Eli Pagel is a lifetime Oklahoman spending his childhood in South OKC before moving to Tuttle where he graduated high school in 2003. Eli attended Mid America Christian University for his undergraduate studies and received a Master's in Theology from Southern Nazarene University in 2010. Eli currently lives in Tuttle with his wife, Kendra, and five children, twins Ian and Nolan and 3 foster children ages 5, 3, and 1. Eli currently serves on the Board of Trustees at his alma mater, Mid-America Christian University and is also active in his local church, as the co-director of missions and his community, as a little league coach and volunteer.

Eli is an Oklahoma small business owner at Odyssey Global Solutions LLC based out of Moore, OK. Odyssey Global Solutions focuses on resources that can positively impact our globe through energy savings and energy innovation. These innovations include solar, geothermal HVAC systems, LED lighting retrofits, and also CNG and Electric Vehicle solutions. Odyssey Global Solutions LLC hopes to be the premier provider for solar in Oklahoma further increasing Oklahoma's energy independence and adding to the rich history of Oklahoma grown energy.

Eli is passionate about the adoption of solar in schools because of the positive impacts that it can have on school budgets, energy usage, and education.
