Does the agency has any costs associated with the Pathfinder retirement system and federal employees? If so, please describe the impact.

The agency had approximately \$770,000 in Pathfinder costs in FY25. OMMA does not have any federal employees.

* Include the total number of federally funded FTE in the Pathfinder system.

How would the agency be affected by receiving the same appropriation for FY '27 as was received in FY '26? (Flat / 0% change)

Agency operations would not be affected

How would the agency handle a 2% appropriation reduction in FY '27?

OMMA operates within a highly dynamic and evolving regulatory environment, including uncertainty related to potential federal actions, which makes long-term budget forecasting particularly challenging. OMMA requires 100% of its requested budget to effectively carry out its statutory responsibilities. However, if a 2% reduction is imposed, the agency will conduct a comprehensive review of contracts, personnel, and administrative expenditures to identify the most sustainable path forward.

Is the agency seeking any fee increases for FY '27?
