

Oklahoma Senate Committee on Appropriations

2013-14 Performance Report

Oklahoma State Banking Department

AGENCY MISSION STATEMENT:

**Published annually in the Banking Department's  
Annual Report to the Governor  
(most recent copy made available November 1, 2012)**

The mission of the State Banking Department is to allocate human and other resources to implement an effective regulatory program for financial institutions. The Department has been, and will continue to be, an advocate for financial institutions in the implementation of this program. However, our primary focus is to ensure the continuance of safe and sound financial practices in the State's financial institutions. It would follow that the financial services offered by these sound institutions would foster economic growth and meet the public demand for these services in their communities.

LEAD ADMINISTRATOR:

Commissioner Mick Thompson  
Oklahoma State Banking Department  
2900 N Lincoln Blvd  
Oklahoma City, OK 73105  
p. 405-521-2782  
f. 405-522-2993

GOVERNANCE:

**Submitted with FY 2014 Budget Request  
on September 18, 2012**

The Banking Board consists of seven (7) members, including the Commissioner, who are appointed by the Governor with the consent of the Senate. The Commissioner serves as the chairman and only votes in case of a tie. Other than the Commissioner, five members of the Board are active officers of state banks or trust companies, and one may be an officer or director of a national bank. One member shall be a citizen of Oklahoma who is not and has not been an officer or stockholder in any banking institution. The term of each Banking Board member, other than the Commissioner, is six (6) years.

The Credit Union Board consists of five (5) members appointed by the Governor. The Commissioner is a member presiding as Chairman of the State Credit Union Board. One of the other four members is a member of a credit union organized under the laws of this

state, and each of the other three members is an officer in charge of operations or a director of a credit union organized under the laws of this state; however, one of those three may be from a federal credit union. The term of each appointed Credit Union Board member is four (4) years.

Does the Board have any committees or subgroups? No

If so, please provide a detailed listing of the subgroups and their areas of focus.

**GOVERNANCE ACCOUNTABILITY:**

Is there an attendance policy for board members/commissioners? No

If so, is it being followed?

**MODERNIZATION EFFORTS:**

Please provide a listing of all government modernization efforts undertaken by the agency since July 1, 2010. Additionally, please provide any authorizing statutory changes that prompted the modernization efforts and whether those efforts have led to cost savings or additional cost burden.

**Oklahoma State Banking Department  
2010-2012 Transparency and Accountability Initiatives  
Submitted upon request to Secretary Preston Doerflinger  
on January 9, 2013**

The State Banking Department has taken numerous steps during the past two years in support of Governor Fallin's transparency and accountability in state government objectives. Whereas we have an established history of publishing Department information in our Annual Report to the Governor and on our Department's webpage, we have increased public accessibility through implementation of the following projects:

**OK.gov Website**

In 2011, the Banking Department launched a new website developed by OK.gov. Our website provides free access to all of our forms, applications, Banking Board minutes and agendas, Credit Union Board minutes and agendas, Annual Reports to the Governor, and Department newsletters.

**GovDelivery eMail Management System**

To complement our OK.gov website, we contracted with GovDelivery in 2012 to provide accurate and targeted Department information via electronic mail. The GovDelivery system allows interested individuals to sign up to receive State Banking Board and State Credit Union Board meeting notices and agendas, Banking Department Annual Reports, legislative updates, news releases, and newsletters. This access is provided for free and allows the public and the industry to receive timely information without having to make a specific request under the Open Meetings Act or Open Records Act.

Oklahoma State Banking Department

**Assessment Calculators**

In December 2011, the Banking Department made available on its website auto-calculating assessment calculators. This was done primarily to assist our regulated institutions with calculation of their annual assessment fees. However, any person can use the calculators to calculate what institutions pay in assessments based on reported assets. Even though we publish each year in our Annual Report a detailed accounting of the fees deposited into the Banking Department's revolving funds, the calculators provide an open-and-transparent method for the public to verify our accounting.

**Consumer Complaint Process**

Our website provides a guided step-by-step process to assist consumers with filing a complaint. Through this process, a consumer can accurately identify who regulates their institution and either be directed to the appropriate website (if the regulator is not the State Banking Department) or can download, complete, and submit a consumer report detailing the complaint. This process is provided free of charge and on demand. The public may also submit questions by email directly to Department personnel to verify Oklahoma law and how the complaint procedure may assist them.

**Nationwide Mortgage Licensing System**

The State Banking Department joined the Nationwide Mortgage Licensing System (NMLS) in 2012. NMLS is the one-step licensing system of record for non-depository, financial services licensing or registration for participating state agencies. In these jurisdictions, NMLS is the official system for companies and individuals seeking to apply for, amend, renew and surrender licenses managed through NMLS for 58 state or territorial governmental agencies. As stated on its website, the goal of NMLS is "to employ the benefits of local, state-based financial services regulation on a nationwide platform that provides for improved coordination and information sharing among regulators, increased efficiencies for industry, and enhanced consumer protection." Our use of this system allows companies and consumers to access information on Mortgage Loan Originators as well as money transmitters.

**OMES Services**

The Banking Department currently contracts with the Office of Management and Enterprise Services for server support, network/internet connectivity, CORE System, firewall services, VOIP phones and phone service, Electronic Mail service, and PC support. Our use of these systems is made transparent via OpenBooks and Data.ok.gov.

**Solar-Power Covered Parking**

In 2011, covered parking containing solar-power panels was installed at the State Banking Department in an effort to support the Governor's "green" initiatives and to help lower utility costs to the Department. This project was funded at no cost to taxpayers.

**2013 Legislative Request Bill**

If passed, the Banking Department's 2013 request bill will allow consumers to identify 3,000+ money transmitters operating within the state. This free service will be available through our website.

What steps has the agency taken to cut costs and/or eliminate waste? Are there efforts that have been successful which you believe could serve as a model for other state agencies seeking to keep costs minimal?

**CORE MISSION:**

What services are you required to provide which are outside of your core mission? None

Are any services you provide duplicated or replicated by another agency? No

Are there services which are core to your mission which you are unable to perform because of requirements to perform non-core services elsewhere? No

**PRIVATE ALTERNATIVES:**

Are any of the services which are performed by the agency also performed in the private sector in Oklahoma? No

In other states? No

Has the agency been approached by any foundation, for-profit or not-for-profit corporation with efforts to privatize some of the functions of the agency? No
