAC) deployments. This priority area emphasizes enhanced coordination to reduce response delays, establish clear pre-deployment triggers, and ensure the efficient mobilization of critical personnel and resources. As part of this effort, Oklahoma will conduct a comprehensive review of its emergency management program against the Emergency Management Accreditation Program (EMAP) standards. Aligning with EMAP will strengthen statewide readiness by identifying and addressing capability gaps, formalizing procedures, and institutionalizing best practices that improve multi-agency coordination, operational readiness, and overall program effectiveness in response to extreme weather events.					
Modernize and strengthen Oklahoma Task Force 1 by assessing equipment needs, replacing outdated equipment, and updating the 2006 OKTF1 Handbook by December 31, 2027					
Recovery		NA	NA	NA	NA
Advance statewide disaster recovery capabilities					
Implement a statewide recovery framework and supporting partnerships that improve coordinated recovery operations, reducing time to initiate recovery efforts after a disaster and increasing readiness to extreme weather events. Currently there are few, if any, disaster recovery plans in Oklahoma. This effort will enhance the state and local governments' abilities to begin recovery efforts quickly after disasters.					
Develop statewide disaster recovery plan by evaluating existing disaster recovery resources across state agencies and identifying roles and responsibilities, gaps, and overlaps by December 31, 2027					
Finance and Non-Disaster Grants		NA	NA	NA	NA
Improve disaster financial and administrative management					
Increase the accuracy and timeliness of disaster-related financial resources, purchasing and financial documentation through enhanced processes, training, and compliance measures. Improved financial efficiency ensures faster allocation of resources to disaster-affected areas, aiding in quicker recovery and reducing financial compliance issues.					
Pre-event procurement and contracting with comprehensive procurement needs assessment completed by December 31, 2027					
Administration		NA	NA	NA	NA
Promote extreme weather resilience and public preparedness					
Increase public awareness and preparedness for extreme weather hazards, measured through campaign reach, local engagement, and public survey data. Greater public engagement will result in a more prepared state, with individuals and families better equipped to handle extreme weather events.					
Develop statewide public outreach campaign related to extreme weather safety w/ 4-8 public posts per month.					
**** All Performance Measures included in OEM's FY2027 budget are new, therefore we do not have metrics from past years					

Revolving Funds (200 Series Funds)			
	FY'23-25 Avg. Revenues	FY'23-25 Avg. Expenditures	June 2025 Balance
20000 - Disaster Relief Matching	\$2,413,066	\$1,912,087	\$4,092,783
Emergency Fund State 12.5% Share (ODOT) Fund Disaster support for activation and EMAC costs not funded from federal sources of funding			
22000 - 911 Management Authority Revolving Fund	\$7,523,904	\$2,690,951	\$21,701,832
Oklahoma 911 Authority Fund supports NexGen 911 expansion and Training. State Statute Title O.5 § 63-2861			
22500 - Disaster Relief Revolving Fund	N/A - Awarded in FY25	\$1,651,631	\$28,348,369
State Assistance Dedicated for Disaster-impacted Local Economies Revolving Fund			
24000 - Emergency Management Assistance Compact and Rescue Out of State Deployments	\$612,511	\$603,212	\$1,027,895
For the direct reimbursement of participating entities deployed through OEM that is consistent with the federal Emergency Management Assistance Compact (EMAC) Guidelines. Oklahoma House Bill 4143			

FY 2026 Current Employee Telework Summary						
List each agency physical location (not division), then report the number of employees associated with that location in the teleworking categories indicated. Use "No specified location" to account for remote employees not associated with a site. Use actual current employees (headcount), not budgeted or actual FTE.			Full-time and Part-time Employees (#)
